

Number of Respondents:

Approximately 2,500.

Estimated Time Per Respondent: .5 hrs.

Total Burden Hours: 1,250 hrs.

Total Annualized capital/startup costs: 0.

Total Annual Cost (operating/maintaining systems or purchasing services): 0.

Description: The Corporation seeks to renew the revised Applicant Medical Prescreening Form. This form is utilized by the AmeriCorps*NCCC medical consultant in determining whether applicants will need special accommodation and if so, whether these accommodations, if available, will be sufficient to enable a participant to perform the essential functions of an NCCC Corps Member.

Dated: May 29, 1998.

Kenneth L. Klothen,

General Counsel.

BILLING CODE 6050-28-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Submission for OMB Review; Comment Request

ACTION: Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title and OMB Number: Technology Reinvestment Project (TRP) Review Project; OMB Number 0704-[to be determined].

Type of Request: New Collection.

Number of Respondents: 140.

Responses per Respondent: 1.

Annual Responses: 140.

Average Burden per Response: 2 hours.

Annual Burden Hours: 280.

Needs and Uses: The Technology Reinvestment Project (TRP) is no longer receiving Federal funding, but new initiatives have begun to broaden and normalize the application of dual-use technologies and products. As part of its support of these initiatives, the Defense Advanced Research Projects Agency (DARPA) is sponsoring this review project to quantitatively express the status and performance of the TRP projects and to document lessons learned. This review will also provide an opportunity to present TRP products and technologies to the Services for

adoption. The information collected will be used by DARPA's Joint Dual Use Program Office (JDUPO) and the Office of the Secretary of Defense (OSD) to define and document the status of each TRP project and to derive performance metrics suitable for the Government Performance and Results Act (GPRA). TRP project successes and failures and lessons learned from the TRP will be compiled from the information gathered as well as materials for education and training. Because the TRP projects are nearing completion, this data must be collected now or it will become nearly impossible to access. If that happens, the opportunity will be lost to assess the benefits of the TRP and to learn lessons that will help to expand dual-use and embed it into the Military Services. Respondents will be the TRP consortia: for-profit businesses, defense contractors, and universities.

Affected Public: Business or Other For-Profit; Not-For-Profit Institutions.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Mr. Peter N. Weiss.

Written comments and

recommendations on the proposed information collection should be sent to Mr. Weiss at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

DOD Clearance Officer: Mr. Robert Cushing.

Written requests for copies of the information collection proposal should be sent to Mr. Cushing, WHS/DIOR, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302.

Dated: May 28, 1998.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5000-04-M

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Intelligence Agency, Science and Technology Advisory Board Closed Panel Meeting

AGENCY: Department of Defense, Defense Intelligence Agency.

ACTION: Notice.

SUMMARY: Pursuant to the provisions of Subsection (d) of Section 10 of Public Law 92-463, as amended by Section 5 of Public Law 94-409, notice is hereby given that a closed meeting of the DIA Science and Technology Advisory board has been scheduled as follows:

DATES: 2 June 1998 (800 am to 1600 pm).

ADDRESSES: The Missile & Space Intelligence Center, Redstone-Arsenal, AL 35898-5500.

FOR FURTHER INFORMATION CONTACT:

Maj Michael W. Lamb, USAF, Executive Secretary, DIA Science and Technology Advisory Board, Washington, D.C. 20340-1328 (202) 231-4930.

SUPPLEMENTARY INFORMATION: The entire meeting is devoted to the discussion of classified information as defined in Section 552b(c)(1), Title 5 of the U.S. Code and therefore will be closed to the public. The Board will receive briefings on and discuss several current critical intelligence issues and advised the Director, DIA, on related scientific and technical matters.

Dated: May 27, 1998.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5000-04-M

DEPARTMENT OF DEFENSE

Department of the Navy

Record of Decision For The Disposal and Reuse of Naval Station Long Beach and Long Beach Naval Shipyard, Long Beach, California

SUMMARY: The Department of the Navy (Navy), pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. § 4332(2)(C), and the regulations of the Council on Environmental Quality that implement NEPA, 40 CFR Parts 1500-1508, hereby announces its decision to dispose of Naval Station Long Beach and Long Beach Naval Shipyard in Long Beach, California.

This disposal decision does not apply to the Navy Fuel Depot, which Navy will retain and operate, or to property that will revert to the City of Long Beach in accordance with the judgment of the United States District Court for the Southern District of California in *United States of America v. 1,039 Acres of Land*, Civil No. 63-1204 HW (S.D. Cal. 1963).

Navy intends to dispose of the Naval Station and the Naval Shipyard property in a manner that is consistent with the Redevelopment Plan for Reuse of Surplus Naval Property, dated July

1995, the Redevelopment Plan for Reuse of Surplus Naval Property, dated December 1995, and the Long Beach Naval Shipyard Comprehensive Reuse Plan, dated July 1996. The City of Long Beach (City), the Local Redevelopment Authority (LRA) for both installations, prepared and approved these three reuse plans.

The LRA Reuse Alternative, identified in the Final Environmental Impact Statement/Environmental Impact Report (FEIS/EIR) as the Preferred Reuse Alternative, reflects the City's three reuse plans and proposes to use the Navy property as a marine container terminal facility with an intermodal railyard, a ship repair facility at Drydock 1, a liquid bulk terminal, breakbulk and neobulk terminals, a Sea Launch facility, an oil production relocation area, and a roadway network. Under this alternative, the City of Long Beach would use Building 300 and the surrounding Naval Shipyard property to relocate the City's police headquarters and police training academy.

In deciding to dispose of the Naval Station and the Naval Shipyard in a manner consistent with the LRA's reuse plans, Navy has determined that the LRA Reuse Alternative will meet the goals of achieving local economic redevelopment and creating new jobs, while ensuring land uses that are generally compatible with adjacent property. This Record of Decision does not mandate specific land uses. Rather, it leaves selection of the particular means to achieve the proposed redevelopment to the acquiring entity and the local land use planning authority.

Navy and the City analyzed the impacts of the disposal and reuse of these properties in a Joint Environmental Impact Statement/Environmental Impact Report (EIS/EIR), as required by NEPA and the California Environmental Quality Act (CEQA), Cal. Pub. Res. Code, § 21000, *et seq.*, as amended. For purposes of the analysis required by CEQA, the Joint EIS/EIR serves as an EIR for reuse of the Naval Shipyard and a Subsequent EIR for reuse of the Naval Station.

Background

The Naval Station and the Naval Shipyard are bounded on the north and east by the Port of Long Beach (Port), on the west by the Port of Los Angeles, and on the south by San Pedro Bay. The Naval Station is composed of the Station proper, the Navy Mole, Site 6A in Long Beach (6A-LB), Site 6A in Los Angeles (6A-LA), part of the West Basin, and the Taper Avenue, Savannah and Cabrillo housing areas. The Naval Shipyard is
