

Rules and Regulations

Federal Register

Vol. 63, No. 81

Tuesday, April 28, 1998

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

FEDERAL RESERVE SYSTEM

12 CFR Parts 220 and 224

[Regulations T and X]

Securities Credit Transactions; List of Marginable OTC Stocks; List of Foreign Margin Stocks

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule; determination of applicability of regulations.

SUMMARY: The List of Marginable OTC Stocks (OTC List) is composed of stocks traded over-the-counter (OTC) in the United States that qualify as *margin securities* under Regulation T, Credit by Brokers and Dealers. The List of Foreign Margin Stocks (Foreign List) is composed of foreign equity securities that qualify as *margin securities* under Regulation T. The OTC List and the Foreign List are published four times a year by the Board. This document sets forth additions to and deletions from the previous OTC List and the previous Foreign List.

EFFECTIVE DATE: May 11, 1998.

FOR FURTHER INFORMATION CONTACT: Peggy Wolffrum, Securities Regulation Analyst, Division of Banking Supervision and Regulation, (202) 452-2837, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. For the hearing impaired only, contact Dorothea Thompson, Telecommunications Device for the Deaf (TDD) at (202) 452-3544.

SUPPLEMENTARY INFORMATION: Listed below are the deletions from and additions to the Board's OTC List, which was last published on January 27, 1998 (63 FR 3805), and became effective February 9, 1998. A copy of the complete OTC List is available from the Federal Reserve Banks.

The OTC List includes those stocks traded over-the-counter in the United

States that qualify as *OTC margin stock* under Regulation T (12 CFR Part 220) by meeting the requirements of section 220.11(a). This determination also affects the applicability of Regulation X (12 CFR Part 224). These stocks have the degree of national investor interest, the depth and breadth of market, and the availability of information respecting the stock and its issuer to warrant regulation in the same fashion as exchange-traded securities. The OTC List also includes any OTC stock designated for trading in the national market system (NMS security) under rules approved by the Securities and Exchange Commission (SEC). Additional OTC stocks may be designated as NMS securities in the interim between the Board's quarterly publications. They will become automatically marginable upon the effective date of their NMS designation. The names of these stocks are available at the SEC and at the National Association of Securities Dealers, Inc.

Pursuant to amendments recently adopted by the Board (see, 63 FR 2805, January 16, 1998), the definition of *OTC margin stock* in § 220.2 and the eligibility criteria for these stocks in § 220.11(a) and (b) will be removed from Regulation T on January 1, 1999, and broker-dealers will be permitted to extend margin credit against all equity securities listed in the Nasdaq Stock Market. Lenders subject to Regulation T and borrowers subject to Regulation X who are required under § 224.3(a) to conform credit they obtain to Regulation T will use the OTC List until publication of the next OTC List, anticipated for August 1998. The Board will cease publication of the OTC List in 1999.

Also listed below are the deletions from and additions to the Foreign List, which was last published on January 27, 1998, (63 FR 3805), and became effective February 9, 1998. The Foreign List is used solely by lenders subject to Regulation T. A copy of the complete Foreign List is available from the Federal Reserve Banks.

Public Comment and Deferred Effective Date

The requirements of 5 U.S.C. 553 with respect to notice and public participation were not followed in connection with the issuance of this amendment due to the objective

character of the criteria for inclusion and continued inclusion on the Lists specified in 12 CFR 207.6(a) and (b), 220.17(a), (b), (c) and (d), and 221.7(a) and (b). No additional useful information would be gained by public participation. The full requirements of 5 U.S.C. 553 with respect to deferred effective date have not been followed in connection with the issuance of this amendment because the Board finds that it is in the public interest to facilitate investment and credit decisions based in whole or in part upon the composition of these Lists as soon as possible. The Board has responded to a request by the public and allowed approximately a two-week delay before the Lists are effective.

List of Subjects

12 CFR Part 220

Banks, Banking, Brokers, Credit, Margin, Margin requirements, Investments, National Market System (NMS Security), Reporting and recordkeeping requirements, Securities.

12 CFR Part 224

Banks, Banking, Borrowers, Credit, Margin, Margin requirements, Reporting and recordkeeping requirements, Securities.

Accordingly, pursuant to the authority of sections 7 and 23 of the Securities Exchange Act of 1934, as amended (15 U.S.C. 78g and 78w), and in accordance with 12 CFR 220.2 and 220.11, there is set forth below a listing of deletions from and additions to the OTC List and the Foreign List.

RIN 2120-AA64

Airworthiness Directives; Diamond Aircraft Industries Models HK 36 TTS and HK 36 TTC Sailplanes

AGENCY: Federal Aviation
 Administration, DOT.

ACTION: Final rule.

SUMMARY: This amendment adopts a new airworthiness directive (AD) that applies to certain Diamond Aircraft Industries (Diamond) Models HK 36 TTS and HK 36 TTC sailplanes. This AD requires inspecting the engine turbocharger oil-pressure line for the correct banjo bolt. The correct banjo bolt will have a valve seat, instead of a built-in orifice. If the banjo bolt does not have a valve seat, then this action will require replacing the banjo bolt with one that has a valve seat, and repairing or replacing the turbocharger. This AD is the result of mandatory continuing airworthiness information (MCAI) issued by the airworthiness authority for Austria. The actions specified by this AD are intended to prevent possible loss of engine power, which could result in possible loss of control of the sailplane.
DATES: Effective June 14, 1998.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of June 14, 1998.

ADDRESSES: Service information that applies to this AD may be obtained from Diamond Aircraft Industries, G.m.b.H., N.A. Otto-Strabe 5, A-2700, Wiener Neustadt, Austria. This information may also be examined at the Federal Aviation Administration (FAA), Central Region, Office of the Regional Counsel, Attention: Rules Docket No. 97-CE-132-AD, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106; or at the Office of the Federal Register, 800 North Capitol Street, NW, suite 700, Washington, DC.

FOR FURTHER INFORMATION CONTACT: Mr. Mike Kiesov, Aerospace Engineer, Small Airplane Directorate, Aircraft Certification Service, FAA, 1201 Walnut, suite 900, Kansas City, Missouri 64106; telephone: (816) 426-6934; facsimile: (816) 426-2169.

SUPPLEMENTARY INFORMATION:

Events Leading to the Issuance of This AD

A proposal to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) to include an AD that would apply to certain Diamond Models HK 36 TTS and HK 36 TTC sailplanes that are equipped with Bombardier ROTAX (ROTAX) 914 F series engines, serial numbers 4,420.011 through 4,420.058, was published in the **Federal Register** as a notice of proposed rulemaking (NPRM) on February 11, 1998 (63 FR 6882). The NPRM proposed to require inspecting the banjo bolt for a valve seat. If the banjo bolt does not have a valve seat, this AD will require replacing the banjo bolt, and repairing or replacing the turbocharger. Accomplishment of the proposed installation will be in accordance with Bombardier ROTAX Technical Bulletin No. 914-04, dated August, 1997.

The NPRM was the result of mandatory continuing airworthiness information (MCAI) issued by the airworthiness authority for Austria.

Interested persons have been afforded an opportunity to participate in the making of this amendment. No comments were received on the proposed rule or the FAA's determination of the cost to the public.

The FAA's Determination

After careful review of all available information related to the subject presented above, the FAA has determined that air safety and the public interest require the adoption of
