SUPPLEMENTARY INFORMATION:

Title: The Integrity Profile (TIP).
OMB Number: 0584-0401.

Expiration Date: 1-31-98.

Type of Request: Extension of a Currently Approved Collection.

Abstract: State agencies administering the Special Supplemental Nutrition Program for Women, Infants and Children (WIC Program) are required by 7 CFR 246.12(i)(3) to submit to FCS an annual summary of the results of their vendor monitoring efforts in order to provide Congress, senior FCS officials, as well as the general public, assurance that every reasonable effort is being made to ensure integrity in the WIC Program.

Since 1989, integrity data has been required to be submitted annually for analysis and the Vendor Activity Monitoring Profile (VAMP) report has been traditionally produced by FCS which shows the level of monitoring and investigation conducted by WIC State agencies to detect and eliminate, or substantially reduce, vendor fraud and abuse. The WIC Program recently reassessed State and Federal data collection and reporting needs as they relate to the integrity of the WIC Program. Based on this reassessment, The Integrity Profile (TIP) was developed, which will replace the current VAMP data system.

Approximately 25 data elements that had been reported in VAMP were eliminated and about 15 data elements were added to the data that is currently reported to form the new TIP reporting system. Whereas VAMP focused on vendors that were investigated, TIP will better reflect all monitoring efforts, not just investigations conducted. The TIP report will better describe State agency efforts to not only detect abuse but also prevent abuse from occurring and better describe the characteristics of the vendor population. Lastly, the TIP report makes better use of existing data that is captured in State automated

systems. Reporting will be streamlined, as data will be downloaded from State systems and transmitted to FCS electronically.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 20.8 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Respondents: The Program Director of each WIC State agency, which is generally a State Health Department or an Indian Tribal Organization.

Estimated Number of Respondents: 88 respondents.

Estimated Number of Responses Per Respondent: One.

Estimated Total Annual Burden on Respondents: 1,830.4 hours.

Dated: July 21, 1997.

William E. Ludwig,

Administrator, Food and Consumer Service.
