DEPARTMENT OF DEFENSE**Department of the Army****Environmental Assessment (EA) on the Disposal and Reuse of the Defense Distribution Depot Ogden, UT (DDOU)**

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: The proposed disposal action analyzed in the EA is for all excess DDOU property, in accordance with the Defense Base Closure and Realignment Act of 1990, Pub. L. 101-510, as amended. The Army will retain two parcels of 31.1 and 12.4 acres for use as a reserve component enclave. The remainder of the installation (approximately 1,075 acres) would be available for transfer or conveyance to the Ogden Local Redevelopment Authority (OLRA). Three alternative methods of disposal were analyzed: encumbered disposal, unencumbered disposal and retention of the property in caretaker status (i.e., no action alternative). The Army's preferred alternative for disposal of the DDOU is encumbered disposal which involves conveying the property with conditions imposed on historic resources, remedial activities, utility easements, access easements, utility dependencies, and lead-based paint.

The EA, which is incorporated into the Finding of No Significant Impact (FNSI), examines potential effects of the proposed action and alternatives on 15 resource areas and areas of environmental concern: land use, climate, air quality, noise, geology, and water resources infrastructure, hazardous and toxic substances, permits and regulatory authorizations, biological resources and ecosystems, cultural resources, economic development, socioeconomic and quality of life.

The EA concludes that the disposal and subsequent reuse of the property will not have a significant impact on the human environment. Issuance of a FNSI would be appropriate. An Environmental Impact Statement is not required prior to implementation of the proposed actions.

DATES: Comments must be submitted on or before May 6, 1998.

ADDRESSES: A copy of the EA or inquiries into the FNSI may be obtained

by writing to Mr. Hugh McClellan at the U.S. Army Corps of Engineers, Mobile District, P.O. Box 2288, Mobile, Alabama 36628-0001 or by facsimile at (334) 690-2424.

Dated: March 30, 1998.

Notice of Record of Decision for the Disposal and Reuse of the Former Fitzsimons Army Medical Center, Now U.S. Army Garrison—Fitzsimons (USAG-F), Aurora, Colorado

AGENCY: Department of the Army, DoD.

ACTION: Notice of Record of Decision.

SUMMARY: The Department of the Army announces the availability of the Record of Decision for the disposal and reuse of U.S. Army Garrison—Fitzsimons, Aurora, Colorado. It has been determined that the Environmental Impact Statement (EIS) for the disposal and reuse of the installation adequately assesses the impacts of the proposed action and related alternatives on the biological, physical and cultural environment. The 577-acre Army installation is being closed in accordance with the Defense Base Closure and Realignment Act of 1990. Only a 21.8-acre enclave, housing the McWhethy Army Reserve Center, will remain after the post closes.

The EIS analyzed three disposal alternatives: (1) the No Action Alternative, which entails maintaining the property in caretaker status after closure; (2) the Encumbered Disposal Alternative, which entails transferring the property to future owners with Army-imposed limitations, or encumbrances, on the future use of the property; and (3) the Unencumbered Disposal Alternative, which entails transferring the property to future owners with few or no Army-imposed limitations, or encumbrances, on the future use of the property. The preferred alternative is the Encumbered Disposal Alternative. The impacts of reuse were evaluated in terms of land use intensities. The Fitzsimons redevelopment Authority developed the reuse alternatives based on their Reuse Plan. The resource areas evaluated for potential impacts by the proposed action (disposal) and the secondary

action (reuse) include: land use; climate; air quality; noise; geology, soils, and topography; water resources; infrastructure; regulated substances; biological resources and ecosystems; cultural resources; sociological environment; quality of life; installation agreements, and permits and regulatory authorizations. This Record of Decision allows the Army to initiate action to dispose of the excess property of the U.S. Army Garrison—Fitzsimons in accordance with the Fitzsimons Redevelopment Plan.

Copies: Copies of the Record of Decision may be obtained by contacting the U.S. Army Garrison—Fitzsimons, ATTN: MCHG-BC (Ms. Sue Errett), Building 290, Aurora, CO 80045-5000; by telephone (303) 361-3526; or by facsimile at (303) 361-4896.

Dated: March 27, 1998.
