

DEPARTMENT OF THE TREASURY

Financial Crimes Enforcement
Network

31 CFR Part 103

RIN 1506-AA19

**Proposed Amendments to the Bank
Secrecy Act Regulations—Special
Currency Transaction Reporting
Requirement for Money Transmitters;
Correction****AGENCY:** Financial Crimes Enforcement
Network, Treasury.**ACTION:** Proposed rule; correction.

SUMMARY: This document corrects a proposed rule published in the **Federal Register** May 21, 1997 (62 FR 27909). The proposed rule requires money transmitters and their agents to report and retain records of transactions in currency or monetary instruments of at least \$750 but not more than \$10,000 in connection with the transmission or other transfer of funds to any person outside the United States, and to verify the identity of senders of such transmissions or transfers. This correction clarifies that the United States Postal Service is a money transmitter for purposes of the proposed rule.

FOR FURTHER INFORMATION CONTACT:

Albert R. Zarate, Attorney-Advisor, or Eileen P. Dolan, Legal Assistant, Office of Legal Counsel, FinCEN, (703) 905-3590.

SUPPLEMENTARY INFORMATION:**Need for Correction**

As published, the notice of proposed rulemaking contains language that may be misleading and is in need of clarification.

Correction of Publication

In proposed rule FR Doc. 97-13302, beginning on page 27909 in the **Federal Register** issue of May 21, 1997, make the following correction:

§ 103.22 [Corrected]

On page 27916, in the third column, in § 103.22, paragraph (i)(1), lines 3 and 4, the language "each money transmitter or its agent" is corrected to read "each money transmitter (including, without limitation, the United States Postal Service) or the money transmitter's agent".

Dated: June 18, 1997.

Eileen P. Dolan,

Federal Register Liaison Officer.

RIN 2060-AH01

**Prevention of Significant Deterioration
of Air Quality (PSD) Program: Permit
Review Procedures for Sources That
May Adversely Affect Air Quality in
Non-Federal Class I Areas****AGENCY:** Environmental Protection
Agency (EPA).**ACTION:** Notice of public workshops.

SUMMARY: This document announces the time and place for public workshops regarding EPA's advance notice of proposed rulemaking (ANPR) on PSD permit review procedures for sources that may adversely affect air quality in non-Federal Class I areas (62 FR 27158-27166, May 16, 1997). The ANPR announced EPA's intent to pursue a rulemaking on the PSD permit review procedures for new and modified major stationary sources that may have an adverse impact on the air quality of non-Federal Class I areas, presented a number of issues to be addressed in such a rulemaking, and invited public participation in further articulating and identifying the relevant issues.

DATES: EPA will conduct public workshops on the ANPR from 8:30 a.m. to 4:00 p.m. on July 21 and 22, 1997 in Chicago, Illinois and on July 29, 1997 in Phoenix, Arizona.

ADDRESSES: The public workshops will be held from 8:30 a.m. to 4:00 p.m. at the U.S. EPA Region 5 in the Lake Michigan Room of the Great Lakes Conference and Training Center (12th floor), 77 W. Jackson Boulevard, Chicago, Illinois and at the Embassy Suites—Camelback, 1515 N. 44th Street, Phoenix, Arizona 85008. In order to ensure adequate space to accommodate all attendees, those planning to participate in either of the workshops are asked to confirm their plans with the contact person listed below, either by phone or e-mail.

Materials relevant to this document have been placed in Docket A-96-53. The docket is located at the Air Docket Section, Mail Code 6102, U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460, in room M-1500 Waterside Mall. Documents may be inspected from 8:00 a.m. to 5:30 p.m. A reasonable fee may be charged for copying docket material.

Written comments should be submitted (in duplicate, if possible) to Air Docket Section, Mail Code 6102,

U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460. A copy should also be sent to David R. LaRoche at U.S. Environmental Protection Agency, Office of Air and Radiation, 401 M Street, SW., (6102), Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT:

David R. LaRoche at U.S. Environmental Protection Agency, Office of Air and Radiation, 401 M Street, SW., (6102), Washington, DC 20460, (202) 260-7652 (E-mail: laroche.david@epamail.epa.gov).

SUPPLEMENTARY INFORMATION: EPA

intends these workshops to be opportunities for informal discussion on the issues related to reviewing permit applications for sources whose emissions may adversely affect non-Federal Class I areas. Each workshop will begin with a background presentation by EPA of the PSD program and a summary of the issues discussed in the ANPR. The rest of the meeting will consist of an informal round-table discussion of those and any other relevant issues suggested by the participants. At the request of one of the participants, the workshop in Chicago has been scheduled for two days in order to allow for discussion on the second day of specific issues related to the Forest County Potawatomi Community's request that part of its reservation be redesignated to Class I.

The PSD program authorizes States and Tribes to request redesignation of their lands as "Class I" areas. Over the past twenty years, only federally-recognized Tribes have sought redesignation under this authority. EPA has approved Class I redesignations for the Northern Cheyenne Indian Reservation, the Flathead Indian Reservation, the Fort Peck Indian Reservation, and the Spokane Indian Reservation (see 40 CFR 52.1382(c) and 52.2497(c)). Recently, EPA approved Class I redesignation of the Yavapai-Apache Reservation, located in the State of Arizona (see 61 FR 56461 (Nov. 1, 1996)) (to be codified at 40 CFR 52.150). EPA has also proposed to approve the Forest County Potawatomi Community request to redesignate tribal lands located in the State of Wisconsin (see 60 FR 33779 (June 29, 1995)). Before making a final decision on this proposed action, EPA will provide opportunity for public comment and hold a public hearing.

During EPA's review of the Yavapai-Apache and Forest County Potawatomi redesignation requests, nearby States submitted formal objections to EPA. A common concern has been confusion about the PSD permit review procedures

that would apply in these States in the event a Class I redesignation request is granted, and what EPA's specific role would be in resolving any intergovernmental disputes that arise over proposed permits for PSD sources that may adversely affect non-federal Class I areas. In response to these concerns, EPA has initiated this rulemaking to clarify the PSD permit review and dispute resolution procedures for proposed new and modified major stationary sources locating near non-Federal Class I areas.

The new procedures established in this rulemaking would apply for any State or Tribal lands redesignated as Class I. Thus, the rulemaking is intended to clarify PSD permit review procedures for proposed PSD sources that may adversely affect the air quality of any State or Tribal non-Federal Class I area, and would set forth more specific procedures for EPA's resolution of any intergovernmental permit disputes which may arise.

Dated: June 16, 1997.

Mary D. Nichols,

Assistant Administrator for Air & Radiation.

[FRL-5845-7]

National Oil and Hazardous Substances Contingency Plan National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Notice of intent to delete the Unit Structures, Inc. Property from the Koppers Company, Inc. Superfund Site from the National Priorities List

SUMMARY: The United States Environmental Protection Agency (EPA), Region 4, announces its intent to delete the Unit Structures, Inc. Property from the Koppers Company, Inc. National Priorities List (NPL) Site and requests public comment on this proposed action. The NPL constitutes Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), promulgated by EPA, pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended. EPA and State of North Carolina Department of Environment, Health and Natural

Resources have determined that the Site conditions on the Unit Structures Property pose no significant threat to public health or the environment and therefore, CERCLA remedial measures are not appropriate.

DATES: Comments concerning the proposed deletion of the Site from the NPL may be submitted on or before July 23, 1997.

ADDRESSES: Comments may be mailed to: Beverly Hudson, US Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, GA 30303-3104.

Comprehensive information on the Site is available through the EPA Region 4 public docket, which is located at EPA's Region 4 office and is available for viewing by appointment from 9 am to 4 pm, Monday through Friday, excluding holidays. Requests for appointments or copies of the background information from the regional public docket should be directed to the EPA Region 4 docket office.

The address for the regional docket office is Ms. Debbie Jourdan, US EPA, Region 4, 61 Forsyth Street SW., Atlanta, GA 30303-3104. The telephone number is 404-562-8862.

Background information from the regional public docket is also available for viewing at the Site information repository located at the Wake County Public Library, 310 South Academy Street, Cary, North Carolina 27511. The telephone number is 910-655-4145. The library is open Monday through Thursday from 9 am to 9 pm, and on Friday and Saturday from 9 am until 6 pm.

FURTHER INFORMATION CONTACT: Please contact either Beverly Hudson or Diane Barrett, US EPA Region 4, 61 Forsyth Street SW, Atlanta, GA 30303-3104, at 1-800-435-9233 ext. 28816 or 28830.

SUPPLEMENTARY INFORMATION:

I. Introduction

This notice is to announce EPA's intent to delete the Unit Structures Property portion of Koppers Company, Inc. Site from the NPL. It also serves to request public comments on the deletion proposal. EPA will accept comments on this proposal action for deletion until July 23, 1997.

EPA identifies Sites that appear to present a significant risk to public health, welfare, or environment and maintains the NPL as the list of these Sites. Sites on the NPL qualify for remedial responses financed by the Hazardous Substances Response Trust Fund (Fund). As described in section 300.425(e)(3) of the NCP, Sites deleted from the NPL remain eligible for Fund-

financed remedial actions in the unlikely event that conditions at the site warrant such actions.

II. NPL Deletion Criteria

The NCP establishes the criteria that EPA uses to delete Sites from the NPL. In accordance with section 300.425(e) of the NCP, Sites may be deleted from the NPL where no further response is appropriate. On November 1, 1995, EPA published a notice in the **Federal Register** governing Partial Deletion of Sites listed on the National Priorities List, (60 FR 55411, November 1, 1995). That Policy allows for deletion of portions of Sites that meet the standard provided in the NCP. In making this determination, EPA, in consultation with the State, considers whether this Site has met any of the following criteria for Site deletion:

(i) Responsible or other parties have implemented all appropriate response actions required;

(ii) All appropriate response actions under CERCLA have been implemented and no further response actions are deemed necessary; or

(iii) Remedial investigation has determined that the release poses no significant threat to public health or the environment and, therefore, no remedial action is appropriate.

III. Deletion Procedures

EPA Region 4 will accept and evaluate public comments before making a final decision to delete. Comments from the local community may be the most pertinent to deletion decisions. The following procedures were used for the intended deletion of the Unit Structures Property portion of the Koppers Site:

(1) EPA Region 4 has recommended deletion and has the relevant documents.

(2) The State has concurred with the decision to delete the Unit Structures property.

(3) Concurrent with this announcement, a notice has been published in the local newspaper and has been distributed to appropriate federal, state, and local officials announcing the commencement of a 30-day public comment period on the Notice of Intent to Delete.

(4) EPA has made all relevant documents available for public review at the information repository and in the Regional Office.

Partial deletion of a Site from the NPL does not itself create, alter, or revoke any individual's rights or obligations. The NPL is designed primarily for information purposes and to assist EPA management. As mentioned earlier,
