separable portions: (1) An open public hearing, (2) an open committee discussion, (3) a closed presentation of data, and (4) a closed committee deliberation. Every advisory committee meeting shall have an open public hearing portion. Whether or not it also includes any of the other three portions will depend upon the specific meeting involved. There are no closed portions for the meetings announced in this notice. The dates and times reserved for the open portions of each committee meeting are listed above.

The open public hearing portion of the meeting(s) shall be at least 1 hour long unless public participation does not last that long. It is emphasized, however, that the 1 hour time limit for an open public hearing represents a minimum rather than a maximum time for public participation, and an open public hearing may last for whatever longer period the committee chairperson determines will facilitate the committee's work.

Public hearings are subject to FDA's guideline (subpart C of 21 CFR part 10) concerning the policy and procedures for electronic media coverage of FDA's public administrative proceedings, including hearings before public advisory committees under 21 CFR part 14. Under 21 CFR 10.205, representatives of the electronic media may be permitted, subject to certain limitations, to videotape, film, or otherwise record FDA's public administrative proceedings, including presentations by participants.

Meetings of advisory committees shall be conducted, insofar as is practical, in accordance with the agenda published in this Federal Register notice. Changes in the agenda will be announced at the beginning of the open portion of a meeting.

Any interested person who wishes to be assured of the right to make an oral presentation at the open public hearing portion of a meeting shall inform the contact person listed above, either orally or in writing, prior to the meeting. Any person attending the hearing who does not in advance of the meeting request an opportunity to speak will be allowed to make an oral presentation at the hearing's conclusion, if time permits, at the chairperson's discretion.

The agenda, the questions to be addressed by the committee, and a current list of committee members will be available at the meeting location on the day of the meeting.

BILLING CODE 4210-27-P

DEPARTMENT OF THE INTERIOR

Privacy Act of 1974—Public Notice Alteration of System of Records

The Department of the Interior proposes to alter a system of records managed by the Office of Occupational Safety and Health to add four new categories of information on individuals

covered by the system. The system being altered, "Safety Management Information System—Interior, DOI-60," is described in the notice published in its entirety below. The system was previously described as "Safety Management Information System—Interior, OS-60," as published on January 17, 1989 (54 FR 1800).

The Safety Management Information System was established to assist the Department in reducing its employee injury and accident rate. The System presently contains employee injury, accident and personnel data records. To improve the quality, timeliness and efficiency of injury and accident reporting and analysis, four additional types of information are being added to the System: employee birth date, home address, sex and salary. This additional information will allow employees and supervisors to report injuries and accidents electronically from their computer workstations. This will eliminate duplication of costly forms and administrative processes, afford employees and supervisors a secure one-time entry process, provide a high degree of accuracy, allow timely and multiple use of injury compensation information needed by Department of Labor, permit real time safety analysis, and require no new user technical support or computer hardware.

All other changes in the notice describing "Safety Management Information System—Interior DOI-60" are editorial in nature. They clarify and update existing statements and reflect organizational, address and other miscellaneous administrative revisions which have occurred since the previous publication of the material in the Federal Register.

As required by the Privacy Act of 1974, the Office of Management and Budget, the Senate Committee on Governmental Affairs, and the House Committee on Government Reform and Oversight have been given notice of this proposed Privacy Act system alteration.

The Privacy Act of 1974 requires that the public be provided with a 30-day period in which to comment on the Department's proposal to alter "Interior—DOI-60." The Office of Management and Budget, in its Circular A-130, requires a 40-day period in which to review such proposals. Written comments on this proposal can be addressed to the Departmental Privacy Act Officer, Department of the Interior, Office of the Secretary, 1849 "C" Street NW, Mail Stop 1414 MIB, Washington, DC 20240, telephone (202) 208-6045, fax 202-208-5048. Comments received within 40 days of publication in the Federal Register will be considered.
