

Specifically, the petitioner claims that the non-U.S. certified 1995 Jeep Wrangler is identical to its U.S. certified counterpart with respect to compliance with Standard Nos. 102 *Transmission Shift Lever Sequence*, 103 *Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 105 *Hydraulic Brake Systems*, 106 *Brake Hoses*, 113 *Hood Latch Systems*, 116 *Brake Fluid*, 119 *New Pneumatic Tires*, 124 *Accelerator Control Systems*, 201 *Occupant Protection in Interior Impact*, 202 *Head Restraints*, 203 *Impact Protection for the Driver From the Steering Control System*, 204 *Steering Control Rearward Displacement*, 205 *Glazing Materials*, 206 *Door Locks and Door Retention Components*, 207 *Seating Systems*, 209 *Seat Belt Assemblies*, 210 *Seat Belt Assembly Anchorages*, 212 *Windshield Retention*, 214 *Side Impact Protection*, 216 *Roof Crush Resistance*, 219 *Windshield Zone Intrusion*, 301 *Fuel System Integrity*, and 302 *Flammability of Interior Materials*.

Petitioner also contends that the vehicle is capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 *Controls and Displays*: inscription of the word "Brake" on the brake failure warning light.

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: (a) replacement of the taillight assemblies with U.S.-model components that incorporate rear sidemarkers; (b) installation of a high mounted stop lamp.

Standard No. 111 *Rearview Mirrors*: inscription of the required warning statement on the passenger side rearview mirror.

Standard No. 114 *Theft Protection*: installation of a warning device that activates whenever the key is left in the ignition and the driver's door is opened.

Standard No. 120 *Tire Selection and Rims*: installation of a tire information placard.

Standard No. 208 *Occupant Crash Protection*: installation of a seat belt warning system with a flashing light that displays the appropriate symbol.

Additionally, the petitioner states that a vehicle identification number plate must be affixed to the vehicle to meet the requirements of 49 CFR Part 565.

Interested persons are invited to submit comments on the petition described above. Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW, Washington, DC 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

**Authority:** 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: April 8, 1998.

### National Highway Traffic Safety Administration

[Docket No. NHTSA-98-3708]

#### Notice of Receipt of Petition for Decision that Nonconforming 1998 Harley Davidson FX, FL, and XL Motorcycles Are Eligible for Importation

**AGENCY:** National Highway Traffic Safety Administration, DOT.

**ACTION:** Notice of receipt of petition for decision that nonconforming 1998 Harley Davidson FX, FL, and XL motorcycles are eligible for importation.

**SUMMARY:** This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that 1998 Harley Davidson FX, FL, and XL motorcycles that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards are eligible for importation into the United States because (1) they are substantially similar to vehicles that were originally manufactured for sale in the United States and that were certified by their manufacturer as complying with the safety standards, and (2) they are capable of being readily altered to conform to the standards.

**DATES:** The closing date for comments on the petition is May 14, 1998.

**ADDRESSES:** Comments should refer to the docket number and notice number, and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW, Washington, DC 20590. [Docket hours are from 10 am to 5 pm]

**FOR FURTHER INFORMATION CONTACT:** George Entwistle, Office of Vehicle Safety Compliance, NHTSA (202-366-5306).

### SUPPLEMENTARY INFORMATION

#### Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Champagne Imports, Inc. of Lansdale, Pennsylvania ("Champagne") (Registered Importer 90-009) has petitioned NHTSA to decide whether 1998 Harley Davidson FX, FL, and XL motorcycles are eligible for importation into the United States. The vehicles which Champagne believes are substantially similar are 1998 Harley Davidson FX, FL, and XL motorcycles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable Federal motor vehicle safety standards.

The petitioner claims that it carefully compared non-U.S. certified 1998 Harley Davidson FX, FL, and XL motorcycles to their U.S. certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most Federal motor vehicle safety standards.

Champagne submitted information with its petition intended to demonstrate that non-U.S. certified 1998 Harley Davidson FX, FL, and XL motorcycles, as originally manufactured, conform to many Federal motor vehicle safety standards in the

same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 1998 Harley Davidson FX, FL, and XL motorcycles are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 106 *Brake Hoses*, 111 *Rearview Mirrors*, 116 *Brake Fluid*, 119 *New Pneumatic Tires for Vehicles other than Passenger Cars*, and 122 *Motorcycle Brake Systems*.

Petitioner also contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: installation of U.S.-model headlamp assemblies.

Standard No. 120 *Tire Selection and Rims for Vehicles other than Passenger Cars*: installation of a tire information placard.

Standard No. 123 *Motorcycle Controls and Displays*: installation of a U.S. model speedometer calibrated in miles per hour.

The petitioner also states that vehicle identification number plates meeting the requirements of 49 CFR Part 565 will be affixed to non-U.S. certified 1998 Harley Davidson FX, FL, and XL motorcycles.

Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh Street, S.W., Washington, DC 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

**Authority:** 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: April 8, 1998.

### Research and Special Programs Administration

[Docket No. RSPA-98-3722]

#### Renewal of Information Collection and Request for Public Comment

**AGENCY:** Research and Special Programs Administration, DOT.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces the Research and Special Program Administration's (RSPA) intention to renew for three years its information collection in support of the Office of Pipeline Safety (OPS) for Reporting of Safety-Related Conditions on Gas, Hazardous Liquid, and Carbon Dioxide Pipelines and Liquefied Natural Gas Facilities.

**DATES:** Comments on this notice must be received by June 15, 1998.

**ADDRESSES:** Copies of this information can be reviewed at the Dockets Unit, Plaza 401, U.S. Department of Transportation, 400 Seventh Street, SW, Washington, D.C., 10:00 A.M. to 4:00 P.M. Monday through Friday excluding Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Marvin Fell, Office of Pipeline Safety, Research and Special Programs Administration, U.S. Department of Transportation, 400 Seventh Street, SW, Washington, D.C. 20590, (202) 366-6205, or by Fax (202) 366-4566, or via electronic mail to "marvin.fell@rspa.dot.gov".

#### SUPPLEMENTARY INFORMATION:

**Title:** Reporting of Safety-Related Conditions on Gas, Hazardous Liquid, and Carbon Dioxide Pipelines and Liquefied Natural Gas Facilities.

**OMB Number:** 2137-0578.

**Type of Request:** Renewal of existing information collection.

**Abstract:** 49 U.S.C. 60102 requires each operator of a pipeline facility (except master meter) to submit to the Department of Transportation a written report on any safety-related condition that causes or has caused a significant change or restriction in the operation of a pipeline facility or a condition that is a hazard to life, property, or the environment.

**Estimate of Burden:** The average burden hour per response is 6 hours.

**Respondents:** Pipeline and Liquefied Natural Gas facility operators.

**Estimated responses per year:** 47.

**Estimated Total Annual Burden on Respondents:** 282 hours.

**Frequency:** On occasion.

**Use:** To alert RSPA of hazardous conditions that might continue uncorrected.

Comments are invited on (a) the need for the proposed collection of information for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who respond including the use of the appropriate automated, electronic, mechanical, or other technological collection techniques. Send comments to Dockets Unit, Plaza 401, U.S. Department of Transportation, 400 Seventh Street, SW, Washington, D.C. 20590-0001 or by electronic mail to "OPS.comments@RSPA.dot.gov".

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also be a matter of public record.

**Authority:** 49 U.S.C. 5121, 60102, 60103, 60104, 60108, 60117, 60118, 60124, and 49 CFR 1.53.

Issued in Washington, DC, on April 8, 1998.

**Richard D. Hurliaux,**

*Director for Technology and Standards, Office of Pipeline Safety.*
