### **National Park Service**

#### **Notice of Receipt of Application(s) Received for Access to National Park Service Property for the Siting of Mobile Services Antennas**

**AGENCY:** National Park Service, Department of the Interior.

**ACTION:** Public notice of the receipt of an application for a right-of-way permit for a wireless telecommunications facility and the acceptance of public comment.

**SUMMARY:** Public Notice is hereby given that the National Park Service has received an application from Washington, D.C. SMSA Limited Partnership (D.C. SMSA), managing partners Cello and Bell Atlantic Mobile, for a right-of-way permit to construct, operate and maintain a wireless telecommunication site within the George Washington Memorial Parkway. The location within the park is at the parkway headquarters complex at Turkey Run Park in McLean, Virginia. The facility would initially consist of a single one-hundred and twenty foot monopole with design options for an associated equipment building ranging from a single-story facility of 12 x 30 feet, up to and including a 22 x 30 foot two-story (one-story above grade) addition to an existing structure.

**ADDRESSES:** Comments concerning this application should be directed to: National Park Service, George Washington Memorial Parkway, Turkey

Run Park, McLean, Virginia 22101, (703) 285-2600.

Interested parties may review the application Monday through Friday, from 8:00 am until 4:30 pm, at the Parkway headquarters at Turkey Run Park.

**DATES:** Written comments must be received on or before July 2, 1998.

**SUPPLEMENTARY INFORMATION:** A completed application was received on May 13th, 1998. Within 60 days of that date, the superintendent will approve the application; approve the application with changes; deny the application; or notify the applicant of the need for further evaluation to comply with the National Environmental Policy Act (NEPA), National Historic Preservation Act, and/or other applicable laws and regulations.

Before reaching a final decision on this application, the NPS will undertake an Environmental Assessment (EA) in compliance with the NEPA. In addition, the Park Superintendent may choose to conduct a Comprehensive Assessment for wireless communications which will determine the extent to which, and the means by which, George Washington Memorial Parkway can accommodate demands for wireless telecommunication facility sites without derogating park resources, values or purposes. This assessment would also explore the feasibility of co-location of facilities.

National Park Service review of this application will be in accord with all applicable laws and regulations. The NPS regulations for right-of-way permits are located in Part 14 of Title 36 of the Code of Federal Regulations. A draft revision of these regulations was published in the **Federal Register** on December 1, 1997 (62 FR 63488). The NPS will also follow the guidelines developed by the General Services Administration to implement Section 704(c) of the Telecommunications Act of 1996 (47 U.S.C. 332) which was published in the **Federal Register** on March 29, 1996 (61 FR 14100). Other laws applicable to the National Park System include the National Park Service Organic Act, the National Environmental Policy Act (NEPA), and the National Historic Preservation Act. (NHPA).
