Estimated Annual Burden: 4965 respondents; 1.53 hours per response (avg); 7600 total annual burden hours.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$114,000.

Description: Sections 206 to 209 of the Communications Act of 1934, as amended provide the statutory framework for our current rules for resolving formal complaints filed against common carriers. Section 208(a) authorizes complaints by any person "complaining of anything done or omitted to be done by any common carrier" subject to the provisions of the Act. Section 208(a) specifically states that "it shall be the duty of the Commission to investigate the matters complained of in such manner and by such means as it shall deem proper." In 1988, Congress added subsection 208(b) to require that any complaint filed with the Commission concerning the lawfulness of a common carriers charges, practices, classifications or regulations must be resolved by the Commission in a final, appealable order within 12 months from the date filed, or 15 months from the date filed if "the investigation raises questions of fact of * * * extraordinary complexity."

Except in very rare circumstances, formal complaints are decided on the basis of a paper record. The Telecommunications Act of 1996 added and, in some cases, amended key complaint provisions that, because of their resolution deadlines, necessitate substantial modification of our current rules and policies for processing formal complaints filed against common carriers pursuant to Section 208 of the Act. The Commission adopted a Notice of Proposed Rulemaking seeking comment on proposed changes to the rules for processing formal complaints filed against common carriers in CC Docket No. 96-238. The changes subject to the Paperwork Reduction Act of 1995 have been approved by OMB. The information has been and is currently being used by the FCC to determine the sufficiency of the complaint and to resolve the merits of the dispute between the parties. If the collection of information is not conducted, the FCC will be unable to comply with its statutory responsibilities.

Public reporting burden for the collections of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to

the Records Management Branch,
