The ISO requests that the proposed amendments be made effective as of the ISO Operations Date.

The ISO states that Amendment No. 7 would provide (1) certain changes relating to the transmission priority of Reliability Must-Run Generation and Existing Contracts; (2) temporary rule limiting Adjustment Bids applicable to Dispatchable Loads and exports; (3) a temporary rule disqualifying certain Energy bids; and (4) a clarification relating to the Reliability Must-Run Charge.

All such motions or protests should be filed on or before May 1, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and available for public inspection.

In these amendments, the PX proposes minor amendments to the PX Tariff and Protocols involving Tied Bids, the correction of typographical errors in the PX Settlements and Billing Protocol from the PX Tariff Amendment filed on March 3, 1998, a PX Security Amount clarification in the PX Registration and Certification Protocol, a clarification of the PX Administrative Charge and the Grid Management Charge, a payment timing modification, a clarification of how default Interest will be credited, and a new Tariff amendment referring to PX Emergency Recovery Protocol and PX Communications Protocol, with minor amendments to each of those protocols.

California Power Exchange; Notice of Filing

April 20, 1998.

Take notice that on April 10, 1998, the California Power Exchange Corporation (PX), filed for Commission acceptance in this docket, pursuant to Section 205 of the Federal Power Act, an application to amend the PX Operating Agreement and Tariff (including Protocols) (PX Tariff) for the Hour-Ahead Market implementation. The PX requests that the proposed PX Tariff amendments be made effective as of June 8, 1998, or sooner if the PX is able to complete testing.

In this submittal, the PX proposed PX Tariff and Protocol amendments that would be placed into effect to operate the PX Hour-Ahead Market. To implement a start-up date sooner than June 8, 1998, the PX requested that it be allowed to provide notice, at least fifteen (15) days in advance of start-up, to the Commission and to post such notice on the PX Home Page. This procedure is similar to the one that the Commission required the PX to follow in the start-up of the Day-Ahead Market.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions and protests should be filed on or before May 1, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this application are on file with the Commission and available for public inspection.
