DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30DAY-27]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Office on (404) 639-7090. Send written comments to CDC, Desk Officer; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503. Written

comments should be received within 30 days of this notice.

The following requests have been submitted for review since the last publication date on January 16, 1997.

Proposed Projects

1. The National Home and Hospice Care Survey (NHHCS)—(0920-0298)—Revision—The National Home and Hospice Care Survey (NHHCS) was conducted in 1992, 1993, 1994 and 1996. It is part of the long-term Care component of the National Health Care Survey. Section 306 of the Public Health Service Act states that the National Center for Health Statistics "shall collect statistics on health resources * * * [and] utilization of health care, including utilization of * * * services of hospitals, extended care facilities, home health agencies, and other institutions." NHHCS data are used to examine this most rapidly expanding sector of the health care industry. Data from the NHHCS are widely used by the health care industry and policy makers for such diverse analyses as the need for various medical supplies; minority access to health care; and planning for the health care needs of the elderly. The NHHCS also reveals detailed information on utilization patterns, as needed to make accurate assessments of the need for and costs associated with such care. Data from earlier NHHCS collections have been used by the Congressional Budget Office, the Bureau of Health Professions, the Maryland Health Resources Planning Commission, the National Association for Home Care, and by several newspapers and journals. Additional uses are expected to be similar to the uses of the National Nursing Home Survey. NHHCS data cover: baseline data on the characteristics of hospices and home health agencies in relation to their patients and staff, Medicare and Medicaid certification, costs to patients, sources of payment, patients' functional status and diagnoses. Data collection is planned for the period July-October, 1997. Survey design is in process now. Sample selection and preparation of layout forms will precede the data collection by several months. The total annual burden is 5,000.
