

1997, and effective September 16, 1997, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to 14 CFR part 71 establishes a Class E airspace area at Borrego Springs, CA. Additional controlled airspace extending upward from 700 feet above the surface was required for aircraft executing instrument operations at Borrego Valley Airport. The effect of this action will provide adequate airspace for aircraft executing the GPS RWY 25 SIAP at Borrego Valley Airport, Borrego Springs, CA.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Abolishment of Boca Grande as a Port of Entry

AGENCY: U.S. Customs Service, Department of the Treasury.

ACTION: Final rule.

SUMMARY: This document amends the Customs Regulations by abolishing the port of entry of Boca Grande, Florida, in order for Customs to obtain more efficient use of its personnel, facilities and resources and to provide better service to carriers, importers and the general public.

EFFECTIVE DATE: June 4, 1998.

SUPPLEMENTARY INFORMATION

Background

As part of a continuing program to obtain more efficient use of its personnel, facilities and resources, and to provide better service to carriers, importers, and the general public, Customs proposed to amend § 101.3(b)(1), Customs Regulations (19 CFR 101.3(b)(1)), by abolishing the port of Boca Grande, Florida. A Notice of Proposed Rulemaking to this effect was published in the **Federal Register** (62 FR 37526) on July 14, 1997. The port was proposed to be abolished because there is not sufficient activity at the port to maintain the facility, and there are other nearby active ports such as Sarasota and Tampa which are available to handle any Customs transactions in that geographical area.

Determination

No comments either supporting or opposing the proposal were received. After further consideration of the proposal, Customs has determined to abolish the port of Boca Grande, Florida.

Authority

This change is made under the authority of 5 U.S.C. 301 and 19 U.S.C. 2, 66 and 1624.

Regulatory Flexibility Act

Customs establishes, expands and consolidates Customs ports of entry throughout the United States to accommodate the volume of Customs-related activity in various parts of the country. Although this document was issued with notice for public comment, it is not subject to the notice and public procedure requirements of 5 U.S.C. 553 because it relates to agency management and organization. Accordingly, this document is not subject to the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

Executive Order 12866

Because this document relates to agency organization and management, it is not subject to E.O. 12866.

Drafting Information

The principal author of this document was Janet L. Johnson, Regulations Branch, Office of Regulations and Rulings, U.S. Customs Service. However, personnel from other offices participated in its development.
