Science Advisory Board; Notification of Public Advisory Committee Meetings

July 1997.

Pursuant to the Federal Advisory Committee Act, Public Law 92–463, notice is hereby given that several committees of the Science Advisory Board (SAB) will meet on the dates and times described below. All meetings are open to the public. Due to limited space, seating at meetings will be on a first-come, first-served basis. For further information concerning specific meetings, please contact the individuals listed below. Documents that are the subject of SAB reviews are normally available from the originating EPA office and are *not* available from the SAB Office.

1. Integrated Risk Project Multi-Stressor Work Group

The Multi-Stressor Work Group of the SAB's Integrated Risk Project (IRP) will meet on July 7-8, 1997, in the Palau Room on the first floor of EPA Region IX Offices, 75 Hawthorne Street, San Francisco, CA 94105. The meeting will begin at 8:30 am Pacific Time on July 7 and at 8 am Pacific Time on July 8, and end no later than 5:30 pm Pacific Time on both days. The purpose of the meeting is to develop a methodology for considering more than one stressor (e.g., chemical pollutant) at a time when estimating the impact of one risk reduction option over another (e.g., incineration vs. landfilling). The Multi-Stressor Work Group (MSWG) was established at the request of the Chair of the IRP Steering Committee to work on this task, and the results of the MSWG meeting will be considered by the Steering Committee at its meeting on July 9-11, 1997 (see below for details of that meeting).

The specific charge to the MSWG and the agenda for the meeting are available from the Office of the Science Advisory Board and on the SAB's website (www.epa.gov/sab).

For Further Information: Any member of the public wishing further information concerning the meeting or

who wishes to submit comments should contact Stephanie Sanzone, Acting Designated Federal Official for the MSWG, no later than 4:00pm Eastern Time on July 2, 1997, at Science Advisory Board (1400), U.S. EPA, Washington, DC 20460, phone (202) 260-6557; fax (202) 260-7118; or via the Internet at:

2. Integrated Risk Project Steering Committee

The Integrated Risk Project (IRP) Steering Committee, an ad hoc committee established by the Executive Committee of the Science Advisory Board, will meet on July 9-11, 1997, at the Ramada Hotel Olde Towne, 901 N. Fairfax Street, Alexandria, VA, telephone (703) 683-6000. The meeting will begin at 1:30 pm eastern time on July 9, and at 8 am on July 10 and 11, and end no later than 5:30 pm each day. Seating will be limited and available on a first-come, first-served basis. The purpose of the meeting is to review and revise a draft report, being developed as part of the Integrated Risk Project, describing an integrated model for decision-making that incorporates information on risks to ecosystems and humans, risk reduction options, and their economic and societal implications.

Background on the Integrated Risk Project (IRP): In a letter dated October 25, 1995, to Dr. Matanoski, Chair of the SAB Executive Committee, Deputy Administrator Fred Hansen charged the SAB to: (a) develop an updated ranking of the relative risk of different environmental problems based upon explicit scientific criteria; (b) provide an assessment of techniques and criteria that could be used to discriminate among emerging environmental risks and identify those that merit serious, near-term Agency attention; (c) assess the potential for risk reduction and propose alternative technical risk reduction strategies for the environmental problems identified; and d) identify the uncertainties and data quality issues associated with the relative rankings. The project is being conducted by several SAB panels, working at the direction of an ad hoc Steering Committee established by the Executive Committee.

Single copies of Reducing Risk, the report of the previous relative risk ranking effort of the SAB, can be obtained by contacting the SAB's

Committee Evaluation and Support Staff (1400), 401 M Street, SW, Washington, DC 20460, telephone (202) 260-8414, or fax (202) 260-1889. In general, each individual or group making an oral presentation will be limited to a total time of ten minutes. For conference call meetings, opportunities for oral comment will be limited to no more than five minutes per speaker and no more than fifteen minutestotal. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date, may be mailed to the relevant SAB committee or subcommittee prior to its meeting; comments received too close to the meeting date will normally be provided to the committee at its meeting. Written comments may be provided to the relevant committee or subcommittee up until the time of the
