**Bureau of Land Management**

[WY-060-1610-00]

**Notice of Availability**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Availability of the second draft Environmental Impact Statement (EIS) for the Newcastle Resource Management Plan (RMP) for the Public Lands administered by the Bureau of Land Management (BLM) in the Wyoming portion of the Newcastle Resource Area.

**SUMMARY:** The first draft EIS for the Newcastle RMP was issued in September, 1993. It has been decided to update and reissue a second draft for further comment because some public comments were inappropriately accepted on the first draft after the comment period ended. All public comments received on the first draft EIS have been considered and changes in the second draft document have been made based on those comments. When published, the final EIS will contain the proposed Newcastle Resource Management Plan, the comments on the second draft EIS, and the BLM responses to them.

**EFFECTIVE DATES:** Written comments concerning the analysis will be accepted for 90 days following the date the Environmental Protection Agency (EPA) publishes a notice of availability and filing of the draft EIS in the **Federal Register**. The EPA notice of availability is expected to be published on April 24, 1998.

Public meetings will be held in Sundance, Newcastle, and Lusk, Wyoming, to provide opportunities for the public to meet with representatives from the BLM and to comment on the draft EIS. A court reporter will be in attendance to record all comments for the record. When the times, dates, and places for these meetings are established, the public will be notified in advance through **Federal Register** or other notices, news releases, or mailings. Persons who wish to be placed

on the mailing list or participate in the Newcastle RMP planning process should contact the person(s) identified below at the Newcastle Resource Area Office.

The draft EIS may be viewed at the following locations: Newcastle Resource Area BLM Office, 1101 Washington Blvd., Newcastle, Wyoming; Wyoming BLM State Office, 5353 Yellowstone Road, Cheyenne, Wyoming; and county and city libraries in Crook, Niobrara and Weston counties. Copies of the draft EIS may be obtained from the address below.

**FOR FURTHER INFORMATION CONTACT:** Gary Johnson, Area Manager, or Project Leaders, Jack Hanson or Shelley Peele, Bureau of Land Management, Newcastle Resource Area, 1101 Washington Blvd., Newcastle, Wyoming 82701, phone 307-746-4453.

Comments, including names and street addresses of respondents, will be available for public review at the above address during regular business hours (7:45 a.m. to 4:30 p.m.), Monday through Friday, except holidays, and may be published with the final EIS. Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be available for public inspection in their entirety.

**SUPPLEMENTARY INFORMATION:** The Bureau of Land Management Newcastle Resource Area administers all public lands and minerals (as defined by the Federal Land Management Policy Act (FLPMA)) in Crook, Niobrara, and Weston counties. The draft EIS for the Newcastle RMP presents four alternative multiple use management plans (or four alternative RMPs) for those public lands that were analyzed in detail: Alternative A (continuation of existing management direction) and three other alternatives

that provide a variety of land use and resource management options for the public lands.

Issues addressed in the draft EIS include split-estate lands and the related limitations of BLM management responsibilities (particularly those involving non-Federal land surface over Federally owned minerals), the control of prairie dogs on intermingled public and private land ownerships, whether or not public lands in the Lance Creek Fossil Area should be designated an Area of Critical Environmental Concern (ACEC), and clarification of several maps in the first draft EIS to distinguish between public and non-Federal lands.

Dated: April 27, 1998.

Persons interested in reviewing environmental documents for the proposals listed above or obtaining information about EA's and FONSI's prepared for activities on the Gulf of Mexico OCS are encouraged to contact the MMS office in the Gulf of Mexico OCS Region.

**FOR FURTHER INFORMATION:** Public Information Unit, Information Services Section, Gulf of Mexico OCS Region, Minerals Management Service, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394, Telephone (504) 736-2519.

**SUPPLEMENTARY INFORMATION:** The MMS prepares EA's and FONSI's for proposals which relate to exploration for and the development/production of oil and gas resources on the Gulf of Mexico OCS. The EA's examine the potential environmental effects of activities described in the proposals and present MMS conclusions regarding the significance of those effects. Environmental Assessments are used as a basis for determining whether or not approval of the proposals constitutes major Federal actions that significantly affect the quality of the human environment in the sense of NEPA Section 102(2)(C). A FONSI is prepared in those instances where the MMS finds that approval will not result in significant effects on the quality of the human environment. The FONSI briefly presents the basis for that finding and includes a summary or copy of the EA.

This notice constitutes the public notice of availability of environmental documents required under the NEPA Regulations.

#### Boundary Revision: Chesapeake and Ohio Canal National Historical Park

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of boundary revision.

**SUMMARY:** Notice is hereby given that the National Park Service is revising the boundary of Chesapeake and Ohio Canal National Historical Park to include one additional tract of land.

**FOR FURTHER INFORMATION, CONTACT:** Chief, Acquisition Division, National Park Service, AT/LAFO, PO Box 908, Martinsburg, WV 25402, (304) 263-4943.

**SUPPLEMENTARY INFORMATION:** Public Law 91-664, enacted January 8, 1971 authorizes the acquisition of certain lands for the Chesapeake and Ohio Canal National Historical Park. Section 7(c)(ii) of the Land and Water Conservation Fund Act, as amended by Pub. L. 104-333, authorizes minor boundary revisions of areas within the National Park System. Such boundary revisions may be made, when necessary, after advising the appropriate Congressional Committees and following publication in the **Federal Register**.

In order to properly interpret and preserve the historic character of the Chesapeake and Ohio Canal National Historical Park it is necessary to revise the existing boundary to include one additional tract of land comprising approximately 115.24 acres. The property is being acquired by donation.

Notice is hereby given that the exterior boundary of the Chesapeake and Ohio Canal National Historical Park is hereby revised to include the following tract of land: All of the same land acquired by Adele C. Charpentier and Cleopatra Charpentier, from the Mount Vernon Trust Company, by deed dated December 1, 1941 and recorded December 8, 1941 in Deed Book 217, Page 322 in the Land Records of Washington County, State of Maryland.

Subject to existing easements for public roads and highways, public utilities, railroads and pipelines.

This tract of land is depicted on Segment Map 81, identified as P81-1 dated June, 1971. The maps are on file and available for inspection in the office of the National Park Service, Appalachian Trail Land Acquisition

Field Office, 1314 Edwin Miller Boulevard, P. O. Box 908, Martinsburg, West Virginia 25401

#### Fort Baker Comprehensive Plan, Golden Gate National Recreation Area, Marin County, California; Notice of Intent To Prepare an Environmental Impact Statement

**SUMMARY:** In accordance with section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*), Golden Gate National Recreation Area is undertaking a conservation planning and impact analysis process to identify and assess potential impacts of alternate management concepts for future activities at the Fort Baker area. Notice is hereby given that the National Park Service will prepare a draft environmental impact statement and comprehensive plan.

#### Background

Fort Baker is within the boundary of Golden Gate National Recreation Area (GGNRA), a unit of the National Park System comprised of coastal lands in Marin, San Francisco and San Mateo Counties, California. Fort Baker (just north of the Golden Gate Bridge) is a historic district on the National Register of Historic Places. It has over one and one-half miles of San Francisco Bay shoreline, and habitat for the endangered Mission Blue Butterfly is found on hillsides above developed portions of the site. More than 170,000 visitors annually use the Bay Area Discovery Museum (a Fort Baker educational opportunity created within several rehabilitated historic buildings which were transferred to the National Park Service in 1986). Portions of the site still under the jurisdiction of the
