Florida Gas Transmission Company; Notice of Request Under Blanket Authorization

November 19, 1997.

Take notice that on November 12, 1997, Florida Gas Transmission Company, (FGT) 1400 Smith Street, Houston, Texas 77002, filed in the above docket a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations, under the Natural Gas Act (NGA) (18 CFR 157.205

and 157.212) for authorization to construct and operate a new delivery point in Iberville Parish, Louisiana under FGT's blanket authority issued in Docket No. CP82-553-000 pursuant to Section 7 of the NGA, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Specifically, FGT proposes to construct, operate and own a new delivery point for Iberville Parish Natural Gas System (Iberville) at or near mile post 19.9 on FGT's existing Chacahoula Lateral in Iberville Parish, Louisiana. FGT states that the subject delivery point will include minor connecting pipe, electronic flow measurement equipment, and any other related appurtenant facilities necessary for FGT to transport for and deliver up to 500 MMBtu per day and 182,500 MMBtu per year of natural gas to Iberville. FGT further states that Iberville will construct, own and operate the meter and regulation station. Iberville will reimburse FGT for the \$30,000 estimated construction costs.

FGT states that the proposed quantities to be delivered by FGT to Iberville at the subject delivery point will be on an interruptible basis and consequently will have no incremental effect on FGT's pipeline system. FGT states that the proposed request will not impact FGT's peak day deliveries but could impact FGT's annual gas deliveries up to 182,500 MMBtu.

FGT states that the proposed activity described herein is not prohibited by its existing tariff and that it has sufficient capacity to continue all services without detriment or disadvantage to FGT's other customers. FGT further states that the total volumes to be delivered after this request will not exceed the total volumes delivered prior to this request.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for

authorization pursuant to Section 7 of the Natural Gas Act.

Secretary.

Kansas Pipeline Company; Notice of Supplement to Amendment

November 19, 1997.

Take notice that on November 12, 1997, Kansas Pipeline Company, majority owner and operator of Riverside Pipeline Company, L.P. ("Kansas Pipeline"), 8325 Lenexa Drive, Suite 400, Lenexa, Kansas 66214, filed a letter, a corrected pro forma tariff sheet and alternative pro forma tariff sheets to supplement its amendment to its proposed tariff that is the subject of the Commission's October 3, 1997 order in the above docketed proceeding, *Kansas Pipeline Company, et. al.*, 81 FERC ¶ 61,005 (1997).

On October 21, 1997, Kansas Pipeline filed pro forma tariff Sheet Nos. 18 and 19 proposing to implement negotiated transportation rates with its largest customers, Western Resources, Inc., and Missouri Gas Energy, a Division of Southern Union Company. The original pro forma sheets reflect unbundled negotiated transportation rates exclusive of costs associated with the Transok, Inc., lease.

By this supplement, Kansas Pipeline corrects a mathematical error to Sheet No. 18 and submits Alternative pro forma Sheet Nos. 18 and 19 which depict rates that will be used if Kansas Pipeline continues, in the interim, to provide service to these two customers under the Transok lease.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 1, 1997, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties

to the proceedings. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Kansas Pipeline to appear or be represented at the hearing.

Secretary.
