

follow up documents must address the impact of the proposed WTF site, and the cumulative impact in relation to it, any existing, or future sites.

6. The public will be given the opportunity to participate fully and comment on applications for the use of any park property for a WTF Site. Public participation will be accomplished as part of the Comprehensive Assessment process, as part of the NEPA process, or using any method normally used by the park for this purpose.

B. Processing WTF Applications

1. Applicants for WTF sites must submit an application for a right-of-way permit pursuant to Title 36, Code of Federal Regulations, Part 14, and the Special Park Uses Handbook, including the payment of the application fee. After receipt of a complete application, the Superintendent will undertake an initial evaluation, as required by GSA procedures, within 60 days, and provide a determination in writing to the applicant. Documentation of this decision will become a part of the written administrative record.

2. If the Superintendent determines, based on the initial evaluation of the WTF application, that use of the proposed site would result in a derogation of park resources, values or purposes, the Superintendent will reject the application and provide the applicant with a written notification of the reasons for rejection.

3. If the Superintendent determines, based on the initial evaluation of the WTF application, that the use of the proposed site may be appropriate, pending further evaluation, the applicant will be notified of that determination in writing. In addition, Superintendents should make every effort to notify other FCC licensees authorized to provide the same type of wireless communications service within the park's boundaries. This is necessary to determine if multiple parties may be interested in sites within the park. Further evaluation requirements may include:

(a) Compliance with NEPA, NHPA, and other applicable laws and regulations, and the Special Park Uses Handbook.

OR

(b) If the Superintendent has determined that there is a need for a Comprehensive Assessment for reasons including but not limited to multiple applicants, or the proposed sites are in sensitive areas of the park, then the Superintendent, in addition to the compliance required under 3(a) above, should address the matter by preparing a Comprehensive Telecommunications

Site Assessment (CTSA) pursuant to the procedures in the Special Park Uses Handbook. The Superintendent will provide the applicant with further information about how the CTSA will be prepared, the estimated timetable, and the estimated additional costs which the applicant may incur because of this procedure.

(c) In all cases, the NPS will work with the applicant to process these applications in a timely manner, dependent upon the degree of complexity.

4. After all required compliance documents have been satisfactorily completed and approved, and the requested use is still determined to not be in derogation of the resources, values and purposes of the park, the Superintendent will prepare the appropriate right-of-way permit(s) for signature by the applicant and the Regional Director as provided for in 36 CFR Part 14. If, upon final review, the Superintendent does determine that the requested use is in derogation of the resources, values and purposes of the park, the Superintendent will reject the request and provide the applicant with the reasons for rejection. The Superintendent will also provide the applicant with the procedures for appealing that rejection.

More detailed information, including additional background and required procedures, can be found in the Special Park Uses Handbook, Appendix 8, Exhibit 6, "Rights-of-Way for Telecommunications Facilities."

INTERNATIONAL TRADE COMMISSION

[Investigation No. 332-237]

Production Sharing: Use of U.S. Components and Materials in Foreign Assembly Operations, 1993-96 (U.S. Imports Under Production-Sharing Provisions of Harmonized Tariff Schedule Heading 9802)

AGENCY: United States International Trade Commission.

EFFECTIVE DATE: July 17, 1997.

ACTION: Opportunity to submit written statements in connection with the report which covers developments in 1996.

SUMMARY: The Commission has prepared and published annual reports on production sharing under this series since 1986. The Commission plans to publish the next report in December 1997, which will cover U.S. import data on production sharing for 1993-96.

Alternative collection methods for production-sharing trade data are being considered by various government entities to improve this statistical review, as noted in the recently published report. Comments and suggestions regarding this issue are welcome in written submissions as specified below. The latest report for the period 1992-1995 (USITC Publication 3032, April 1997) may be obtained from the ITC's Internet server (<http://www.usitc.gov> or <ftp://ftp.usitc.gov>). A printed report may be requested by contacting the Office of the Secretary at 202-205-2000, or by fax at 202-205-2104.

FOR FURTHER INFORMATION CONTACT: Questions about the production-sharing

report may be directed to Ralph J. Watkins, Office of Industries (202-205-3492). For information on legal aspects, please contact Mr. William W. Gearhart, Office of General Counsel (202-205-3091). The media should contact Ms. Margaret O'Laughlin, Public Affairs Officer (202-205-1819). Hearing impaired individuals are advised that information on this matter can be obtained by contacting the TDD terminal on (202-205-1810).

Background: The initial notice of institution of this investigation was published in the **Federal Register** of September 4, 1986 (51 F.R. 31729). The report has been published in the current series under investigation No. 332-237 annually since December 1986. The report, originally entitled "Imports Under Items 806.30 and 807.00 of the Tariff Schedules of the United States, 1982-85," has undergone a number of changes in the title to reflect the adoption of the Harmonized Tariff Schedule (HTS) and modifications to the applicable provisions of that schedule.

As in past years, the report will provide an analysis of developments in U.S. imports under the production-sharing provisions of the HTS, focusing on shifts in trade and product mix as well as trends by principal country sources and industry groups. The report will also assess U.S. production generated as a result of foreign assembly, the use of production sharing by foreign manufacturers, the effect of the North American Free Trade Agreement (NAFTA) on U.S. parts producers, and developments in the global integration of specific industries. The report will also contain a special section on the use of maquiladoras in Mexico by Canadian companies and their relationship with parts producers in the United States.

Written Submissions: No public hearing is planned. However interested persons are invited to submit written comments on developments in production-sharing trade. Commercial or financial information that a submitter desires the Commission to treat as confidential must be provided on separate sheets of paper, each clearly marked "Confidential Business Information" at the top. All submissions requesting confidential treatment must conform with the requirements of section 201.6 of the Commission's Rules of Practice and Procedure (19 C.F.R. 201.6). All written submissions, except for confidential business information, will be made available in the Office of the Secretary of the Commission for inspection by interested persons. To be assured of consideration by the

Commission, written statements relating to the Commission's report should be submitted to the Commission at the earliest practical date and should be received no later than the close of business on September 2, 1997. All submissions should be addressed to the Secretary, United States International Trade Commission, 500 E Street, SW, Washington, DC 20436.

Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at (202) 205-2000.

List of Subjects: Production sharing, foreign assembly, infrastructure, globalization, apparel, NAFTA.

Issued: July 18, 1997

By order of the Commission.

Donna R. Koehnke,

Secretary.

INTERNATIONAL TRADE COMMISSION

[Investigation 332-372]

The Economic Implications of Liberalizing APEC Tariff and Nontariff Barriers to Trade

AGENCY: United States International Trade Commission.

ACTION: Scheduling of public symposium.

EFFECTIVE DATE: July 14, 1997.

SUMMARY: Following receipt on November 1, 1996 of a request from the U.S. Trade Representative (USTR), the Commission instituted investigation No. 332-372, *The Economic Implications of Liberalizing APEC Tariff and Nontariff Barriers To Trade*, under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)). The USTR asked that the Commission provide an objective, critical report, based on a symposium to be held by the Commission, on the identification and assessment of the impact of nontariff barriers (NTBs) to trade and investment in APEC and on the general equilibrium modeling of APEC trade liberalization. As indicated in the notice published in the **Federal Register** of December 4, 1996 (61 F.R. 64365) announcing institution of the investigation, the symposium schedule was to be published in a subsequent **Federal Register** Notice.

FOR FURTHER INFORMATION CONTACT: Nancy Benjamin, Office of Economics, at (202) 205-3125. The media should contact Margaret O'Laughlin, Office of External Relations (202-205-1819).
