BILLING CODE 4310-70-P

**DEPARTMENT OF JUSTICE**

**Office of the Assistant Attorney General for Civil Rights; Certification of the State of Florida Accessibility Code for Building Construction Under the Americans With Disabilities Act**

**AGENCY:** Department of Justice.

**ACTION:** Notice of certification.

**SUMMARY:** The Department of Justice has certified that the Florida Americans with Disabilities Accessibility Implementation Act, Florida Statutes §§ 553.501-553.514, as implemented by the Florida Accessibility Code for Building Construction, meets or exceeds the new construction and alterations requirements of title III of the Americans with Disabilities Act (ADA).

**DATES:** June 9, 1998.

**ADDRESSES:** Inquiries may be addressed to: John L. Wodatch, Chief, Disability Rights Section, Civil Rights Division, U.S. Department of Justice, P.O. Box 66738, Washington, DC 20035-6738.

**FOR FURTHER INFORMATION CONTACT:** John L. Wodatch, Chief, Disability Rights Section, Civil Rights Division,

U.S. Department of Justice, P.O. Box 66738, Washington, DC 20035-6738. Telephone number (800) 514-0301 (Voice) or (800) 514-0383 (TDD).

Copies of this notice are available in formats accessible to individuals with vision impairments and may be obtained by calling (800) 514-0301 (Voice) or (800) 514-0383 (TDD).

**SUPPLEMENTARY INFORMATION:****Background**

The ADA authorizes the Department of Justice, upon application by a State or local government, to certify that a State or local law that establishes accessibility requirements meets or exceeds the minimum requirements of title III of the ADA for new construction and alterations. 42 U.S.C.

§ 12188(b)(1)(A)(ii); 28 CFR 36.601 *et seq.* Certification constitutes rebuttable evidence, in any ADA enforcement action, that a building constructed or altered in accordance with the certified code complies with the new construction and alterations requirements of title III of the ADA.

By letter dated February 2, 1994, the Florida Department of Community Affairs requested that the Department of Justice (Department) certify that the Florida Americans with Disabilities Accessibility Implementation Act, Florida Statutes §§ 553.501-553.514, as implemented by the Florida Accessibility Code for Building Construction (together, the "Florida law"), meets or exceeds the new construction and alterations requirements of title III of the ADA.

The Department analyzed the Florida law, and made a preliminary determination that it meets or exceeds the new construction and alterations requirements of title III of the ADA. By letter dated September 30, 1997, the Department notified the Florida Department of Community Affairs of its preliminary determination of equivalency.

On October 23, 1997, the Department published notices in the **Federal Register** announcing its preliminary determination of equivalency and requesting public comments thereon. The period for submission of written comments ended on December 22, 1997. In addition, the Department held public hearings in Orlando, Florida on December 19, 1997, and in Washington, DC on December 22, 1997.

Ten individuals submitted comments. The commenters included government officials, disability rights advocates, design professionals, and other interested individuals. The Department has analyzed all of the submitted comments and has consulted with the

U.S. Architectural and Transportation Barriers Compliance Board.

The majority of the comments supported certification of the Florida law. Three commenters, while not opposing certification of the Florida law, suggested that there exists a conflict between the Florida law and the ADA because section 553.509 of the Florida Statutes and sections 4.1.2, 4.1.3, 4.1.6 and 5.4 of the Florida Accessibility Code for Building Construction (Code) exempt from the requirement of vertical accessibility "[o]ccupiable spaces and rooms that are not open to the public and that house no more than five persons \* \* \*" (e.g., equipment control rooms, projection booths) whereas the ADA Standards for Accessible Design (Standards) may require vertical accessibility (e.g., work areas). Because section 553.509 of the Florida Statutes and sections 4.1.2, 4.1.3, 4.1.6 and 5.4 of the Florida Code provide that "buildings, structures, and facilities must, at a minimum, comply with the requirements" of the ADA Standards, and because sections 4.1.2, 4.1.3, 4.1.6 and 5.4 of the Florida Code further provide that "facilities subject to the ADA may be required to provide vertical access to areas otherwise exempt under 4.1.3(5)(3)" of the Florida Code, there is no conflict between the Florida law and the ADA.

One comment opposed certification on the ground that the Florida law exempts churches. Because coverage of churches is neither required nor prohibited by the ADA, such coverage does not preclude certification.

Based on these comments, the Department has determined that the Florida law is equivalent to the new construction and alterations requirements of title III of the ADA. Therefore, the Department has informed the submitting official of its decision to certify the Florida law.

#### Effect of Certification

The certification determination is limited to the version of the Florida law that has been submitted to the Department. The certification will not apply to amendments or interpretations that have not been submitted and reviewed by the Department.

Certification will not apply to buildings constructed by or for State or local government entities, which are subject to title II of the ADA. Nor does certification apply to accessibility requirements that are addressed by the Florida law that are not addressed by the ADA Standards.

Finally, certification does not apply to variances or waivers granted under the Florida law. Therefore, if a builder

receives a variance, waiver, modification, or other exemption from the requirements of the Florida law for any element of construction or alterations, the certification determination will not constitute evidence of ADA compliance with respect to that element.

Dated: May 27, 1998.

#### DEPARTMENT OF JUSTICE

##### **Notice of Consent Decree Under the Clean Air Act, the Resource Conservation and Recovery Act, and the Emergency Planning and Community Right-to-Know Act**

Notice is hereby given that a consent decree in *United States v. American Insulated Wire Corp.*, Civil Action No. 98CV10993NG (D. Mass.) was lodged with the United States District Court for the District of Massachusetts on May 26, 1998.

In this action the United States sought injunctive relief and civil penalties under Section 113(b) of the Clean Air Act ("CAA"), 42 U.S.C. 7413(b), Sections 3008 (a) and (g) of the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. 6928 (a) and (g), and Section 325(c)(1) and (4) of the Emergency Planning and Community Right-to-Know Act ("EPCRA"), 42 U.S.C. 11045(c) (1) and (4), against American Insulated Wire Corp. ("AIW"). The alleged violations include failure to obtain permits required under the CAA, failure to comply with various hazardous waste handling requirements under RCRA (e.g., failure to keep hazardous waste containers labelled, marked and closed as required; failure to conduct weekly inspections), and failure to make complete and accurate reports required under EPCRA. The consent decree resolves these claims.

The consent decree requires AIW: to comply with the Clean Air Act, RCRA, and EPCRA; to pay a civil penalty to the United States of \$1,400,000; and to implement two supplemental environmental projects ("SEPs") at an estimated cost of \$994,475. The first SEP requires AIW to retrofit the oil-fired boilers that provide power to the facility to burn natural gas as well, and to burn only natural gas during the period from May 1 through September 30 for two consecutive years. The second SEP requires AIW to construct a closed-loop

wastewater treatment and recycling system at the facility.

The Department of Justice will accept written comments relating to the proposed consent decree for thirty (30) days from the date of publication of this notice. Please address comments to the Assistant Attorney General, Environment and Natural Resources Division, Department of Justice, P.O. Box 7611, Ben Franklin Station, Washington, D.C. 20044 and refer to *United States v. American Insulated Wire Corp.* (D. Mass.), DJ #90-7-1-903.

Copies of the proposed consent decree may be examined at the Office of the United States Attorney, 1003 J.W. McCormack P.O. & Courthouse, Boston, MA 02109; at the U.S. Environmental Protection Agency, Region I, One Congress Street, Boston, Massachusetts 02203; and at the Consent Decree Library, 1120 G Street, NW, 4th Floor, Washington, DC 20005, (202) 624-0892. A copy of the consent decree may also be obtained in person or by mail at the Consent Decree Library, 1120 G Street, NW, 4th Floor, Washington, DC 20005. When requesting a copy of the consent decree by mail, please enclose a check in the amount of \$6.50 (twenty-five cents per page reproduction costs) payable to the "Consent Decree Library."
