PENSION BENEFIT GUARANTY CORPORATION

Interest Assumption for Determining Variable-Rate Premium; Interest Assumptions for Multiemployer Plan Valuations Following Mass Withdrawal

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of interest rates and assumptions.

SUMMARY: This notice informs the public of the interest rates and assumptions to be used under certain Pension Benefit Guaranty Corporation regulations. These

rates and assumptions are published elsewhere (or are derivable from rates published elsewhere), but are collected and published in this notice for the convenience of the public. Interest rates are also published on the PBGC's home page (<http://www.pbgc.gov>).

DATES: The interest rate for determining the variable-rate premium under part 4006 applies to premium payment years beginning in September 1997. The interest assumptions for performing multiemployer plan valuations following mass withdrawal under part 4281 apply to valuation dates occurring in October 1997.

FOR FURTHER INFORMATION CONTACT: Harold J. Ashner, Assistant General Counsel, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202-326-4024 (202-326-4179 for TTY and TDD).

SUPPLEMENTARY INFORMATION:

Variable-Rate Premiums

Section 4006(a)(3)(E)(iii)(II) of the Employee Retirement Income Security Act of 1974 (ERISA) and § 4006.4(b)(1) of the PBGC's regulation on Premium Rates (29 CFR part 4006) prescribe use of an assumed interest rate in determining a single-employer plan's variable-rate premium. The rate is the "applicable percentage" (described in the statute and the regulation) of the annual yield on 30-year Treasury securities for the month preceding the beginning of the plan year for which premiums are being paid (the "premium payment year"). The yield figure is reported in Federal Reserve Statistical Releases G.13 and H.15.

For plan years beginning before July 1, 1997, the applicable percentage of the 30-year Treasury yield was 80 percent. The Retirement Protection Act of 1994 (RPA) amended ERISA section 4006(a)(3)(E)(iii)(II) to provide that the applicable percentage is 85 percent for plan years beginning on or after July 1, 1997, through (at least) plan years beginning before January 1, 2000.

However, under section 774(c) of the RPA, the application of the amendment is deferred for certain regulated public utility (RPU) plans for as long as six months. The applicable percentage for RPU plans will therefore remain 80 percent for plan years beginning before January 1, 1998. (The rules governing the applicable percentages for "partial" RPU plans are described in § 4006.5(g) of the premium rates regulation.)

For plans for which the applicable percentage is 85 percent, the assumed interest rate to be used in determining variable-rate premiums for premium

payment years beginning in September 1997 is 5.59 percent (*i.e.*, 85 percent of the 6.58 percent yield figure for August 1997).

The following table lists the assumed interest rates to be used in determining variable-rate premiums for premium payment years beginning between October 1996 and September 1997. The rates for July through September 1997 in the table reflect an applicable percentage of 85 percent and thus apply only to non-RPU plans. However, the rates for months before July 1997, which reflect an applicable percentage of 80 percent, apply to RPU (and "partial" RPU) plans as well as to non-RPU plans.

For premium payment years beginning in:	The assumed interest rate is:
October 1996	5.62
November 1996	5.45
December 1996	5.18
January 1997	5.24
February 1997	5.46
March 1997	5.35
April 1997	5.54
May 1997	5.67
June 1997	5.55
July 1997	5.75
August 1997	5.53
September 1997	5.59

For premium payment years beginning in September 1997, the assumed interest rate to be used in determining variable-rate premiums for RPU plans (determined using an applicable percentage of 80 percent) is 5.26 percent. For "partial" RPU plans, the assumed interest rates to be used in determining variable-rate premiums can be computed by applying the rules in § 4006.5(g) of the premium rates regulation. The PBGC's 1997 premium payment instruction booklet also describes these rules and provides a worksheet for computing the assumed rate.

Multiemployer Plan Valuations Following Mass Withdrawal

The PBGC's regulation on Duties of Plan Sponsor Following Mass Withdrawal (29 CFR part 4281) prescribes the use of interest assumptions under the PBGC's regulation on Allocation of Assets in Single-employer Plans (29 CFR part 4044). The interest assumptions applicable to valuation dates in October 1997 under part 4044 are contained in an amendment to part 4044 published elsewhere in today's **Federal Register**. Tables showing the assumptions applicable to prior periods are codified in appendix B to 29 CFR part 4044.

Issued in Washington, D.C., on this 10th day of September 1997.

David M. Strauss,

Executive Director, Pension Benefit Guaranty Corporation.

SECURITIES AND EXCHANGE COMMISSION

Issuer Delisting; Notice of Application To Withdraw From Listing and Registration; (Equisure, Inc., Common Stock, \$0.001 Par Value) File No. 1-12483

September 10, 1997.

Equisure, Inc. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the above specified security ("Security") from listing and registration on the American Stock Exchange, Inc. ("Amex" or "Exchange").

The reasons alleged in the application for withdrawing the Security from listing and registration include the following:

According to the Company, on August 14, 1997, the Company received a letter from the Exchange stating that the Exchange had made a determination to delist the Security.

The Company has decided to settle matters by removing the Security from the Exchange. The Company believes that due to the impasses between the Exchange and the Company and the anticipated large expenditures of money and management time that would be required before a final resolution of the matters at issue could be obtained, it is in the best interest of the Company and its shareholders that matters be settled by delisting the Security from the Exchange.

The Exchange has also agreed that it would be in the best interest of the Exchange and the investing public to resolve this issue between the Company and the Exchange in this manner.

Any interested person may, on or before September 30, 1997, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549, facts bearing upon whether the application has been made in accordance with the rules of the exchanges and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information

submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,

Secretary.
