FEDERAL COMMUNICATIONS COMMISSION

Privacy Act Systems of Records

AGENCY: Federal Communications Commission.

ACTION: Notice of a reinstated and revised Privacy Act System of Records.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974 (5 U.S.C. 552), the Federal Communications Commission's Information Technology Center, is reinstating and revising the system of records entitled "FCC Telephone Call Detailing Records, FCC/Central-8". This notice meets the requirement of documenting the change to the Commission's system of records inventory, and provides the public, Congress and the Office of Management and Budget (OMB) an opportunity to comment.

DATES: Any interested person may submit written comments concerning the routine uses of this system on or before May 27, 1997. OMB, which has oversight responsibility under the Privacy Act to review the system may submit comments on or before June 3, 1997. This system becomes effective without further notice on June 3, 1997 unless the comments received cause the Commission to change its decision.

ADDRESSES: Address comments to Wanda Sims, Office of the Managing Director, Federal Communications Commission, Room 420-C, 1919 M Street, NW, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Dorothy Conway, Privacy Act Liaison, at (202) 418-0217 or via internet at dconway@fcc.gov.

SUPPLEMENTARY INFORMATION: The purpose of maintaining telephone call-detail records is to determine whether a Federal employee has placed or received unauthorized long-distance or cellular calls charged to the government.

FCC/Central-8

System name

Telephone Call Detail Records.

System location

Office of Managing Director, Information Technology Center, Operations Group, Federal Communications Commission (FCC), 1919 M Street, Washington, DC 20554. The records are paper, electronic, and CD-ROM. The scope of records includes calls made to or from FCC telephones.

Categories of individuals covered by the system

Individuals originating calls from FCC telephones and individuals receiving such calls; individuals placing calls to or charging calls to FCC telephones (including cellular telephones); and individuals receiving such calls, or accepting the charges. The primary record subjects are current and former

FCC employees, as well as individuals employed under any employment arrangement such as a contract or cooperative agreement; grantees; or other persons performing on behalf of FCC. Incidental to the coverage of the primary record subjects are non-employees who may be identified by telephone number during an inquiry or investigation relating to a potential improper or unofficial use of Government telephones or other illegal or improper activity by the primary record subject.

Categories of records in the system

Records in the system of records relate to telephone calls placed to and from FCC phones, and the assignment of telephone numbers to employees and the location of the telephones in the Commission. Since this system includes cellular telephones any local call to or from a cellular telephone would be included. The records may include such information as the number called from, the number called, time and date of call, duration, disposition and cost of the call and/or charges accepted, and the FCC component to which the relevant telephone numbers are assigned. In addition the system may include copies of related records, e.g., any periodic summaries which may have been compiled to reflect the total number of long distance calls. The database(s) from which telephone numbers are retrieved contains employees names, and office locations, but no other personal identities such as social security numbers. The CD-ROM files contain the agency telephone bills which provide details on all calls to and from Commission telephones. The paper files consist of a combination of the database and CD-ROM files.

Authority for maintenance of the system

This system of records is maintained pursuant to 44 U.S.C. 3101, which authorizes agencies to create and preserve records documenting agency organizations, functions, procedures, and transactions; 31 U.S.C. 1348(b), which authorizes the use of appropriated funds to pay for long distance calls only if required for official business or necessary in the interests of the Government; 47 U.S.C. 154(i), which authorizes the Commission to take actions necessary to execute its functions; 5 CFR 2635.704(a), which prohibits use of Government property for other than authorized purposes; and 41 CFR 201-21.601 and 201-21.602, which require that Government telecommunications systems be used for official purposes

only, and authorizing agencies to collect for unauthorized calls.

Routine Uses of Records Maintained in the System, Including Categories of Users and the Purposes of Such Uses

The Commission does not normally disclose records from this system of records. However, in the event it is appropriate, disclosure of relevant information may be made in accordance with the provisions of 5 U.S.C. 552a(b). Records and data may be disclosed as necessary pursuant to 5 U.S.C. 552a(b)(3):

1. To a member of Congress or to a Congressional staff member in response to an inquiry of the Congressional office made at the written request of the constituent about whom the record is maintained;
2. To representatives of the General Services Administration or the National Archives and Records Administration who are conducting records management inspections under the authority of 44 U.S.C. 2904 and 2906;
3. To the Department of Justice when:
 - (a) The agency or any component thereof; or (b) any employee of the agency in his or her official capacity where the Department of Justice has agreed to represent the employee; or (c) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the agency determines that the records are both relevant and necessary to the litigation and the use of such records by the Department of Justice is therefore deemed by the agency to be for a purpose that is compatible with the purpose for which the agency collected the records;
 4. To a court or adjudicative body in a proceeding when: (a) The agency or any component thereof; or (b) any employee of the agency in his or her official capacity; or (c) any employee of the agency in his or her individual capacity where the agency has agreed to represent the employee; or (d) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the agency determines that the records are both relevant and necessary to the litigation and the use of such records is therefore deemed by the agency to be for a purpose that is compatible with the purpose for which the agency collected the records;
 5. To law enforcement agencies when a record on its face, or in conjunction with other records, indicates a violation or potential violation of law, whether civil, criminal or regulatory in nature, and whether arising by general statute or particular program statute, or by

regulation, rule, or order issued pursuant thereto, disclosure may be made to the appropriate agency, whether Federal, foreign, State, local, or tribal, or other public authority responsible for enforcing, investigating or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation, or order issued pursuant thereto, if the information disclosed is relevant to any enforcement, regulatory, investigative or prosecutive responsibility of the receiving entity;

6. To agency contractors, grantees, experts, consultants or volunteers who have been engaged by the agency to assist in the performance of a service related to this system of records and who need to have access to the records in order to perform the activity. Recipients shall be required to comply with the requirements of the Privacy Act of 1974, as amended, pursuant to 5 USC 552a(m);

7. To the National Finance Center (the Commission's designated payroll office), the Department of Treasury Debt Management Services and/or a current employer to effect a salary, IRS tax refund or administrative offset to satisfy an indebtedness incurred for unofficial telephone and cellular calls; and to Federal agencies to identify and locate former employees for the purpose of collecting such indebtedness, including through administrative, salary or tax refund offsets. Identifying and locating former employees, and the subsequent referral to such agencies for offset purposes, may be accomplished through authorized computer matching programs. Disclosures will be made only when all procedural steps established by the Debt Collection Act of 1982, and the Debt Collection Improvement Act of 1996 or the Computer Matching and Privacy Protection Act of 1988 as appropriate, have been taken;

8. To Federal, State, local or foreign agency maintaining civil, criminal, or other relevant enforcement records, or other pertinent records, or to another public authority or professional organization, if necessary to obtain information relevant to an investigation concerning the retention of an employee or other personnel action (other than hiring), the retention of a security clearance, the letting of a contract, or the issuance or retention of a grant, or other benefit; and

9. To a Federal, State, local, foreign, or tribal or other public authority the fact that this system of records contains information relevant to the retention of an employee, the retention of a security clearance, the letting of a contract, or the issuance or retention of a license,

grant, or other benefit. The other agency or licensing organization may then make a request supported by the written consent of the individual for the entire record if it so chooses. No disclosure will be made unless the information has been determined to be sufficiently reliable to support a referral to another office within the agency or to another Federal agency for criminal, civil, administrative, personnel, or regulatory action.

Policies and Practices for Storing, Retrieving, Accessing, Retaining, and Disposing of Records in the System

Storage

Records are maintained electronically, on paper and on CD-ROM.

Retrievability

Records are retrieved by bureau or office name, the employee name, by name of recipient of telephone call, and by telephone number.

Safeguards

Paper and CD-ROM records are maintained in file cabinets in offices which are locked at the end of each business day. Information in the database is secured through controlled access and passwords restricted to administrative office personnel.

Retention and Disposal

Records are disposed of in accordance with General Records Schedule 12, National Archives and Records Administration.

System Manager(s) and Address

Appropriate bureau or office chief and first line supervisors in the Commission located at 1919 M Street, N.W.; 2025 M Street, N.W.; 2000 M Street, N.W.; 2100 M Street, N.W.; 1250 23rd Street, N.W.; 2000 L Street, N.W.; Washington, D.C. 20554 and the Compliance and Information Bureau Field Offices.

Notification Procedure

Inquiries regarding this system should be addressed to the system manager Office of Managing Director, Information Technology Center, Operations Group, Federal Communications Commission (FCC), 1919 M Street, Washington, D.C. 20554.

Record Access Procedures

Same as above.

Contesting Record Procedures
