

Number of Respondents: 77.

Estimated time per response: 20 hours (1.5 hours respondent/18.5 hours consulting engineer).

Total annual burden: 113 hours.

Needs and Uses: Licensees and permittees of TV broadcast stations are required to file FCC Form 302-TV to obtain a new or modified station license, and/or to notify the Commission of certain changes in the licensed facilities of these stations. The Commission will be adding the antenna registration information that was approved by OMB under control number 3060-0714 to this form. The data is used by FCC staff to confirm that the station has been built to terms specified in the outstanding construction permit, and to update FCC station files. Data is then extracted from FCC 302-TV for inclusion in the subsequent license to operate the station.

Public Information Collection Requirement Submitted to Office of Management and Budget (OMB) for Review

February 21, 1997.

The Federal Communications Commission has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995, 44 U.S.C. Section 3507. Persons wishing to comment on this information collection should contact Timothy Fain, Office of Management and Budget, Room 10236, NEOB, Washington, D.C. 20503, (202) 395-0651. For further information, contact Dorothy Conway, Federal Communications Commission, (202) 418-0217.

Please note: The Commission has requested emergency review of this collection by February 28, 1997, under the provisions of 5 CFR Section 1320.13.

Federal Communications Commission.

OMB Control No.: 3060-0536.

Title: Rules and Requirements for Telecommunications Relay Services (TRS) Interstate Cost Recovery.

Form No.: FCC Form 431.

Action: Revised Collection.

Respondents: Business or other for-profit entities.

Estimated Annual Burden: 5000 respondents; 3.1 hours per response (avg.); 15593 hours total annual burden.

Needs and Uses: Title IV of the Americans with Disabilities Act of 1990 (ADA) requires the Commission to ensure that telecommunications relay services are available, to the extent possible, to individuals with hearing and speech disabilities in the United States. To fulfill this mandate, the Commission adopted rules that require the provision of TRS service beginning July 26, 1993. The Commission set minimum standards for TRS providers and established a shared-funding mechanism (TRS Fund) for recovering the costs of providing interstate TRS. The Commission also appointed the National Exchange Carrier Association (NECA) the TRS Fund administrator, and directed NECA to establish a non-paid, voluntary advisory committee to monitor cost recovery matters.

The Commission's rules require all carriers providing interstate telecommunications services to contribute to the TRS Fund. The amount contributed is the product of the carrier's gross interstate revenues for the previous year and a contribution factor determined annually by the Commission. Contributions are calculated in accordance with a TRS Fund Worksheet which is prepared each year by the Commission and published in the Federal Register. Payments from the fund are made to eligible TRS providers and are designed to cover the reasonable costs incurred in providing interstate TRS service. The TRS Fund administrator files a proposed payment formula and estimated fund requirements with the Commission each year, and this payment formula is subject to Commission approval. See 47 CFR § 64.601-64.608 for rules and requirements governing telecommunications relay services. On December 17, 1996, the Commission's Common Carrier Bureau released an order approving the contribution factor for the April 1997 through March 1998 contribution period and the 1997 TRS Fund Worksheet (FCC Form 431) and also making several revisions to the form.

The foregoing estimates include the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the burden estimates or any other aspect of the collection of information including suggestions for reducing the burden to the Federal Communications Commission, Records Management Division, Paperwork Reduction Project, Washington, DC 20554.

Acting Secretary.
