DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Orange, Santa Ana, Garden Grove, Westminster, Seal Beach, Los Alamitos and Unincorporated Parts of Orange County, CA

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an environmental impact statement will be prepared for a proposed highway project in Orange County, California.

FOR FURTHER INFORMATION CONTACT: C. Glenn Clinton, Chief, District Operations—South, Federal Highway Administration, California Division, 980 Ninth Street, Suite 400, Sacramento, California 95814-2724, Telephone: (916) 498-5037.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the California Department of Transportation (Caltrans) and the Orange County Transportation Authority (OCTA), will prepare an environmental impact statement (EIS) on a proposal to improve State Route 22 (SR-22) in Orange County, California. The project area includes SR-22 from SR-55 to I-405 (20.1 km), as well as a section of the former Pacific Electric right-of-way between SR-22 in the City of Garden Grove and Raitt Street in the City of Santa Ana (4.5 km), and I-405 from SR-22 to I-605 (5.3 km) inclusive of the freeway-to-freeway interchanges, (28.2 km). It is known collectively as the SR-22/West Orange County Connection.

The SR-22/West Orange County Connection has insufficient capacity on the freeway and major adjacent surface streets to handle existing and projected travel demand between the SR-55 interchange and I-605, and to and from destinations within the corridor. The situation is aggravated by inadequate freeway interchanges, lack of
