### Federal Aviation Administration

#### 14 CFR Part 71

[Airspace Docket No. 97-AEA-020]

#### Proposed Establishment of Class E Airspace; Sayre, PA

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** This proposed rule would establish Class E airspace at Sayre, PA. The development of a new Standard Instrument Approach Procedure (SIAP), Helicopter Point In Space Approach based on the Global Positioning System (GPS), and serving the Robert Parker Hospital Heliport, has made this proposal necessary. The intended effect of this proposal is to provide adequate controlled airspace for Instrument Flight Rules (IFR) operations to the heliport. The area would be depicted on aeronautical charts for pilot reference.

**DATES:** Comments must be received on or before May 30, 1997.

**ADDRESSES:** Send comments on the proposed rule in triplicate to: Manager, Operations Branch, AEA-530, Docket no. 97-AEA-020, F.A.A. Eastern Region, Federal Building #111, John F. Kennedy Int'l Airport, Jamaica, NY 11430. The official docket may be examined in the Office of the Assistant Chief Counsel, AEA-7, F.A.A. Eastern Region, Federal Building #111, John F. Kennedy International Airport, Jamaica, New York 11430.

An informal docket may also be examined during normal business hours in the Operations Branch, AEA-530, F.A.A. Eastern Region, Federal Building #111, John F. Kennedy International Airport, Jamaica, NY 11430.

**FOR FURTHER INFORMATION CONTACT:** Mr. Francis T. Jordan, Jr., Airspace Specialist, Operations Branch, AEA-530, F.A.A. Eastern Region, Federal Building #111, John F. Kennedy International Airport, Jamaica, New York 11430; telephone: (718) 553-4521.

#### SUPPLEMENTARY INFORMATION:

##### Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy related aspects of the proposal. Communications should identify the airspace docket number and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Airspace Docket No. 97-AEA-020". The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available for examination in the Rules Docket both before and after the closing date for comments. A report summarizing each substantive public contact with the FAA

personnel concerned with this rulemaking will be filed in the docket.

#### Availability of NPRMs

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Office of the Assistant Chief Counsel, AEA-7, F.A.A. Eastern Region, Federal Building #111, John F. Kennedy International Airport, Jamaica, NY 11430. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRM's should also request a copy of Advisory Circular No. 11-2A, which describes the application procedure.

#### The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) to establish Class E airspace extending upward from 700 feet above the surface (AGL) at Sayre, PA. A GPS Point In Space Approach has been developed for Robert Parker Hospital Heliport. Additional controlled airspace extending upward from 700 feet above the surface (AGL) is needed to accommodate this approach and for IFR operations to the heliport. The area would be depicted on appropriate aeronautical charts.

Class E airspace designations for airspace extending upward from 700 feet above the surface are published in paragraph 6005 of FAA Order 7400.9D, dated September 4, 1996, and effective September 16, 1996, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that would only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**The Proposed Amendment**

In consideration of the foregoing, the Federal Aviation Administration proposed to amend 14 CFR part 71 as follows:

**PART 71—[AMENDED]**

1. The authority citation for Part 71 continues to read as follows:

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9D, dated September 4, 1996, and effective September 16, 1996, is proposed to be amended as follows:

*Paragraph 6005 Class E airspace areas extending upward 700 feet or more above the surface of the earth.*
