Program Performance Standards' Recordkeeping Requirements.

OMB No.: New Request.

Description: The Head Start Program Performance Standards provide a standard and definition of quality services and provide a regulatory structure for the monitoring and enforcement of quality standards for Head Start grantees and delegate agencies. The Head Start Bureau published these standards as a Notice of Proposed Rule Making (NPRM) on April 22, 1996.

Following consideration of the public comments addressing the NPRM and after publication of the Final Rule, the Bureau plans to issue a Program Instruction to Head Start grantees and delegate agencies. The Program Instruction will outline the record-keeping requirements expected of the 2,112 Head Start grantees and delegate

agencies which serve 751,000 children and their families as they implement the Program Performance Standards in their local programs. Please refer to the full text of the proposed program instruction below.

The records that must be maintained by grantees and delegate agencies include: (1) Child and family records such as emergency contact information; (2) child records such as attendance records; (3) family records such as family conference documentation; and (4) program records such as staff personnel files. These records must be kept in order to administer quality programs in an organized manner, provide evidence of compliance with Head Start Program Performance Standards, and meet State and local law requirements.

Respondents: Head Start grantees and delegate agencies.
