

especially qualified data, on the resources at issue; and (3) encourage statements from experts and the public on issues that should be analyzed in the EA.

Although Georgia-Pacific's intent is to prepare an EA, there is the possibility that an Environmental Impact Statement (EIS) will be required. Nevertheless, this meeting will satisfy the NEPA scoping requirements, irrespective of whether an EA or EIS is to be issued by the Commission.

All interested individuals, organizations, and agencies are invited and encouraged to attend and assist in identifying and clarifying the scope of environmental issues that should be analyzed in the EA.

To help focus the discussions, a scoping document was sent out on September 13, 1996, as part of the Initial Stage Consultation Document (ISCD). Copies of the Scoping Document and ISCD will also be available at the meetings.

A scoping meeting for federal, state and local resource agencies will be held on April 16, 1997, at Georgia-Pacific Corporation, Big Island Mill, Big Island, Virginia at 2:00 p.m. An evening scoping meeting will be held on April 16, 1997, at 7:00 p.m. at Big Island Elementary School, 1114 School Days Road, off State Route 122, Big Island, Virginia. The scoping meetings are open to all interested parties.

#### Meeting Procedures

The meetings will be conducted according to the procedures used at Commission for scoping meetings. Because this meeting will be at NEPA scoping meeting, the Commission will not conduct another NEPA scoping meeting when the application and EA are filed with the Commission. Instead, the Commission staff will attend the meetings held on April 16, 1997.

The meetings will be recorded and, thereby, will become a part of the formal record of the proceedings on the Big Island and Holcomb Rock Projects. Individuals presenting statements at the meetings will be asked to identify themselves for the record.

Concerned parties are encouraged to offer verbal guidance during public meetings. Speaking time allowed for individuals will be determined before each meeting, based on the number of persons wishing to speak and the approximate amount of time available for the session, but all speakers will be provided at least five minutes to present their views.

Persons choosing not to speak but wishing to express an opinion, as well as speakers unable to summarize their

positions within the allotted time, may submit written statements for inclusion in the public record. Written scoping comments may also be mailed to Wayne M. Dyok, Foster Wheeler Environmental Corporation, 8100 Professional Place, Suite 308, Lanham, Maryland 20785.

Correspondence should clearly show the following caption on the first page: Scoping Comments, Big Island and Holcomb Rock Hydroelectric Projects, FERC Nos. 2902 and 2901, Virginia.

For further information, please contact Wayne Dyok (Foster Wheeler Environmental Corporation, consultant to Georgia-Pacific) at (301) 429-2101 or Rainer Feller at (202) 219-2796.

#### ENVIRONMENTAL PROTECTION AGENCY

[FRL-5801-2]

#### Agency Information Collection Activities: Submission for OMB Review; Comment Request; Hazardous Air Pollutant Emission Standards for the Synthetic Organic Chemical Industry (HON Rule)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: NESHAP subparts F, G, H, and I, the Hazardous Organic NESHAP (HON), OMB Control Number 2060-0282, expires 05/31/97. The ICR describes the nature of the information collection and its expected cost and burden; where appropriate it includes the actual data collection instrument.

**DATES:** Comments must be submitted on or before April 23, 1997.

**FOR FURTHER INFORMATION OR A COPY CALL:** Sandy Farmer at EPA, (202) 260-2740 (phone), and refer to EPA ICR No. 1414.03.

#### SUPPLEMENTARY INFORMATION:

**Title:** NESHAP subparts F, G, H, and I, the Hazardous Organic NESHAP (HON), OMB number 2060-0282, expires 05/31/97. This is a request for an extension of a previously approved collection.

**Abstract:** This ICR contains recordkeeping and reporting requirements that are mandatory for compliance with 40 CFR 63.100, 63.110, 63.160, and 63.190; 40 CFR Part 63, subparts F, G, H, and I, respectively, hazardous air pollutant emissions from process vents, storage vessels, transfer racks, wastewater and equipment leaks. This information is used by the Agency to identify sources subject to the standards and to insure that the maximum achievable control is being properly applied. Respondents are owners or operators of processes in SOCM industries, styrene-butadiene rubber production, polybutadiene production, chloride production, pesticide production, chlorinated hydrocarbon use in production of chemicals, pharmaceutical production, and miscellaneous butadiene use.

Section 112 of the Clean Air Act, as amended in 1990, requires that EPA establish standards to limit emissions of hazardous air pollutants (HAP's) from stationary sources. In the Administrator's judgment, hazardous air pollutant (HAP) emissions in the synthetic organic chemical industry and other negotiated industries cause or contribute to air pollution that may reasonably be anticipated to endanger public health or welfare. Therefore, NESHAPs have been promulgated for this source category as required under section 112, Clean Air Act.

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15. The **Federal Register** notice required under 5 CFR 1320.8(d), soliciting comments on this ICR was published on 12/02/96 (61 FR 63840); no comments were received.

**Burden Statement:** The annual public reporting and recordkeeping burden for this collection of information is estimated to average 4,760 hours per response for existing sources and 9,296 hours per response for new sources. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and use technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and

requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. No additional third party burden is associated with this ICR.

*Respondents/Affected Entities:* Owners and Operators of processes in SOCM Industries.

*Estimated Number of Respondents:* 308.

*Frequency of Response:* Episodic, Quarterly and Semi-annually.

*Estimated Total Annual Hour Burden:* 1,727,724 hours.

*Estimated Total Annualized Cost Burden:* \$98,460,900.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to ICR No. 1414.03 and OMB control number 2060-0282 in any correspondence.

Ms. Sandy Farmer, US Environmental Protection Agency, OPPE Regulatory Information Division (2137), 401 M Street, SW, Washington, DC 20460 and

Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA, 725 17th Street, NW, Washington, DC 20503.

Dated: March 18, 1997.

#### **Amendment to Common Sense Initiative Council, Automobile Manufacturing Sector Subcommittee Meeting**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of amendment to open meeting of the Public Advisory Common Sense Initiative Council, Automobile Manufacturing Sector Subcommittee meeting.

**SUMMARY:** Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is given that the dates and times for the Common Sense Initiative Council's Automobile Manufacturing Sector Subcommittee meeting scheduled for March 26, and

March 27, 1997, in Romulus, Michigan, have been amended.

#### **AMENDMENT OF OPEN MEETING**

**NOTIFICATION:** Notice is hereby given that the Environmental Protection Agency, has amended an open meeting of the Common Sense Initiative Council's Automobile Manufacturing Sector Subcommittee (reference FRN dated March 11, 1997, 62 FR 11183) scheduled for Wednesday, March 26, and Thursday, March 27, at the Crowne Plaza Hotel, 800 Merriman Road, Romulus, Michigan. The Subcommittee will not meet on Wednesday, March 26, 1997. They will hold a one day meeting on Thursday, March 27, 1997. On March 27, 1997, the meeting will begin at approximately 9:00 a.m. EST rather than at 9:30 a.m. EST, as previously scheduled. The meeting will end at approximately 3:30 p.m. EST.

**FOR FURTHER INFORMATION:** For more information regarding the amendment of this meeting, please call Alan Powell, Designated Federal Officer (DFO), at EPA, Region 4, by telephone on (404) 562-9045, or by fax on (404) 562-9068, or call Keith Mason, Alternate DFO, at EPA, on (202) 260-1360.

Dated: March 18, 1997.

**Kathleen Bailey,**

*Designated Federal Officer.*

#### **Public Meeting on the Effluent Limitations Guidelines and Standards for the Landfills Industry**

**AGENCY:** U.S. Environmental Protection Agency (EPA).

**ACTION:** Notice of public meeting.

**SUMMARY:** The Environmental Protection Agency is announcing a public meeting on the upcoming proposed effluent limitations guidelines and standards for the Landfills industry. The EPA intends to propose effluent limitations guidelines and standards late in 1997, and this is the only public meeting that the Agency plans to sponsor prior to proposal. EPA will report on the status of regulatory development, and interested parties can provide information and ideas to the Agency on key technical, scientific, economic, and other issues.

**DATES:** The public meeting will be held on Monday, April 21, 1997, from 10:00 a.m. to 1:00 p.m.

**ADDRESSES:** The meeting will be held in the EPA auditorium at the U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC.

**FOR FURTHER INFORMATION CONTACT:** John Tinger, Engineering and Analysis Division (4303), U.S. EPA, 401 M Street SW., Washington DC 20460. Telephone (202) 260-4992, fax (202) 260-7185 or E-Mail Tinger.John@epamail.epa.gov.

**SUPPLEMENTARY INFORMATION:** EPA is developing proposed effluent limitations guidelines and standards for the Landfills industry under authority of the Clean Water Act (33 U.S.C. 1251 et seq.). The Landfills industry includes landfills that generate wastewater from leachate collection systems. The Landfills industry includes industrial, municipal, and hazardous waste landfills.

Topics for the public meeting include subcategorization, exclusions, summary of industry information, and preliminary plans for technology-based regulatory options. The meeting will not be recorded by a reporter or transcribed for inclusion in the rulemaking record.

Documents relating to the topics mentioned above and a more detailed agenda will be available at the meeting. For those unable to attend the meeting, a document summary will be available following the meeting, and can be obtained by sending an e-mail request to John Tinger at the previously mentioned address.

Dated: March 17, 1997.

**Tudor Davies,**

#### **Privacy Act of 1974; Transit Subsidy Program System of Records**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notification of a new system of records.

**SUMMARY:** In accordance with the requirements of the Privacy Act, the Environmental Protection Agency (EPA) is publishing a notice of a new system of records, "EPA Transit Subsidy Program." The system of records, which is managed by the EPA's Transportation Management Section, is used to coordinate and manage the EPA Transit Subsidy Program. We are also proposing routine uses for this new system.

**EFFECTIVE DATES:** This proposed notice will be effective May 5, 1997, unless EPA receives comments which would result in a contrary determination.

**ADDRESSES:** Please submit comments to: Transportation Management Section, Environmental Protection Agency, 401
