#### Submission for OMB Review; Comment Request

**ACTION:** Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Title and Associated Forms:* USAF Museum System Volunteer Application/Registration, AF Form 3569, OMB Number 0701-0127.

*Type of Request:* Reinstatement With Change.

*Number of Respondents:* 271.

*Responses per Respondent:* 1.

*Annual Responses:* 271.

*Average Burden per Response:* 15 minutes.

*Annual Burden Hours:* 68 hours.

*Needs and Uses:* The information collection requirement is necessary to provide the USAF Museum System the means with which to select respondents pursuant to the USAF Museum System Volunteer Program. Respondents are individuals expressing an interest in participating in the USAF Museum System Volunteer Program authorized by 10 U.S.C. 81, Section 1588 and regulated by Air Force Instruction 84-103. AFR 84-103 requires the use of AF Form 3569 to provide the most expedient means to secure basic personal information (i.e., name, telephone number, address, and experience pursuant to USAF Museum System Volunteer Program requirements) to be employed solely to recruit, evaluate, and make work assignment decisions.

*Affected Public:* Individuals or households.

*Frequency:* On occasion; one time.

*Respondent's Obligation:* Required to Obtain or Retain Benefits.

*OMB Desk Officer:* Mr. Edward Springer.

Written comments and recommendations on the proposed information collection should be sent to Mr. Springer at the Office of

Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

*DOD Clearance Officer:* Mr. Robert Cushing.

Written requests for copies of the information collection proposal should be sent to Mr. Cushing, WHS/DIOR, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302.

Dated: May 27, 1997.

#### Intent To Prepare an Environmental Impact Statement (EIS) for the Stabilization of the Bluff Toe at Norco Bluffs

**AGENCY:** U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice of intent.

**SUMMARY:** The Los Angeles District intends to prepare an EIS to support a cost shared study with the County of Orange, California for stabilization of the toe bluff, along the Santa Ana River in the City of Norco, California. The purpose of the proposed project is to stabilize the toe of the bluff parallel to Alhambra Street, in the City of Norco, and thereby maintain the location of the 566 foot elevation line. This has been determined necessary as the area is subject to erosion of the bluffs, and the County of Orange is required to acquire all land between elevations 556 and 566, that will become part of the Prado Flood Control Basin as a result of the raising of Prado Dam. Without the stabilization of the 566 foot elevation line, the County of Orange will be required to continually acquire additional land as the 566 contour migrates. The proposed project alternatives will include a structural solution, including toe protection, as

well as non-structural solutions such as land acquisition. The EIS will analyze potential impacts on the environment of a range of alternatives, including the recommended plan.

**FOR FURTHER INFORMATION CONTACT:** Mr. Alex Watt, US. Army Corps of Engineers, Los Angeles District, Programs and Project Management Division at (213) 452-3860.

**SUPPLEMENTARY INFORMATION:** The Army Corps of Engineers intends to prepare an EIS to assess the environmental effects associated with the streambank stabilization proposed for Norco Bluffs. The public will have the opportunity to comment on this analysis before any action is taken to implement the proposed action.

#### Scoping

The Army Corps of Engineers will conduct a scoping meeting prior to preparing the Environmental Impact Statement to aid in determining the significant environmental issues associated with the proposed action. The public, as well as Federal, State, and local agencies are encouraged to participate in the scoping process by submitting data, information, and comments identifying relevant environmental and socioeconomic issues to be addressed in the environmental analysis. Useful information includes other environmental studies, published and unpublished data, alternatives that should be addressed in the analysis, and potential mitigation measures associated with the proposed action.

The location, date, and time of the public scoping meeting will be announced in the local news media. A separate notice of this meeting will be sent to all parties on the project mailing list. Individuals and agencies may offer information or data relevant to the environmental or socioeconomic impacts by attending the public scoping meeting. Comments, suggestions, and requests to be placed on the mailing list for announcements and for the Draft EIS, should be sent to Alex Watt, U.S. Army Corps of Engineers, Los Angeles District, ATTN: CESPL-PD-RQ, P.O. Box 532711, Los Angeles, CA 90053.

#### Availability of the Draft EIS

The Draft EIS is expected to be published and circulated in September 1997, after which a Public hearing regarding the Draft EIS will be held.
