SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0444. Title: 220 and 800 MHz Construction Letter.

Form No.: FCC Form 800A. Type of Review: Revision of a currently approved collection. *Respondents:* Individuals or

households; business or other for-profit. Number of Respondents: 11,500 Estimated Time Per Response: 1 hour. Frequency of Response: On occasion

reporting requirement. Cost to Respondents: N/A.

Total Annual Burden: 11,500 hours. Needs and Uses: Licensees are required to provide this information to verify a station has been placed into operation. The form has been revised to clarify the types of uses of the form and frequency of use. Except under limited circumstances, certain Part 90 licenses may not be transferred or assigned unless the underlying facility is constructed. This form will also be used to determine compliance with the Commission's construction rules when this information is not available for

either a previous submission, manual records, or currently in the licensing database.

OMB Control No.: 3060-0813.

Title: Revision of the Commission's Rules to Ensure Compatibility with Enhanced 911 Emergency Calling Systems.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals or households; business or other for-profit; not-for-profit institutions; state, local or tribal governments.

Number of Respondents: 42,031 respondents; 125,996 responses.

Estimated Time Per Response: .25 - 20 hours (range).

Frequency of Response:

Recordkeeping; third party disclosure; quarterly and one time reporting

requirements.

Cost to Respondents: \$7,050,000. Total Annual Burden: 194,457 hours. Needs and Uses: The Commission requested and received emergency OMB approval for several burdens placed on the wireless E911 industry and on government entities and phone systems. Most of these public burdens are one time rather than ongoing requirements, and are minimal to ensure the rapid implementation of the technologies needed to bring emergency help to wireless callers throughout the United States. The Commission is now seeking three year approval of this information collection.

Title: Requirements for Toll Free Service Access Codes 888/877.

Form No.: N/A.

Respondents: Business or other forprofit.

Estimated Annual Burden: 370,430 respondents; 1 hour per response (avg.); 370,430 total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion; one time.

Description: On March 31, 1998, the Commission released an Order and Memorandum Opinion and Order, (CC Docket 95-155), FCC 98-48 (Fourth Report and Order) resolving how vanity numbers should be assigned. The Commission delegated authority to the Bureau to resolve those issues necessary for the assignment of the 888 set-aside vanity numbers and implementation of 877, including conservation plans, if needed on any or all toll free codes in use to prevent exhaust of toll free numbers before deployment of the next toll free code. The Commission concluded that vanity numbers in the 877 toll free code, and toll free codes beyond 877, shall be released and made available on a first-come, first-served basis as each toll free code is deployed. The Commission further concluded that 800 subscribers holding 800 vanity numbers that correspond to the 888 vanity numbers that were initially set aside shall be offered a right of first refusal to those 888 set-aside numbers. If the 800 subscriber refrains from exercising its option to reserve the corresponding 888 vanity number, that number shall be released and made available on a first-come, first-served basis. The 888 set-aside numbers are to be made available for assignment 90 days after the 877 code is deployed. This proceeding was initiated to ensure the promotion of efficient, fair, and orderly allocation and use of these limited numbering resources. In a letter order, the Bureau instructs DSMI to release 877 numbers into the general pool of available numbers on April 5, 1998 for reservation on a first-come, first-served basis. Further, the Bureau instructs DSMI to inform RespOrgs to notify their 800 subscribers of their right of first refusal of the set-aside 888 numbers. RespOrgs will have 15 days from the date of 877 deployment to notify customers of their rights of first refusal. These 800 subscribers will have 45 days to respond in writing to their RespOrgs. This means that these

subscribers must submit their written responses to their RespOrgs no later than 60 days from the date of 877 deployment. RespOrgs will then have 30 days to submit all required documentation to DSMI. This means that RespOrgs must submit to DSMI all required documentation no later than 90 days from the date of 877 deployment. If the 800 subscriber chooses to obtain the corresponding number in the 888 code, that number should be placed in the control of that 800 subscriber's RespOrg 90 days after the 877 code is deployed for assignment to that subscriber. We require DSMI to place that number in the control of the appropriate RespOrg only if it receives a letter within the proper time period from that RespOrg making that request along with a letter that the 800 subscriber sent to its RespOrg or Toll Free Service Provider expressing interest in obtaining that 888 number. If the 800 subscriber is not interested in obtaining the set-aside 888 number, that 888 number shall be released into the spare pool of available numbers, 90 days after deployment of 877, for assignment on a first-come, first-served basis. We require that DSMI release any 888 setaside number into the spare pool of available numbers only if one of three events occur: 1) DSMI receives a letter from the RespOrg authorizing DSMI to release that particular 888 number along with a letter that the current 800 subscriber sent to its RespOrg or Toll Free Service Provider refusing that 888 number; 2) DSMI receives a letter from the RespOrg certifying that the RespOrg notified the 800 subscriber and the subscriber failed to respond within the required period of time; or 3) the 800 number corresponding to the 888 setaside number is not assigned to a subscriber. Finally, the Bureau directs DSMI to place all "877-555-XXXX" numbers in unavailable status along with the "888-555-XXXX" numbers until the Commission has reached a decision on the issues related to the development of competitive directory assistance service. The Bureau has provided these requirements to assist DSMI in releasing the 888 vanity numbers pursuant to a right of first refusal and to ensure that toll free subscribers are given adequate notice and opportunity to reserve the numbers of their choice. In order to protect the interest of the involved parties, DSMI will not release any set-aside 888 number until it has received the authorizing letters from both the RespOrg and 800 number subscriber. Burden estimates for the information collection requirements are as follows:

a. Notification to Subscribers by RespOrgs (number of respondents: 215; avg. burden per respondent: 1 hour; total annual burden: 215 hours); b. Letter and other documentation from RespOrgs to DSMI (number of respondents: 215; avg. burden per respondent: 1 hour; total annual burden: 215 hours); c. Letter from Subscribers to RespOrgs (number of respondents: 370,000; avg. burden per respondent: 1 hour; total annual burden: 370,000 hours). The requirements are necessary to ensure that toll free subscribers are given notice and opportunity to reserve numbers of their choice. Obligation to respond: Required. Public reporting burden for the collections of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, D.C. 20554.

FEDERAL RESERVE SYSTEM

Agency Information Collection Activities: Submission to OMB Under Delegated Authority

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Notice.

SUMMARY: *Background.* Notice is hereby given of the final approval of proposed information collections by the Board of Governors of the Federal Reserve System (Board) under OMB delegated authority, as per 5 CFR 1320.16 (OMB Regulations on Controlling Paperwork Burdens on the Public). The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number. Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. A copy of the OMB 83-I and supporting statement and the approved collection of information instrument is being placed into OMB's public docket files.
