

terminate upon issuance of patent or other document of conveyance to such land, upon publication in the Federal Register of a termination of the segregation, or 270 days from the date of publication, whichever occurs first. The BLM may accept or reject any offer to purchase or withdraw any parcel from sale if the Authorized Officer determines that consummation of the sale would not be fully consistent with FLPMA or another applicable law.

Dated: December 12, 1996.

Gail Acheson,
Field Manager.

BILLING CODE 4310-32-M

[NM-030-1430-01]

Sale of Public Land in Socorro County, NM

AGENCY: Bureau of Land Management (BLM), Interior.

ACTION: Modified notice of realty action.

SUMMARY: This notice withdraws the sale of Parcel No. 1, described in the previous Notice of Realty Action which was published in the Federal Register on October 18, 1996, Volume 61, No. 203, pages 54453 and 54454. The reason for the withdrawal is because of the need to evaluate an application filed under the Recreation and Public Purposes Act to lease the subject land. The sale of all other parcels remains unchanged.

FOR FURTHER INFORMATION CONTACT: Chella Herrera or Jon Hertz, Socorro Resource Area Office, 198 Neel Avenue, NW, Socorro, New Mexico 87801 or call (505) 835-0412.

Dated: December 12, 1996.

Josie Banegas,
Acting District Manager.

[NV-030-97-1220-00; Notice NV-030-97002]

Closure and Land Use Restrictions

AGENCY: Bureau of Land Management, Department of the Interior.

CLOSURE SUMMARY: Notice is given that approximately ten (10) acres of public land and the abandoned man-made structures and features known as American Flat Millsite located upon those lands within Storey County, Nevada, and described as follows are closed to public occupation and off-road vehicle (ORV) use:

Mr. Diablo Meridian, Nevada

T16N R21E Sec. 7, NW $\frac{1}{4}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SW $\frac{1}{4}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$ Millsite features include: Concrete buildings and structures, walls, floors, structural supports, tunnels, adits, wells, ruins and rubble.

This closure affects all public uses at the millsite other than authorized scientific and educational activities, and mining activities conducted under an approved plan of operation. Authorized users must have in their possession, a written permit from BLM signed by the authorized officer. The Closed Area is within the following described Restricted Area.

RESTRICTIONS SUMMARY: Public use activities on one hundred ninety (190) acres of public land surrounding American Flat Millsite are restricted and/or prohibited.

The Restricted Area is described as follows:

Mt. Diablo Meridian

T16N R21E Sec. 6, E $\frac{1}{2}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$;

SE $\frac{1}{4}$ NE $\frac{1}{4}$ SE $\frac{1}{4}$ (appx. 30 acres)

T16N R21E Sec. 7, NE $\frac{1}{4}$ (appx. 160 acres)

The general public may occupy the restricted lands during daylight hours only (sunrise to sunset).

Motorized vehicles must remain on existing, well established dirt access roads. These roads are not maintained. Use of the roads is at the discretion of the users. Roads within the restricted area are Open to motorized use unless posted Closed. Prohibited activities include: Use of a weapon or firearm for any purpose other than the taking of game in accordance with State of Nevada hunting regulations; camping; campfires; use of fireworks; detonation of explosive devices or rockets; painting of graffiti and possession of paint or spray paint cans; use of a motorized vehicle on a road posted Closed to such use.

PURPOSE: To provide for public safety and to preserve the remaining integrity of a significant historic site.

EFFECTIVE DATES: The closure and activity restrictions become effective January 21, 1997. Interested persons may submit comments to the Carson City District Manager.

Authority: 43 CFR 8364—Closure and Restriction Orders; 8365.1-6—Supplementary Rules of Conduct; 8340—Off-road Vehicles; 8341.2—Off-road Vehicles Conditions of Use, Special Rules. State and local laws and ordinances apply and may be enforced by the appropriate authorities.

PENALTY: Any person failing to comply with the closure order or activity restrictions may be subject to imprisonment for not more than 12

months, or a fine in accordance with the applicable provisions of 18 USC 3571, or both.

SUPPLEMENTARY INFORMATION: The American Flat Millsite is an abandoned mining feature located within the Virginia City National Historic Landmark. At the time of its completion in 1922, it was the largest concrete mill structure in the world utilizing cyanide extraction processing of gold and silver ore. When the price of silver fell in 1927, all of the machinery at the mill was dismantled. Neither the buildings or the surrounding lands associated with the millsite have been maintained or utilized for mining for nearly fifty years. Structural soundness of the millsite features is steadily disintegrating as a result of natural weathering and vandalism. These features and remnant ruins are not safe for public entry. The remaining structures have been determined eligible for the National Register of Historic Places.

The general public is primarily attracted to the millsite for its historic and visual features.

Due to the remote location, the millsite area has become popular for numerous undesirable public uses and unlawful activities.

FOR FURTHER INFORMATION CONTACT: John O. Singlaub, District Manager, Carson City District, Bureau of Land Management, 1535 Hot Springs Road, Carson City, Nevada 89706, Telephone: (702) 885-6000.

The closure and restrictions do not apply to agency, law enforcement or emergency response personnel during the conduct of their official duties.

A map of the closed area and restricted public lands may be obtained at the contact address.

Dated: December 4, 1996.

John O. Singlaub,
District Manager, Carson City District.

Notice of Intent To Amend the Klamath Falls Resource Area Resource Management Plan

AGENCY: Bureau of Land Management, Interior.

SUMMARY: This Notice of Intent is to advise the public that the Klamath Falls Resource Area, Bureau of Land Management (BLM) intends to consider a proposal which would require amending an existing land use plan.

DATES: The comment period for this proposed plan amendment will

commence on December 20, 1996 and must be submitted on or before January 21, 1997.

FOR FURTHER INFORMATION CONTACT: A. Barron Bail, Klamath Falls Resource Area Manager, 2795 Anderson Ave. Building 25, Klamath Falls, OR 97603. Existing planning documents and information are available at the above address or by phone at 541/883-6916. Comments on the proposed plan amendment should be sent to the above address.

SUPPLEMENTARY INFORMATION: The BLM is proposing to amend the Klamath Falls Resource Area Resource Management Plan which covers the management of public lands administered by the BLM in Klamath County, Oregon. The purpose of the amendment has two parts. The first is to include the following language in the Land Tenure Adjustments section of the plan: "Where survey hiatuses and unintentional encroachments on public land are discovered in the future which meet the disposal criteria, the lands may automatically be assigned Zone 3 for disposal." Public lands in Zone 3 may be disposed of by sale or exchange. The second part of the amendment identifies approximately 1.5 acres of public land, T. 40 S., R. 6 E. Section 1 S $\frac{1}{2}$ (metes and bounds), as suitable for direct sale pursuant to Section 203 of the Federal Land Policy and Management Act of 1976. The existing plan does not identify these lands for disposal nor does it allow BLM the option to resolve survey hiatuses and unintentional encroachments by selling public lands that meet disposal criteria.

The public interest may be well served by sale of these lands. An environmental assessment will be prepared, along with the plan amendment, by an interdisciplinary team which will analyze the impacts of this proposal and a reasonable range of alternatives.

Dated: December 6, 1996.

Joe Tague,

Acting District Manager.

National Park Service

General Management Plan Tumacacori National Historical Park; Notice of Availability of Final Environmental Impact Statement

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969 (P.L. 91-190 as amended), the National Park Service, Department

of the Interior, has prepared a final environmental impact statement assessing the potential impacts of the proposed General Management Plan for Tumacacori National Historical Park, Santa Cruz County, Arizona. Once approved, the plan will guide the management of the historic site over the next 15 years.

The final General Management Plan and Environmental Impact Statement (GMP/EIS) presents a proposal and three alternatives for the management, use, and development of Tumacacori National Historical Park. The Proposed General Management Plan provides increased staffing sufficient to extend protection and interpretation to the two new units. The plan also includes a trail (the mission trail) linking the three sites that comprise the National Historical Park—Tumacacori, Calabazas, and Guevavi—and the ultimate removal of employee residences over known archeological remains at Tumacacori. A new maintenance facility would be developed at Tumacacori while visitor facilities and an employee residence would be developed at Calabazas. Guevavi would be accessed by guided tour and by the mission trail. Boundaries at Tumacacori and Guevavi would be expanded.

Alternative A was the proposed action in the draft GMP/EIS. It is similar to the proposed plan but with continued provision of park housing at the Tumacacori unit, and a more extensive development at Calabazas. Alternative B (Minimum Requirements) includes the development of administrative facilities at Tumacacori, and access to Calabazas and Guevavi by guided tour and by the mission trail. Boundary changes are proposed for the Tumacacori unit only. Alternative C (No Action) would provide no new visitor or administrative facilities, boundary changes, or trail linkages. The two new units, Guevavi and Calabazas, would remain unavailable for general public visitation.

The environmental consequences of the alternatives are fully documented. No significant adverse impacts are anticipated.

SUPPLEMENTARY INFORMATION: Written comments on the general management plan and environmental impact statement should be directed to the Superintendent, Tumacacori National Historical Park, P.O. Box 67, Tumacacori, AZ 85640. Comments on the plan must be received within 30 days after publication of a notice of availability in the Federal Register by the Environmental Protection Agency.

Inquiries on and requests for copies of the plan should be directed to

Tumacacori National Historical Park, address as above, or by telephone at (602) 398-2341.

Dated: December 11, 1996.

Stanley T. Albright,

Field Director, Pacific West Area.
