Take notice that on December 31, 1996, ANR Pipeline Company (ANR), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the tariff sheets listed in Attachment A to the filing, to be effective February 1, 1997.

ANR states that the referenced tariff sheets are being submitted as part of ANR's Eighth Annual Reconciliation of Order Nos. 500/528 buyout buydown costs being recovered by means of Volumetric Buyout Buydown Surcharges contained in Docket Nos.

BILLING CODE 6717-01-M

[Docket No. RP97-219-000]

Columbia Gas Transmission Corporation; Notice of Filing of Request for Waiver

January 6, 1997.

Take notice that on December 31, 1996, Columbia Gas Transmission Corporation (Columbia) filed a letter requesting that it be permitted to defer filing any additional Stranded Facilities Charge (SFC) Adjustment Filings while a settlement submitted in its Docket No. RP95-408 remains pending. General Terms and Conditions (GTC) Section 46 of Columbia's tariff contains Columbia's SFC mechanism. Columbia filed its SFC tariff provision and initial SFC as part of its August 1, 1996 general rate case filing in Docket No. RP95-408. GTC Section 46 provides for Columbia's recovery of certain "Stranded Facilities Costs" and requires Columbia to restate the SFC twice a year (Adjustment Filings) to be effective each February 1 and August 1.

On November 22, 1996, Columbia filed an Offer of Settlement (Settlement) in Docket No. RP95-408, pursuant to Rule 602 of the Commission's Rules of Practice and Procedure, 18 CFR 385.602, which provides for the disposition of the outstanding SFC issues. Article III, Section C of that Settlement specifically states that the charge for the SFC shall remain at the current level through December 31, 1997. By a separate filing, Columbia is today seeking to place into effect the rates established under the Settlement, including the SFC, on an interim basis effective February 1, 1997, while the Settlement remains pending. In light of the fact that the SFC will be modified by the Settlement, as well as

the fact that Columbia is seeking to implement the Settlement rates on an interim basis, Columbia is seeking a waiver of GTC Section 46.2(b) of its tariff to defer any additional Adjustment Filings pursuant to Section 46 while the above-referenced Settlement remains pending.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such protests must be filed on or before January 13, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

Columbia states that on November 22, 1996, it filed an Offer of Settlement (Settlement) in this proceeding and in several other dockets.
