Department of the Navy, DoD

Notice of Public Hearing for the Draft Environmental Impact Statement (DEIS) for the Outfall Replacement for Wastewater Treatment Plant at Fort Kamehameha, Pearl Harbor, Oahu, Hawaii

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as implemented by the Council on Environmental Quality

regulations (40 CFR Parts 1500-1508), the Department of the Navy (Navy) has prepared and filed with the U.S. Environmental Protection Agency a DEIS for the outfall replacement for Wastewater Treatment Plant at Fort Kamehameha, Pearl Harbor, Oahu, Hawaii.

The Navy proposes to construct a new concrete pipeline, 2.4 miles long and 42 inches in diameter, into open coastal waters to replace the existing outfall for effluent discharge from the Public Works Center, Pearl Harbor Wastewater Treatment Plant (WWTP). The present outfall discharges into the Pearl Harbor Estuary, which is classified Water Quality Limited Segment (WQLS) by the State of Hawaii. The classification limits the discharge of municipal and industrial wastewater effluents. The proposed action is needed to eliminate the discharge to the WQLS and associated future permit limitations and violations.

A Notice of Intent (NOI) to prepare the DEIS was published in the **Federal Register** on September 11, 1996. Two public scoping meetings were held on Oahu: (1) Honolulu: October 1, 1996, 7:00 p.m. to 10:00 p.m., Washington Intermediate School, 1633 South King Street and (2) Pearl Harbor: October 2, 1996, 7:00 p.m. to 10:00 p.m., Makalapa Elementary School, 4435 Salt Lake Boulevard.

The DEIS analyzes reasonable alternatives to the proposed action, such as upland disposal of treated effluent by subsurface injection, reclamation of effluent for reuse, and "no action" alternative. Based on analysis of the alternatives, the proposed action with appropriate mitigation has been presented to be the environmentally preferred alternative.

No decision on the proposed action will be made until the NEPA process has been completed.

The DEIS has been distributed to various federal, state and local agencies, local groups, elected officials, special interest groups and individuals. The DEIS is also available for review at local libraries as follows: Hawaii State Main Library, Salt Lake Moanalua Public Library, Aiea Public Library, Pearl City Public Library and Ewa Beach Public School Library, all of which are situated in the vicinity of Pearl Harbor.

ADDRESSES: The Navy will conduct a public hearing to receive oral and written comments concerning the DEIS on Wednesday, December 17, 1997, from 7:00 p.m. to 10:00 p.m., at the Radford High School Cafeteria, 4361 Salt Lake Boulevard, Honolulu.

A brief presentation will precede a request for public information and

comments. Navy representatives will be available at the hearing to receive information and comments from agencies and the public regarding issues of concern. Federal, state and local agencies and interested individuals are invited to be present or represented at the hearing. Oral comments will be heard and transcribed by a stenographer. To assure accuracy of the record, all comments should be submitted in writing. Both oral and written statements will become part of the public record for this study. In the interest of available time, each speaker will be asked to limit oral comments to five minutes. Longer comments should be summarized at the public hearing and submitted in writing either at the hearing or mailed to the address below.

FOR FURTHER INFORMATION CONTACT:

Please provide written comments by January 9, 1998, to Mr. Gary Kasaoka, Code 231GK, Pacific Division, Naval Facilities Engineering Command, Pearl Harbor, Hawaii 96860-7300, telephone (808) 471-9338, fax (808) 474-5909, or e-mail address: gkasaoka@efdpac.navfac.navy.mil.
