Foreign-Trade Zones Board

[Docket 78-97]

Foreign-Trade Zone 75—Phoenix, Arizona Application For Foreign-Trade Subzone Status; Microchip Technology Inc. (Semiconductors) Chandler and Tempe, Arizona

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of Phoenix, Arizona, grantee of FTZ 75, requesting special-purpose subzone status for the semiconductor manufacturing facilities of Microchip Technology Inc. (Microchip), located at sites in Chandler and Tempe, Arizona. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 30, 1997.

The Microchip facilities are located at two sites in the Phoenix area (Maricopa

County): *Site 1*—(242,000 sq. ft. plus 475,000 sq. ft. planned on 80 acres) 2355 West Chandler Boulevard, Chandler, and *Site 2*—(200,000 sq. ft. on 6 acres) 1200 South 52nd Street, Tempe. The facilities (1,100 employees) are used for the manufacture of a range of semiconductor devices and related products, including field programmable microcontrollers, application-specific processors, related memory products, and application development tools. Foreign-sourced materials (some 10% of total) include halides, adhesives, resins, chemical preparations for photographic uses, molybdenum, transformers, convertors and inductors, insulated wire, instruments for measuring or checking electrical quantities, plastic sheets, plastic and paper packaging materials. Other materials that may also be purchased from abroad include glues and adhesives, transformers, resistors, diodes, transistors, integrated circuits, printed circuits, switches, fasteners, recorded media, and other electrical and automatic data processing equipment and components.

Zone procedures would exempt Microchip from Customs duty payments on foreign components used in export production (some 65% of shipments). On its domestic sales, Microchip would be able to choose the lower duty rate that applies to the finished products (duty-free—3%). The duty rates that apply on foreign-sourced items range from duty-free to 12.5 percent (with most in the 2.1%–7.3% range). FTZ procedures would also allow the deferral of duty payments on foreign capital equipment and parts until fully assembled and ready for production. The application indicates that the savings from zone procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 6, 1998. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to January 21, 1998.

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

In accordance with section 351.213 of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. The Department has changed its requirements for requesting reviews for countervailing duty orders. Pursuant to 771(9) of the Act, an interested party must specify the individual producers or exporters covered by the order or suspension agreement for which they are requesting a review (Department of Commerce Regulations, 62 FR 27295, 27424 (May 19, 1996)). Therefore, for both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from

other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, N.W., Washington, D.C. 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Enforcement, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended

Investigation" for requests received by the last day of November 1997. If the Department does not receive, by the last day of November 1997, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is required by statute but is published as a service to the international trading community.

Dated: October 31, 1997.

Richard W. Moreland,
*Acting Deputy Assistant Secretary, Group II
Import Administration.*
