

pursuant to part 209 Departmental Manual, Chapter 8.1A and Memorandum dated January 25, 1994, from Chief of Staff, Department of the Interior, to Assistant Secretaries, and Heads of Bureaus and Offices.

This notice is given in accordance with § 171.1(e) of part 171, Subchapter H, Chapter 1, of Title 25 of the Code of Federal Regulations, which provides for the fixing and announcing the rates for annual operation and maintenance assessments and related information of the Fort Belknap Irrigation Project for Calendar Year 1998 and subsequent years.

The assessment rates are based on a prepared estimate of the cost of normal operation and maintenance of the irrigation project. Normal operation and maintenance means the expenses we incur to provide direct support or benefit to the project's activities for administration, operation, maintenance, and rehabilitation. We must include at least:

- (a) Personnel salary and benefits for the project engineer/manager and our employees under his management/control;
- (b) Materials and supplies;
- (c) Major and minor vehicle and equipment repairs;
- (d) Equipment, including transportation, fuel, oil, grease, lease and replacement;
- (e) Capitalization expenses;
- (f) Acquisition expenses; and
- (g) Other expenses we determine necessary to properly perform the activities and functions characteristic of an irrigation project.

#### Payments

The irrigation operation and maintenance assessments become due based on locally established payment requirements. No water will be delivered to any of these lands until all irrigation charges have been paid.

#### Interest and Penalty Fees

Interest, penalty, and administrative fees will be assessed, where required by law, on all delinquent operation and maintenance assessment charges as prescribed in the Code of Federal Regulations, Title 4, Part 102, Federal Claims Collection Standards; and 42 BIAM Supplement 3, part 3.8 Debt Collection Procedures. Beginning 30 days after the due date interest will be assessed at the rate of the current value of funds to the U.S. Treasury. An administrative fee of \$12.50 will be assessed each time an effort is made to collect a delinquent debt; a penalty charge of 6 percent per year will be charged on delinquent debts more than

90-days old and will accrue from the date the debt became delinquent. No water will be delivered to any farm unit until all irrigation charges have been paid. After 180-days a delinquent debt will be forwarded to the United States Treasury for further action in accordance with Debt Collection Improvement Act of 1996 (Pub. L. 104-134).

#### Notice of Realty Action

**ACTION:** Notice of realty action, direct sale, Jackson County, Oregon—OR 53422.

**SUMMARY:** The following land is suitable for direct sale under Section 203 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1713, and at no less than the appraised fair market value. The land will not be offered for sale until at least 60 days after publication of this notice.

#### Willamette Meridian, Oregon

T. 39 S., R. 2 E., Section 1, NW¼NE¼;

Section 17, SE¼NE¼, NE¼SE¼

Containing 120.50 acres.

The above described lands are hereby segregated from appropriation under the public land laws, including the mining laws, but not from sale under the above cited statute, for 270 days or until title transfer is completed or the segregation is terminated by publication in the

**Federal Register**, whichever occurs first.

This land is difficult and uneconomical to manage as part of the public lands and is not suitable for management by another federal agency. No significant resource values will be affected by this disposal. The sale is consistent with the Medford District's Resource Management Plan for the land involved and the public interest will be served by the sale.

Purchasers must be United States citizens, 18 years of age or older, a state or state instrumentality authorized to hold property, or a corporation authorized to own real estate in the state in which the land is located.

The land is being offered to James C. Miller, III using the direct sale procedure authorized under 43 CFR 2711.3-3. Direct sale is appropriate

since the lands are isolated and lack legal access. Mr. Miller is one of three adjoining landowners, however, the others have stated they have no interest in acquisition of the lands. It has been determined that the subject parcels contain no known mineral values. Acceptance of a direct sale offer will constitute an application for conveyance of those mineral interests having no known value. The applicant will be required to pay a \$50.00 non-refundable filing fee for conveyance of said mineral interest. The land will not be offered for sale until at least 60 days after publication of this in the **Federal Register**.

A quit claim deed when issued, will contain the following reservation to the United States:

A right-of-way thereon for ditches or canals constructed by the authority of the United States pursuant to the act of August 30, 1890 (43 U.S.C. 945).

**FOR FURTHER INFORMATION CONTACT:** Jan Miller, Realty Specialist, Bureau of Land Management, 3040 Biddle Road, Medford, Oregon 97504, (541) 770-2221.

For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments to the District Manager, Medford District Office, Bureau of Land Management, 3040 Biddle Road, Medford, Oregon 97504. In the absence of timely objections, this proposal shall become the final determination of the Department of the Interior.

Dated: September 22, 1997.
