The TTN is one of the EPA's electronic bulletin boards. The TTN can be accessed through the Internet at: WWW: <http://www.epa.gov/ttn/iccr> FTP: [mountain.epa.gov](ftp://mountain.epa.gov)

When accessing the WWW site, select Technical Sites which brings up the Directory of TTN Sites, then select ICCR—Industrial Combustion Coordinated Rulemaking from the Directory of TTN Sites.

Access to the TTN through FTP is a streamlined approach for downloading files, but is only useful, if the desired filenames are known.

If more information on the TTN is needed, call the help desk at (919) 541-5384.

Individuals interested in Coordinated Committee meetings, Work Group meetings, or any aspect of the ICCR for that matter, should access the TTN on a regular basis for information.

Two copies of the ICCR Coordinating Committee charter are filed with appropriate committees of Congress and the Library of Congress and are available upon request to the Docket (ask for item #I-B-1). The purpose of the ICCR Coordinating Committee is to assist EPA in the development of regulations to control emissions of air pollutants from industrial, commercial, and institutional combustion of fuels and non-hazardous solid wastes. The Coordinating Committee will attempt to develop recommendations for national emission

standards for hazardous air pollutants (NESHAP) implementing section 112 and solid waste combustion regulations implementing section 129 of the Act, and may review and make recommendations for revising and developing new source performance standards (NSPS) under section 111 of the Act. The recommendations will cover boilers, process heaters, industrial/commercial and other incinerators, stationary internal combustion engines, and stationary combustion turbines.

Lists of Coordinating Committee and Work Group members are available from the TTN for the purpose of giving the public the opportunity to contact members to discuss concerns or information they would like to bring forward during the ICCR process.

It is anticipated that the next meeting of the Coordinating Committee, following the meeting in April, will be July 28-29, 1998 in Long Beach, California.
