

at this time because she has filed a Petition for writ of Mandate to Set Aside Order Imposing Discipline, and she expects that the Board's decision will be set aside and her medical license will be reinstated. However, the Acting Deputy Administrator further finds that Respondent did not offer any evidence that the Board's revocation was stayed pending review, nor did she deny that she is not currently authorized to handle controlled substances in California. Therefore, the Acting Deputy Administrator concludes that Respondent is not currently authorized to practice medicine in the State of California.

The DEA does not have statutory authority under the Controlled Substances Act to issue or maintain a registration if the applicant or registrant is without state authority to handle controlled substances in the state in which she conducts her business. 21 U.S.C. 802(21), 823(f) and 824(a)(3). This prerequisite has been consistently upheld. See *Romeo J. Perez, M.D.*, 62 FR 16,193 (1997); *Dermetris A. Green, M.D.*, 61 FR 60,728 (1996); *Dominick A. Ricci, M.D.*, 58 FR 51,104 (1993).

Here it is clear that Respondent is not licensed to practice medicine in California. Consequently, it is reasonable to infer that she is not authorized to handle controlled substances in California, where she is registered with DEA. Since Respondent lacks this state authority, she is not entitled to a DEA registration in that state.

In light of the above, Judge Bittner properly granted the Government's Motion for Summary Disposition. Here, the parties did not dispute the fact that Respondent was unauthorized to handle controlled substances in California. Therefore, it is well-settled that when no question of material fact is involved, a plenary, adversary administrative proceeding involving evidence and cross-examination of witnesses is not obligatory. See *Phillip E. Kirk, M.D.*, 48 FR 32,887 (1983), *aff'd sub nom Kirk v. Mullen*, 749 F.2d 297 (6th Cir. 1984); *NLRB v. International Association of Bridge, Structural and Ornamental Ironworkers, AFL-CIO*, 549 F.2d 634 (9th Cir. 1977); *United States v. Consolidated Mines & Smelting Co.*, 44 F.2d 432 (9th Cir. 1971).

Accordingly, the Acting Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823 and 824 and 28 CFR 0.100(b) and 0.104, hereby orders that DEA Certificate of Registration AB9072618, previously issued to Nora Brayshaw, M.D., be, and it hereby is, revoked. The Acting Deputy

Administrator further orders that any pending applications for renewal of such registration be, and they hereby are, denied. This order is effective April 8, 1998.

Dated: March 3, 1998.

Acting Deputy Administrator.

DEPARTMENT OF LABOR

Employment and Training Administration

Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration is soliciting comments concerning the proposed new collection of the Trade Adjustment Assistance and NAFTA Transitional Adjustment Assistance Program Performance Report. A copy of the proposed information collection request (ICR) can be obtained by contacting the employee listed in the Addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before April 20, 1998.

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions or responses.

ADDRESSES: Curtis K. Kooser, Senior Economist, Office of Trade Adjustment Assistance, U.S. Department of Labor, Room C4318, 200 Constitution Ave. NW, Washington, DC 20210. Telephone (202) 219-4845, Ext. 111 (this is not a toll-free number), FAX (202) 219-5753.

SUPPLEMENTARY INFORMATION:

I. Background

The Government Performance and Results Act (GPRA) of 1993 requires all federal benefits programs to report on the outcomes achieved for benefit recipients and how those outcomes can be continuously improved. In addition, public and Congressional awareness and concern regarding the effectiveness of assistance provided to U.S. workers displaced by imports has created a demand for more information on those receiving assistance from Trade Adjustment Assistance (TAA) and North American Free Trade Act Transitional Adjustment Assistance (NAFTA-TAA). The data currently collected by TAA does not provide sufficient information to adequately assess TAA program performance and participant outcomes, making it impossible to precisely evaluate program effectiveness.

II. Current Actions

In order to comply with Federal law and respond to other concerns, the Office of Trade Adjustment Assistance (OTAA) is implementing a new system of collecting and reporting performance and outcomes data. Each quarter, the States will provide the Department with reports on demographic data, benefits provided, and participant outcomes for each participant who has terminated from the TAA or NAFTA-TAA program during the reporting quarter. A conference of Regional and State TAA staff concluded that many States already collect most, if not all, of the proposed data items. Therefore, many State TAA coordinators will only need to access existing data and reformat it for submission to the Department, rather than creating an entirely new data collection and reporting system. States may also take this opportunity to begin to collect additional data items for their own program review and improvement purposes.

Baltimore Gas and Electric Company; Notice of Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) is permitting the withdrawal of Baltimore Gas and Electric Company's (the licensee) application of April 5, 1996, as supplemented November 20, 1996, regarding the proposed amendment to Facility Operating License Nos. The Commission had previously issued a Notice of Consideration of Issuance of Amendment published in the **Federal Register** on May 22, 1996 (61 FR 25697). However, by letter dated January 30, 1998, the licensee withdrew the proposed change.

For further details with respect to this action, see the application for amendment dated April 5, 1996, and the licensee's letter dated January 30, 1998, which withdrew the application for license amendment. The above documents are available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, and at the local public document room located at the Calvert County Library, Prince Frederick, Maryland 20678.
