FDA has established an Advisory Committee Information Hotline (the hotline) using a voice-mail telephone system. The hotline provides the public with access to the most current information on FDA advisory committee meetings. The advisory committee hotline, which will disseminate current information and information updates, can be accessed by dialing 1-800-741-8138 or 301-443-0572. Each advisory committee is assigned a 5-digit number. This 5-digit number will appear in each individual notice of meeting. The hotline will enable the public to obtain information about a particular advisory committee by using the committee's 5-digit number. Information in the hotline is preliminary and may change before a meeting is actually held. The hotline will be updated when such changes are made.

HCFA-P-15A

Agency Information Collection Activities: Submission for OMB Review; Comment Request

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Health Care Financing Administration (HCFA), Department of Health and Human Services, has submitted to the Office of Management and Budget (OMB) the following proposal for the collection of information. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

HCFA-P-15A Type of Information Collection Request: Extension of currently approved collection; **Title of Information Collection:** Medicare Current Beneficiary Survey

Supplement-Round 18; **Form No.:** HCFA-P-15A; **Use:** The Office of the Actuary, HCFA, conducts the Medicare Current Beneficiary Survey (MCBS) through personal interviews of a random sample of Medicare beneficiaries. When sampled persons are found to reside in a long-term care facility, interviewers use a version of the questionnaire which is specially designed to obtain data about the beneficiary's health care from knowledgeable staff members. We are preparing to convert the facility interview from a hard-copy questionnaire to a Computer Assisted Personal Interviewing (CAPI) format, beginning in May, 1997. CAPI, which we are currently using in the community interviews, increases the accuracy of the interview process by automating skip patterns, customizing questions, creating computed variables such as a time line of residence history, and automatically checking completeness and consistency of responses. Concurrently, we are modifying some of the questions we currently use in the facility interview to make them more comparable to those in other surveys, particularly the Medical Expenditure Panel Survey (MEPS). These modifications are responsive to the President's initiative toward consistency and integration among surveys; **Frequency:** Annually; **Affected Public;** Number of Respondents: 1,900;

Total Annual Responses: 1,900; *Total Annual Hours:* 1,900.

To obtain copies of the supporting statement for the proposed paperwork collections referenced above, call the Reports Clearance Office on (410) 786-1326. Written comments and recommendations for the proposed information collections must be mailed within 30 days of this notice directly to the HCFA Paperwork Clearance Officer designated at the following address: OMB Human Resources and Housing Branch, Attention: Allison Eydt, New Executive Office Building, Room 10235, Washington, D.C. 20503.

Dated: February 10, 1997.

Edwin J. Glatzel,

Director, Management Analysis and Planning Staff, Office of Financial and Human Resources, Health Care Financing Administration.

Health Resources and Services Administration

Special Project Grants and Cooperative Agreement; Maternal and Child Health (MCH) Services; Community Integrated Service Systems (CISS) Set-Aside Program

AGENCY: Health Resources and Services Administration (HRSA).

ACTION: Notice of availability of funds.

SUMMARY: The HRSA announces that approximately \$2.3 million in fiscal year (FY) 1997 funds will be available for grants for Maternal and Child Health (MCH) Community Integrated Service Systems grants to support strategies for reducing infant mortality and improving the health of mothers and children through development and expansion of successful community integrated service systems. These community integrated service systems are public-private partnerships of community health and other related organizations and individuals working collaboratively to use community resources to address

community-identified health problems. Awards are made under the program authority of section 502(b)(1)(A) of the Social Security Act, the CISS Federal Set-Aside Program. Within the HRSA, CISS projects are administered by the Maternal and Child Health Bureau (MCHB).

Of the approximately \$9.8 million available for all CISS activities in FY 1997, about \$2.3 million will be available to support approximately 33 new and competing renewal projects at an average of about \$69,700 per award for a one-year period. The remaining funds will be used to continue existing CISS projects and for other activities in support of overall CISS program goals. The actual amounts available for awards and their allocation may vary, depending on unanticipated program requirements and the volume and quality of applications. Awards are made for grant periods which generally run from 1 up to 4 years in duration. Funds for CISS awards are appropriated by Public Law 104-208.

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a PHS-led national activity for setting priority areas. The MCH Block Grant Federal Set-Aside Program addresses issues related to the Healthy People 2000 objectives of improving maternal, infant, child and adolescent health and developing service systems for children with special health care needs. Potential applicants may obtain a copy of Healthy People 2000 (Full Report: Stock No. 017-001-00474-0) or Healthy People 2000 (Summary Report: Stock No. 017-001-00473-1) through the Superintendent of Documents, Government Printing Office, Washington, DC 20402-9325 (telephone: 202-512-1800).

The PHS strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion

of a facility) in which regular or routine education, library, day care, health care or early childhood development services are provided to children.

ADDRESSES: Federal Register notices and application guidance for MCHB programs are available on the World Wide Web via the Internet at address: <http://www.os.dhhs.gov/hrsa/mchb>. Click on the file name you want to download to your computer. It will be saved as a self-extracting (Macintosh or) WordPerfect 5.1 file. To decompress the file once it is downloaded, type in the file name followed by a <return>. The file will expand to a WordPerfect 5.1 file.

For applicants for CISS grants and cooperative agreements who are unable to access application materials electronically, a hard copy may be obtained from the HRSA Grants Application Center. Applicants for CISS research grants will use PHS form 398, approved by the Office of Management and Budget (OMB) under control number 0925-0001. Applicants for all other CISS awards will use revised PHS form 5161-1, approved under OMB clearance number 0937-0189. Requests should specify the category or categories of activities for which an application is requested so that the appropriate forms, information and materials may be provided. The Center may be contacted by: Telephone Number: 1-888-300-HRSA, FAX Number: 301-309-0579, E-mail Address: HRSA.GAC@ix.netcom.com. Completed applications should be returned to: Grants Management Officer, HRSA Grants Application Center, 40 West Gude Drive, Suite 100, Rockville, Maryland 20850. Please indicate the appropriate CFDA # for the application being submitted (see table below).

DATES: Potential applicants are invited to request application packages for the particular program category in which they are interested, and to submit their applications for funding consideration. Deadlines for receipt of applications differ for the several categories of grants. These deadlines are as follows:
