

limited to the SSA so that consistent State-wide strategies on substance abuse prevention will be implemented in the targeted border areas. The SSA is also the administrator of the Substance Abuse Prevention and Treatment (SAPT) Block Grant, which sets aside 20 percent of the funds for primary prevention activities. This set-aside is a large resource available to the State for prevention activities, and could be used to expand support for the resources available under this initiative.

The SSA's historic leadership role and commitment to substance abuse prevention, along with the infrastructure developed through the SAPT Block Grant funds, can spur the support of other State and community organizations to ensure that border substance abuse prevention initiatives assume a high priority.

The SSAs are responsible for ensuring community-based prevention program development in all communities within the State. Therefore, SSAs operate at an optimum jurisdictional level to support the type(s) of activities required for overseeing this multi-community, border area effort. In particular, their broad-based authority will help ensure the following: (1) successful implementation of the State evaluation plan, which requires the sharing of data and information across subrecipient projects; (2) optimal use of the State's technical assistance resources to support border efforts implemented with these grant funds; and (3) greater likelihood of sustaining these prevention efforts following the end of the Federal grant period.

Moreover, SSAs have access to both border area and State-wide substance abuse incidence and prevalence data. They are uniquely positioned to track State-wide and border community trends, assess the severity of substance abuse-related problems, and identify appropriately targeted programmatic responses.

Finally, by continuing to work cooperatively with the State Border Health Desks, which were established to address the specific needs of the border, SSAs further strengthen their ability and authority to carry out the U.S.-Mexico Border Initiative. Working together, the SSAs and the Border Health Desks help ensure that the most appropriate subrecipient communities with concentrated substance abuse prevention needs will receive these limited grant funds.

Notice of Proposed Information Collection: Comment Request

AGENCY: Office of Lead Hazard Control, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: Comments due: August 15, 1997.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Ms. Ruth Wright, Reports Liaison Officer, Office of Lead Hazard Control, Department of Housing and Urban Development, 451—7th Street, SW., Room B—133, Washington, DC 20410.

FOR FURTHER INFORMATION CONTACT: Barbara A. Haley, (202) 755-1805, ext. 126 (this is not a toll-free number), for copies of the proposed data collection instruments.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

The Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Current Population Survey (CPS) Lead Paint Hazards Awareness Supplement.

OMB Control Number, if applicable: 25390006.

Description of the need for the information and proposed use: The Department of Housing and Urban Development is requesting renewal of clearance for the collection of data concerning the Lead Paint Hazards Awareness Supplement to be conducted in conjunction with the December 1997 CPS. Title 13, United States Code, Section 182; and Title 29 United States

Code, Sections 1–9, authorize the collection of CPS information. The Census Bureau will collect the supplemental data in compliance with the Privacy Act of 1974 and OMB Circular A–130. The Department of Housing and Urban Development (HUD) sponsored the supplement questions, which were previously collected in December 1994.

This survey provides information that is suitable for the planning and evaluation of Title X of the Housing and Community Development Act of 1992. The supplement, which was conducted in December 1994, will serve as a benchmark for determining awareness to the hazards of lead-based paint before the disclosure requirement of Title X which went into effect in December 1996.

The disclosure requirement mandates that landlords and sellers of dwellings built before 1978 disclose to potential renters or buyers the potential for the presence of lead-based paint and the hazards associated with lead-based paint. The 1977 supplement will be used to measure the change in awareness for the hazards associated with lead-based paint since the disclosure requirement went into effect and assist state and local governments with lead hazard awareness education program development.

The lead paint hazards awareness information will be collected by both personal visit and telephone interviews in conjunction with the regular December CPS interviewing. All interviews are conducted using computer-assisted interviewing.

Agency form numbers, if applicable: There are no forms. All interviewing is computerized.

Members of affected public: Households.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:

Estimated Number of Respondents: 48,000 per month.

Estimated Time Per Response: 8.3 minutes.

Frequency of Response: Once—December 1997.

Estimated Total Annual Burden Hours: 6,640.

Estimated Total Annual Cost: \$388,172.

Status of the proposed information collection: Revision of a currently approved collection.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: May 28, 1997.

Director, Office of Lead Hazard Control.
