

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 98–ACE–5]

Revocation and Establishment of Class D; and Revocation, Establishment and Modification of Class E Airspace Area; Olathe, Johnson County Industrial Airport, KS; Correction

AGENCY: Federal Aviation Administration, DOT.

ACTION: Direct final rule; confirmation of effective date and correction.

SUMMARY: This document confirms the effective date of a direct final rule which revokes the Class D and Class E airspace at Olathe, Johnson County Industrial Airport, KS; establishes Class D and a larger Class E airspace area in their place designated Olathe, New Century Aircenter, KS; and corrects the Airport Reference Point, as published in the direct final rule.

DATES: The direct final rule published at 63 FR 10758 is effective on 0901 UTC, June 18, 1998.

This correction is effective on June 18, 1998.

FOR FURTHER INFORMATION CONTACT: Kathy Randolph, Air Traffic Division, Airspace Branch, ACE–520C, Federal Aviation Administration, 601 East 12th Street, Kansas City, Missouri 64106; telephone: (816) 426–3408.

SUPPLEMENTARY INFORMATION: On March 5, 1998, the FAA published in the **Federal Register** a direct final rule; request for comments which revoked the Class D and Class E airspace areas at Olathe, Johnson County Industrial Airport, KS; and established Class D and Class E airspace areas at Olathe, New Century Aircenter, KS, (FR Document 98–5697, 63 FR 10758, Airspace Docket No. 98–ACE–5). An error was subsequently discovered in the Airport Reference Point Class E airspace designations. After careful review of all available information related to the subject present above, the FAA has determined that air safety and the public interest require adoption of the rule. The FAA has determined that this correction will not change the meaning of the action nor add any additional burden on the public beyond that already published. This action corrects the error and confirms the effective date of the direct final rule.

The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA

believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on June 18, 1998. No adverse comments were received, and thus this document confirms that this direct final rule will become effective on that date.

Correction

In rule FR Doc. 98–5697 published in the **Federal Register** on March 5, 1998, 63 FR 10758, make the following correction to the Olathe, New Century Aircenter, KS, Class E airspace designation incorporated by reference in 14 CFR 71.1:

§ 71.1 [Corrected]**ACE KS E5 Olathe, New Century Aircenter, KS [Corrected]**

On page 10759, in the third column, under Olathe, New Century Aircenter, KS correct “(Lat. 38°49’51”N., long. 95°4’53’25”W.)” to read “(Lat. 38°49’51”N., long. 94°53’25”W.)”.

Issued in Kansas City, MO on May 6, 1998.

Christopher R. Blum,

Acting Manager, Air Traffic Division, Central Region.

14 CFR Part 71

[Airspace Docket No. 98–ACE–8]

Establish Class E Airspace; Atkinson, NE

AGENCY: Federal Aviation Administration [FAA], DOT.

ACTION: Final rule.

SUMMARY: This action establishes the Class E airspace area at Atkinson, NE. The development of a Global Positioning System (GPS) Runway (RWY) 29 Standard Instrument Approach Procedure (SIAP) and a VHF Omnidirectional Range/Distance Measuring Equipment (VOR/DME) RWY 29 SIAP has made this rule necessary. This action is intended to provide adequate controlled airspace extending upward from 700 feet Above Ground Level (AGL) for Instrument Flight Rules (IFR) operations at Stuart-Atkinson Municipal Airport, Atkinson, NE.

EFFECTIVE DATE: 0901 UTC August 13, 1998.

FOR FURTHER INFORMATION CONTACT:

Kathy Randolph, Air Traffic Division, Airspace Branch, ACE–520C, Federal Aviation Administration, 601 E. 12th Street, Kansas City, MO 64106; telephone: (816) 426–3408.

SUPPLEMENTARY INFORMATION:**History**

On March 25, 1998, a proposal to amend part 71 of the Federal Regulations (14 CFR part 71) to establish Class E airspace area at Atkinson, NE, was published in the **Federal Register** (63 FR 14387). This proposal was to establish controlled airspace extending upward from 700 feet AGL. The intended effect of the proposal was to provide adequate Class E airspace to contain aircraft executing GPS RWY 29 and VOR/DME RWY 29 SIAPs at Stuart-Atkinson Municipal Airport, Atkinson, NE.

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received.

The Rule

This amendment to part 71 of the Federal Regulations (14 CFR part 71) establishes the Class E airspace area at Atkinson, NE.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9E, dated September 10, 1997, and effective September 16, 1997, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Aviation, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9E, Airspace Designations and Reporting Points, dated September 10, 1997, and effective September 16, 1997, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ACE NE E5 Atkinson, NE [New]

Stuart-Atkinson Municipal Airport, NE
(Lat. 42°33'45"N., long. 99°02'16"W.)

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Stuart-Atkinson Municipal Airport, excluding that airspace within the O'Neill, NE, Class E airspace.

* * * * *

Issued in Kansas City, MO on May 21, 1998.

Christopher R. Blum,

Acting Manager, Air Traffic Division, Central Region.

Amendment to Class E Airspace; Le Mars, IA

AGENCY: Federal Aviation Administration, DOT.

ACTION: Direct final rule; confirmation of effective date.

SUMMARY: This document confirms the effective date of a direct final rule which revises Class E airspace at Le Mars, IA.

DATES: The direct final rule published at 63 FR 14604 is effective on 0901 UTC, June 18, 1998.

FOR FURTHER INFORMATION CONTACT:

Kathy Randolph, Air Traffic Division, Airspace Branch, ACE–520C, Federal Aviation Administration, 601 East 12th Street, Kansas City, Missouri 64106; telephone: (816) 426–3408.

SUPPLEMENTARY INFORMATION: The FAA published this direct final rule with a request for comments in the **Federal Register** on March 26, 1998 (63 FR 14604). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on June 18, 1998. No adverse comments were received, and thus this document confirms that this direct final rule will become effective on that date.

Issued in Kansas City, MO on May 6, 1998.

[Airspace Docket No. 98–ASW–28]

Revision of Class E Airspace; Sabine Pass, TX

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This amendment revises the Class E airspace at Sabine Pass, TX. The development of global positioning system (GPS) standard instrument approach procedures (SIAP), helicopter point-in-space approaches, to heliports in the Sabine Pass, TX, area has made this rule necessary. This action is intended to provide adequate controlled airspace extending upward from 700 feet or more above the surface for instrument flight rules (IFR) operations to the heliports.

DATES: Effective 0901 UTC, October 8, 1998. Comments must be received on or before July 27, 1998.

ADDRESSES: Send comments on the rule in triplicate to Manager, Airspace Branch, Air Traffic Division, Federal Aviation Administration, Southwest Region, Docket No. 98–ASW–28, Fort Worth, TX 76193–0520.

The official docket may be examined in the Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, 2601 Meacham Boulevard, Room 663, Fort Worth, TX, between 9:00 a.m. and 3:00 p.m., Monday through Friday, except Federal holidays. An informal docket may also be examined during normal business hours at the Airspace Branch, Air Traffic Division, Federal Aviation
