NorAm Gas Transmission Company; Notice of Request Under Blanket Authorization

March 7, 1997.

Take notice that on March 3, 1997, NorAm Gas Transmission Company (NorAm), 525 Milam Street, Shreveport, Louisiana 71151, filed in Docket No. CP97-274-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations (18 CFR 157.205, 157.212) under the Natural Gas Act (NGA) for authorization to construct and operate a delivery tap to Quincy Soybean Corporation (Quincy) located in Phillips County, Arkansas under the authorization of Section 7 of the Natural Gas Act (NGA), for Part 284 transportation services by NorAm, under NorAm's blanket certificate issued in Docket Nos. CP82-384-000 and CP82-384-001, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

NorAm proposes to install a two-inch L-shaped meter station, a four-inch tap, relief valve, electronic flow measurement and 425 feet of 8% nominal piping that will extend from NorAm's Line TM-2 through the Quincy yard to the cogeneration plant in Phillips County, Arkansas. NorAm indicates that the cost of these facilities is \$36,274. NorAm asserts that Quincy has contracted for an additional 1,000 MMBtu per day with estimated deliveries of 365,000 MMBtu on an annual basis.

NorAm states that it will transport gas to Quincy and provide service under Rate Schedule FT of NorAm's FERC Gas Tariff. NorAm further states that its tariff does not prohibit the addition of delivery points and that NorAm has sufficient capacity to accomplish the deliveries without detriment or disadvantage to its other customers.

Any person or the Commission's staff may, within 45 days after issuance of

the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the natural Gas Act (18 CFR 157.205) a protest to the request. March 7, 1997.

Take notice that on March 3, 1997, Richfield Gas Storage System (Richfield), filed a petition pursuant to Rule 207 of the Commission's Rules of Practice and Procedure for Waiver or exemption of the requirements concerning compliance with the Internet server model and the capability to perform Electronic Data Interchange (EDI) transactions in Order Nos. 587 and 587-B, all as more fully set forth in the petition of file with the Commission and open to public inspection.

Richfield states that compliance with the Internet server model and the ability to perform EDI transactions is not necessary on the Richfield system in order to achieve the Commission's goals. Richfield requests that the commission waive compliance with the Internet server model and the ability to perform EDI transactions while consideration of its petition is pending. Richfield requests expedited consideration.

Any person desiring to be heard or to protest this petition should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC
