

SUPPLEMENTARY INFORMATION:

Title: Clean Water Needs Survey (OMB Control No. 2040-0050; EPA ICR No. 318.07.) expiring 11/30/97. This is a request for extension of a currently approved collection for an inventory and cost estimate of those capital improvements needed to be made to new and existing wastewater treatment plants and collector systems eligible for funding under the Clean Water Act, to meet the requirements under the Clean Water Act. In addition, data collection on abandoned mine runoff is planned as a pilot partial survey for 7 States.

Abstract: The data base for the Clean Water Needs Survey (CWNS) data on Publicly Owned Treatment Works (POTWs, wastewater treatment plants) which is collected by the 50 States and Puerto Rico is being modernized. It has been designed and tested and will be made available to the States to start entering their data and training their staff on the use of the new data base so that the States will be ready in time for the 2000 Clean Water Needs Survey. In addition, data will be collected on the runoff from abandoned mines as a pilot partial survey of 7 States, by those 7 States, to improve the quality of the 2000 CWNS. The States are required to supply this information in order to be eligible for funding for the POTW facilities surveyed under the Clean Water Act and State Revolving Fund. The data is compiled and published every 4 years in a Clean Water Needs Survey, and FOIA requests are answered and extracts of data will be placed on the Internet. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** Notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on 5/13/97 (62 FR 26303); no comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 59 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing

and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: The 50 States and Puerto Rico..

Estimated Number of Respondents: 51.

Frequency of Response: Once in two years.

Estimated Total Annual Hour Burden: 3,025 hours.

Estimated Total Annualized Cost Burden: \$90,750.00.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No 318.07 and OMB Control No. 2040-0050 in any correspondence.

Ms. Sandy Farmer, U.S. Environmental Protection Agency, OPPE Regulatory Information Division (2137), 401 M Street, SW, Washington, DC 20460. (or E-Mail Farmer.Sandy@epamail.epa.gov) and

Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA, 725 17th Street, NW, Washington, DC 20503.

Dated: October 30, 1997.

Richard Westlund,

Acting Director, Regulatory Information Division.

Agency Information Collection Activities: Submission for OMB Review; Comment Request; National Emission Standards for Hazardous Air Pollutants for Source Categories: Gasoline Distribution (Stage I)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the following Information

Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: National Emission Standards for Hazardous Air Pollutants for Source Categories: Gasoline Distribution (Stage I), 40 CFR part 63, subpart R, OMB Control Number 2060-0325, expiring on December 31, 1997. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before December 5, 1997.

FOR FURTHER INFORMATION CONTACT: For information or a copy of the ICR, call Sandy Farmer at EPA, (202) 260-2740, or download off the Internet at <http://www.epa.gov/icr/icr.htm> and refer to EPA ICR No. 1659.03.

SUPPLEMENTARY INFORMATION:

Title: National Emission Standards for Hazardous Air Pollutants for Source Categories: Gasoline Distribution (Stage I), 40 CFR part 63, subpart R, (OMB Control Number 2060-0325; EPA ICR No. 1659.03) expiring on December 31, 1997. This is a request for extension of a currently approved collection.

Abstract: Effective enforcement of this rule is necessary due to the hazardous nature of benzene (a known human carcinogen) and the toxic nature of the other 10 Hazardous Air Pollutants emitted from gasoline distribution facilities. The EPA is charged under section 112 of the Clean Air Act (CAA or Act), as amended, to establish national emission standards for hazardous air pollutants (NESHAP). Section 114 of the Act allows the Administrator to require inspections, monitoring, and entry into facilities to ensure compliance with a section 112 emission standard. Records and reports are necessary to enable the EPA to identify facilities that may not be in compliance with the standards. The information will be used by agency personnel to: (1) identify sources subject to the standards; (2) ensure that leakage emissions from cargo tanks and process piping equipment components (both liquid and vapor) during loading are being minimized; (3) ensure that emission control devices are being properly operated and maintained; and (4) ensure that emissions from storage vessels are minimized and rim seal and fitting defects are repaired on a timely basis. An Agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed

in 40 CFR part 9 and 48 CFR Chapter 15.

The **Federal Register** notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on June 18, 1997 (62 FR 33068); no comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 62 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: New and existing bulk gasoline terminals and pipeline breakout stations

Estimated Number of Respondents: 263.

Frequency of Response: 2 plus on occasion.

Estimated Total Annual Hour Burden: 32,575 hours.

Estimated Total Annualized Cost Burden: \$850,500.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 1659.03 and OMB Control No. 2060-0325 in any correspondence.

Ms. Sandy Farmer, U.S. Environmental Protection Agency, OPPE Regulatory Information Division (2137), 401 M Street, SW, Washington, DC 20460. (or E-Mail Farmer.Sandy@epamail.epa.gov) and

Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA 725 17th Street, NW, Washington, DC 20503.

Dated: October 30, 1997.

Richard T. Westlund,

Acting Director, Regulatory Information Division.

Grants to Assist States in Implementing a Lead-based Paint Accreditation and Certification Program After Passing Enabling Legislation

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Funding Availability (NOFA); solicitation of applications for financial assistance.

SUMMARY: EPA has entered into a Memorandum of Agreement (MOA), and has entered into an interagency agreement, with HUD to administer the remaining funds authorized under section 1011(g) of Title X of the Housing and Community Development Act of 1992. EPA will award grants from these funds under its authority in section 404(g) of the Toxic Substances Control Act (TSCA). This notice announces the availability of \$3,548,910 to provide financial assistance to States for purposes of establishing training, accreditation, and certification programs for professionals engaged in lead-based paint activities listed under section 402 of TSCA, as promulgated on August 29, 1996. These grants are restricted to States seeking assistance in establishing a State training, accreditation, and certification program after passing enabling legislation. Although there is no deadline in submitting an application, applicants should note that the funds are limited to \$3,548,910. These funds will be awarded to States, Territories and the District of Columbia on a first-come first-served basis. Agency receipt of the application will be logged by recording the date and hour of the day that the appropriate EPA Regional Office receives the application. Applications must be sent by certified mail, return receipt requested.

FOR FURTHER INFORMATION CONTACT: For general information, contact: Susan B. Hazen, Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm E-543B, 401 M St., SW., Washington, DC 20460, (202) 554-1404, TDD: (202) 554-0551, e-mail: TSCA-

Hotline@epamail.epa.gov. For technical information, contact the appropriate Regional Primary Lead Contact person listed in Unit IX. of this document.

SUPPLEMENTARY INFORMATION: Title X of the Housing and Community Development Act of 1992, otherwise known as the Residential Lead-based Paint Hazard Reduction Act of 1992, authorized the Secretary of the Department of Housing and Urban Development to provide grants of up to \$200,000 to State governments to develop the capacity to carry out the requirements of section 105(b)(16) of the Cranston-Gonzales National Affordable Housing Act and to carry out activities under this section. Section 1011(g) of Title X set aside \$3,000,000 for each fiscal year of 1993 and 1994 for the purpose of establishing State training, certification, or accreditation programs that meet the requirements of section 402 of the Toxic Substances Control Act (TSCA) once the State has enacted enabling legislation. HUD identified this money as Category II grants and announced the availability of the first year of the \$3,000,000 set aside in the **Federal Register** of June 4, 1993 (58 FR 31848).

HUD had originally estimated that between 15 and 18 grants would be awarded with the FY93 funds. Under that grant cycle, HUD awarded only \$2,451,090 to the following 13 States: Arkansas, California, Connecticut, Louisiana, Maryland, Massachusetts, Minnesota, Missouri, New Jersey, Ohio, Rhode Island, Vermont, and Virginia. The resulting balance of \$548,910 from FY93 combined with \$3,000,000 appropriated by Congress in FY94, provides for the total of \$3,548,910 in grant dollars to be awarded by EPA under this notification.

Approximately 18 grants of up to \$200,000 each will be awarded. Any State that has previously received a Category II Grant from the Department of Housing and Urban Development (HUD) is not eligible to apply for these funds. These States include: Arkansas, California, Connecticut, Louisiana, Maryland, Massachusetts, Minnesota, Missouri, New Jersey, Ohio, Rhode Island, Vermont, and Virginia. States that have passed enabling legislation prior to August 29, 1996 may apply after they meet the program elements listed under Appendix E of HUD's Notice of Funding Availability document (58 FR 31848, June 4, 1993.) States that passed enabling legislation after August 29, 1996 must, at a minimum, meet the requirements set forth under the TSCA section 402 final rule which was published on that date.
