[Project No. 2232-336]

Duke Power Company; Notice of Availability of Environmental Assessment

June 26, 1997.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's Regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47910), the Office of Hydropower Licensing (OHL) has reviewed an application for non-project use of project lands and waters. Duke Power Company proposes to permit the Town of Davidson to excavate Davidson Pond, a small

embayment of Lake Norman, the project reservoir. The Town of Davidson requests permission to remove about 14,000 cubic yards of material to re-establish the shoreline and pond bottom to its original size, shape, and depth. In the EA, staff concludes that approval of the licensee's proposal would not constitute a major Federal action significantly affecting the quality of the human environment. The pond is located within the Catawba-Wataeree Project in the Town of Davidson, Mecklenburg County, North Carolina.

The EA was written by staff in the Office of Hydropower Licensing, Federal Energy Regulatory Commission. Copies of the EA are available for review at the Commission's Reference and Information Center, Room 2-A, 888 First Street, N.E., Washington, D.C. 20426. Additional information can be obtained by calling the project manager, Brian Romanek at (202) 219-3076.
