#### Privacy Act of 1974; Privacy Act Systems of Records

Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a) and Office of Management and Budget Circular No. A-130, Department components have reviewed their Privacy Act systems of records to identify any minor changes that will clarify and/or more accurately describe their systems of records. As a result, both the Executive Office for Immigration Review and the Immigration and Naturalization Service (INS) are proposing changes to their appendices of principal office addresses. In addition, INS proposes to change the name of the "Fee and Application Receipt and Entry System" to "Computer Linked Application Information Management System." Finally, INS is adding as a new system location an enrollment center for accepting registrations to pass through a preregistered access lane at the INS checkpoint in San Clemente, California which is under the jurisdiction of the INS San Diego Sector Headquarters Office.

For public convenience, all changes have been italicized and a table of contents precedes the republication below. Any comments may be addressed to Patricia E. Neely, Program Analyst, Information Management and Security Staff, Justice Management Division, Department of Justice, Washington, DC 20530 (Room 850, WCTR Building).

Dated: February 28, 1997.
