#### Notice of Availability of Record of Decision for Upcountry Maui Watershed, Maui County, Hawaii

**AGENCY:** Natural Resources Conservation Service USDA.

**ACTION:** Notice of availability of record of decision.

**SUMMARY:** Kenneth M. Kaneshiro, Responsible Federal Official for projects administered under the provisions of Public Law 83-566 in the State of Hawaii, is hereby providing notification that a record of decision to proceed with the installation of the Upcountry Maui Watershed project, signed May 20, 1997, is available.

The record of decision documents the intent to implement Alternative 2—Agricultural Water Distribution System as set forth in the final Watershed Plan-Environmental Impact Statement (FEIS) for the Upcountry Maui Watershed, Maui County, Hawaii. The project will address the problems of inadequate and inconsistent irrigation water supply that prevent area farmers from full utilization of cropland and cause crop damage and losses during drought. The project will install a separate agricultural water system to supply untreated water for irrigation purposes to farmers in the Upper Kula area. The economic benefits derived by project implementation will exceed economic costs. The project meets the needs of the sponsoring local organizations.

The record of decision documents that the Upcountry Maui Watershed project uses all practicable means, consistent with other essential considerations of national policy, to meet the goals established in the National Environmental Policy Act. The FEIS has been prepared, reviewed, and accepted in accordance with the National Environmental Policy Act.

**ADDRESSES:** Single copies of this record of decision may be obtained from Kenneth M. Kaneshiro, State Conservationist, Natural Resources Conservation Service, 300 Ala Moana Blvd. Room 4316, P.O. Box 50004, Honolulu, Hawaii, 96850.
