ANR Pipeline Company; Notice of Request Under Blanket Authorization

November 5, 1997.

Take notice that on October 29, 1997, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, filed in Docket No. CP98-53-000 a request pursuant to §§ 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211) for authorization to construct and operate an interconnection between ANR and Louisiana Intrastate Gas Company L.L.C. (LIG) for delivery of natural gas to LIG in St. Mary Parish, Louisiana, under ANR's blanket certificate issued in Docket No. CP88-532 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

ANR proposes to install on its above grade facilities a 16-inch tee, a 16-inch valve, an electronic measurement system, and approximately fifteen (15) feet of tie-in piping. The total cost of the facilities will be approximately \$168,000 which will be fully reimbursed by LIG. The maximum capacity of the proposed interconnection will be 300 Mmcfd.

ANR states that the construction of the proposed interconnection will have no effect on its peak day and annual deliveries, that its existing tariff does not prohibit additional interconnections, that deliveries will be accomplished without detriment or disadvantage to its other customers and that the total volumes delivered will not exceed total volumes authorized prior to this request.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If not protest is

filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Dairy Ashford, ML-1034, Houston, Texas 77079, filed a complaint against Williams Natural Gas Company (WNG), pursuant to Rule 206 of the Commission's Rules of Practice and Procedure (18 CFR 385.206), alleging violations by WNG of Section 7 of the Natural Gas Act, all as more fully set forth in the complaint on file with the Commission and open to public inspection.

Conoco states its belief that WNG has constructed and is about to begin operating an expansion of its pipeline facilities in Hemphill County, Texas, consisting of 13.5 miles of pipeline extending from the Williams Field Service Hobart Ranch plant to WNG's 26-inch Canadian-Blackwell mainline.
