Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvement Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. GENERAL SERVICES ADMINISTRATION

Adaptive of an Historic Resource— Public Information Meeting

The U.S. General Services Administration (GSA) announces the Monday, June 9, 1997 issuance of a Request For Qualifications for the Development and Management of a National Historic Landmark. The General Post Office, a mid-nineteenth century historic property also known as the Tariff Commission building is located on Square 430, the city block between 7th & 8th Streets and E and F Streets, NW in Washington, District of Columbia on June 9, 1997. Response submissions from interested parties are due August 11, 1997. Copies of the GSA Request for Qualifications are available upon request from Elizabeth Gibson,

U.S. General Services Administration, National Capital Region, Portfolio Management, Suite 7600, 7th & D Sts., S.W., Washington, DC 20407. For further information telephone 202-708-5334 or FAX 202-708-7671. Accordingly, the U.S. General Services Administration invites the public to a general information meeting on Monday, July 7, 1997 at 6 p.m. at the Naval Heritage Center, 701 Pennsylvania Avenue, N.W., Washington, DC 20004-2608. The entrance is on the ground floor in the east Market Square Building adjacent to the Archives/Navy Memorial Metro-Station-Yellow and Green Lines. The purpose of the meeting is to begin to solicit public participation in the identification of adaptive use concepts for the public building.

GSA is seeking private investment to restore and reuse an important historic property that no longer has a viable Federal use. Adaptive use concepts must be financially feasible and generate long term revenues for the federal government. GSA intends to retain ownership of the property for safekeeping while creating the opportunity for the private sector to change use of the property and keep it accessible for the public.

For additional information on the federal undertaking see the Internet Web Page http://www.gsa.gov/regions/r11/ ncr.htm. For additional information on the historic property see the Historic American Building Survey No. DC–219 and U.S. Department of Interior National Register No. 69000311.

Dated: June 16, 1997.

Arthur M. Turowski,

Director, Portfolio Management Division, WPT.
