Bureau of Land Management

[WO–350–1540–01]

**Information Collection Submitted to
the Office of Management and Budget
for Review Under the Paperwork
Reduction Act**

The proposal for the collection of information listed below has been submitted to the Office of Management and Budget for an extension of approval under the provisions of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.* Copies of the proposed collection of information and related forms and explanatory material may be obtained by contacting the Bureau's Clearance Officer at the phone number listed below. On April 16, 1997, BLM published a notice in the **Federal Register** (62 FR 18645) requesting comments on this collection. The comment period closed on May 15, 1997. BLM received no comments from the public in response to that notice.

OMB is required to respond to this request within 60 days but may respond within 30 days. For maximum consideration, your comments and suggestions should be made within 30 days directly to: the Office of Management and Budget, Interior Desk Officer (1004–0157), Office of Information and Regulatory Affairs, Washington, D.C. 20503. Please provide a copy of your comments to: Bureau of Land Management Clearance Officer (WO–630), Department of the Interior, 1849 C St., N.W., Mail Stop 401 LS, Washington, D.C. 20240.

Nature of Comments: We specifically request your comments on the following:

1. Whether the collection of information is necessary for the proper

functioning of BLM, including whether or not the information will have practical utility;

2. The accuracy of BLM's estimate of the burden of collecting the information, including the validity of the methodology and assumptions used;

3. The quality, utility and clarity of the information to be collected; and

4. How to minimize the burden of collecting the information on those who are to respond, including the use of appropriate automated electronic, mechanical or other forms of information technology.

Title: Cost Reimbursement for Right-of-Way Grants Under the Federal Land Policy and Management Act.

OMB Approval Number: 1004–0157.

Abstract: Right-of-way applicants supply information to aid BLM in determining if they are entitled to a set-off against reimbursement of costs to the Government and the reasonable level of any such set-off, pursuant to 43 CFR 2808.3–2.

Description of Respondents:

Applicants who believe that they are eligible for reimbursement reductions for public benefit or service aspects of the proposed right-of-way project.

Estimated Completion Time: 3 hours per application.

Annual Responses: 14.

Annual Burden Hours: 42.

Bureau Clearance Officer: Carole Smith, (202) 452–0367.

Dated: September 18, 1997.

Carole J. Smith,

*Bureau of Land Management Clearance
Officer.*

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[MT–020–1060–00]

**Temporary Closure of Public Lands in
the Southeastern Portion of Carbon
County, MT and the Northern Portion
of Big Horn County, WY**

AGENCY: Bureau of Land Management (BLM), Montana, Miles City District, Billings Resource Area, Interior.

ACTION: Temporary, rotating closure of designated areas of the Pryor Mountain Wild Horse Range to public access.

SUMMARY: Notice is served that designated areas of the Pryor Mountain Wild Horse Range will be closed to public access on a temporary and rotating basis during the wild horse gather operation scheduled to begin on or about October 20, 1997. It is

anticipated that the gather operation will take approximately two weeks depending on the weather. Upon initiation, gather efforts will focus first on Sykes Ridge, then the Bighorn Canyon National Recreation Area "Dryhead" area, and finally Burnt Timber Ridge. As such, it will be necessary to individually close, including road access, either Burnt Timber Ridge or Sykes Ridge for a 3–4 day period during helicopter operation. Only one area will be affected at a time. Gather efforts within the "Dryhead" area will be coordinated through the National Park Service. This area will not be closed, but some traffic control may be in effect during actual days of helicopter operation. The public land affected by this rotating closure is located at:

This closure is necessary to ensure the safety and welfare of all participants and observers for this gather, and to protect the wild horses as a natural resource on public lands. Efforts will be made to avoid time periods, such as weekends, of heavier anticipated public use of the range. The helicopter contractor is available to work on weekends, however, and this may be necessary due to temporary weather shut-downs or other unforeseen circumstances.

DATES: Rotating closures will be in effect from on or about October 20, 1997 through the conclusion of the gather operation, anticipated to conclude November 1, 1997 depending on weather conditions.

FOR FURTHER INFORMATION CONTACT:

Burton D. Williams, Area Manager, BLM, Billings Resource Area Office, 810 E. Main, Billings, Montana 59105 or call (406) 238–1540.

SUPPLEMENTARY INFORMATION: Authority for this action is outlined in Title 43 Code of Federal Regulations, Subparts 8364 (43 CFR 8364.1). Any person who fails to comply with this closure is subject to arrest and a fine up to \$1000 or imprisonment not to exceed 12 months, or both. This closure applies to all persons except persons authorized by the Bureau of Land Management and involved in the gather process.

For the first time, helicopters will be used as the primary tool to gather horses into the Britton Springs Corral Facility at the south end of the Pryor Mountain Wild Horse Range. In order to use the helicopter in a safe and effective manner, it is necessary to close the affected area while the helicopter operation is underway. The wild horses are separated into social groups that occupy three fairly distinct geographic areas of the range including Sykes Ridge, Burnt Timber Ridge and the Bighorn Canyon National Recreation Area "Dryhead" area. Gather efforts will be selective and will focus on one subpopulation of horses at a time. It is estimated that use of a helicopter will facilitate the timeliness, such that an average of 3–4 days will be necessary to gather horses from each geographic area.

Dated: September 24, 1997.

Timothy M. Murphy,
District Manager.
