Foreign-Trade Zones Board

[Docket 81-96]

Foreign-Trade Zone 168—Dallas-Fort Worth, Texas; Application for Subzone B&F Systems, Inc. (Distribution of Consumer Products; Assembly of Knives) Dallas, TX

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Dallas/Fort Worth Maquila Trade Development Corporation, grantee of FTZ 168, requesting subzone status for the distribution and processing facility of B&F Systems, Inc. (B&F), located in Dallas, Texas. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on November 6, 1996.

The facility (100,000 sq. ft. on 4 acres; 70 employees) is located at 3920 S. Walton Walker Blvd. in Dallas. It is used to store, test, and distribute a wide range of consumer products, including automotive accessories, briefcases, cameras, cutlery, dinnerware, giftware, jewelry, kitchenware and sporting goods, some of which are sourced from

abroad. It is also used for the final assembly of certain products, such as knives. The products are distributed throughout the U.S. and abroad.

The application also requests authority on behalf of B&F to assemble sports knives and collectors knives under zone procedures, using knife blades sourced from abroad (duty rate range 2.6%-5.4%). The application indicates that the company would admit the foreign knife blades into the subzone in privileged foreign status.

Zone procedures would exempt B&F Systems from Customs duty payments on the foreign products that are reexported. On its domestic sales, it would be able to defer Customs duty payments on foreign-sourced items. The application indicates that zone savings would help improve the international competitiveness of the distribution/processing facility.

In accordance with the Board's regulations, a member of the FTZ staff has been appointed examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 21, 1997. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to February 3, 1997).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce Export Assistance Center, P.O. Box 420069, 2050 N. Stemmons Fwy., Ste 170, Dallas, Texas 75207.

Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce, 14th & Pennsylvania Avenue, N.W. Washington, D.C. 20230.

Dated: November 8, 1996.

John J. Da Ponte, Jr.,

Executive Secretary.

International Trade Administration

[A-588-817]

Electroluminescent High Information Content Flat Panel Displays and Display Glass Therefor From Japan; Termination of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of termination of antidumping duty administrative review.

SUMMARY: On October 18, 1993, the Department of Commerce (the Department) published in the Federal Register (58 FR 53709) the notice of initiation of administrative review of the antidumping duty order on electroluminescent (EL) high information content flat panel displays (FPDs) and display glass therefor from Japan for the period September 1, 1992 through August 31, 1993, pursuant to a request from Planar Systems, Inc. (Planar), an interested party. On August 25, 1994, the Department published in the Federal Register a notice of revocation of the antidumping duty order on EL FPDs from Japan, which also stated that the Department would take no further action with respect to any administrative review of the order (59 FR 43809). On July 31, 1996, the Department published a notice in the Federal Register that rescinded the revocation of the order and reinstated the administrative review of the antidumping duty order on EL FPDs from Japan for the period September 1, 1992 to August 31, 1993. This review has now been terminated as a result of the withdrawal of request for review by Planar Systems, Inc., the interested party that requested the review.

EFFECTIVE DATE: November 19, 1996.

FOR FURTHER INFORMATION CONTACT: Chip Hayes or Richard Rimlinger, at the Office of AD/CVD Enforcement, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

We received a timely request for administrative review of the antidumping duty order on EL FPDs from Japan from Planar pursuant to 19 CFR 353.22(a) concerning subject merchandise produced and/or exported by Sharp Corporation and Sharp Electronics Corporation (Sharp). On

October 18, 1993, the Department published in the Federal Register (58 FR 53709) the notice of initiation of the administrative review for EL FPDs from Japan for the period September 1, 1992 through August 31, 1993. On August 25, 1994, the Department published in the Federal Register a notice of revocation of the antidumping duty order on EL FPDs from Japan pursuant to a mandamus order to enforce judgment issued by the United States Court of International Trade (the CIT) in *Hosiden Corporation v. United States*, 861 F. Supp. 115 (CIT August 12, 1994) (see Electroluminescent High Information Content Flat Panel Displays and Display Glass Therefor from Japan, Amendment of Notice of Court Decision and Revocation of Antidumping Duty Order, 59 FR 43809). On July 31, 1996, the Department published a notice in the Federal Register that rescinded the revocation of the antidumping duty order and reinstated the administrative review of the order on EL FPDs from Japan for the period September 1, 1992 to August 31, 1993, pursuant to a May 31, 1996 decision by the United States Court of Appeals for the Federal Circuit that held that the mandamus order was contrary to law and, thus, vacated the CIT's mandamus order (see *Hosiden Corp., et al. v. United States*, Appeal No. 95-1027 (Fed. Cir. May 31, 1996)).

Termination of Review

On September 30, 1996, Planar, the sole interested party that requested the review, filed with the Department a withdrawal of its request for review pursuant to 19 CFR 353.22(a)(5). Section 353.22(a)(5) of the Department's regulations provides that the Department may permit a party that requests a review to withdraw its request not later than 90 days after the date of publication of the notice of initiation of the review. This regulation also permits the Department to extend the time limit for withdrawal of a request for review if it is reasonable to do so.

In this case, the administrative review has not substantially progressed due to the CIT's mandamus order (now vacated) that the Department take no further action with respect to any administrative review of the order on EL FPDs from Japan. Because of the unusual circumstances surrounding this case and because there is no undue burden on the parties or the Department, the Department has determined that it is reasonable to grant the withdrawal request by Planar at this time. Therefore, in accordance with § 353.22(a)(5) of our regulations, we

have terminated this administrative review.

The Department will instruct the U.S. Customs Service to liquidate all unliquidated entries of EL FPDs from Japan entered, or withdrawn from warehouse, for consumption between September 1, 1992 and August 31, 1993, at the cash deposit rate in effect at the time of entry.

This notice serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with § 353.34(d) of the Department's regulations. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is published in accordance with section 751 of the Tariff Act of 1930, as amended (19 U.S.C. 1675), and 19 CFR 353.22(a)(5).

Dated: November 4, 1996.

Barbara R. Stafford,

Deputy Assistant Secretary for AD/CVD Enforcement.

BILLING CODE 3510-DS-P

[A-588-815]

Gray Portland Cement and Clinker From Japan: Final Results of Changed Circumstances Antidumping Duty Administrative Review, and Revocation in Part of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of changed circumstances antidumping duty administrative review, and revocation in part of antidumping duty order.

SUMMARY: On August 5, 1996, the Department published a notice of initiation of a changed circumstances antidumping duty administrative review and preliminary results of review with intent to revoke, in part, the antidumping duty order on gray portland cement and clinker from Japan. We are now revoking this order in part, with regard to New Super Fine Cement, based on the fact that domestic parties have expressed no interest in the importation or sale of New Super Fine Cement imported from Japan.

EFFECTIVE DATE: November 19, 1996.

FOR FURTHER INFORMATION CONTACT:

Amy S. Wei or Zev Primor, Office of AD/CVD Enforcement, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-5253.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, as amended by the interim regulations published in the Federal Register on May 11, 1995 (60 FR 25130).

Background

On April 9, 1996, Surecrete, Inc., (Surecrete) requested that the Department conduct a changed circumstances administrative review to determine whether to partially revoke the order with regard to imports of New Super Fine Cement from Japan. The order with regard to imports of other types of gray portland cement and clinker is not affected by this request. In addition, on April 15, 1996, the Ad Hoc Committee of Southern California Producers of Gray Portland Cement (petitioner) informed the Department in writing that it did not object to the changed circumstances review and had no interest in the importation or sale of New Super Fine Cement produced in Japan.

We preliminarily determined that petitioner's affirmative statement of no interest constituted changed circumstances sufficient to warrant a partial revocation of this order. Consequently, on August 5, 1996, the Department published a notice of initiation and preliminary results of changed circumstances antidumping duty administrative review and intent to revoke this order in part (61 FR 40607). We gave interested parties an opportunity to comment on the preliminary results of this changed circumstances review. We received no comments.

Scope of Review

The merchandise covered by this changed circumstances review is New Super Fine Cement from Japan. This changed circumstances administrative review covers all manufacturers/exporters of cement meeting the
