BILLING CODE 4210-01-M

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4341-N-15]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Mark Johnston, room 7256, Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, DC 20410; telephone (202) 708-1226; TTY number for the hearing- and speech-impaired: (202) 708-2565 (these telephone numbers are not toll-free,) or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and

unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll-free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**,

the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: Army: Mr. Jeff Holste, CECPW-FP, U.S. Army Center for Public Works, 7701 Telegraph Road, Alexandria, VA 22315; (703) 428-6318; GSA: Mr. Brian K. Polly, Assistant Commissioner, General Services Administration, Office of Property Disposal, 18th and F Streets, NW, Washington, DC 20405; (202) 501-2059; Navy: Mr. Charles C. Cocks, Department of the Navy, Director, Real Estate Policy Division, Naval Facilities Engineering Command, Code 241A, 200 Stovall Street, Alexandria, VA 22332-2300; (703) 325-7342 (these are not toll-free numbers).

Dated: June 11, 1998.

Fred Karnas, Jr.,

Deputy Assistant Secretary for Economic Development.

BILLING CODE 4210-29-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of the Draft Environmental Assessment for Determining the Future Role of Leadville National Fish Hatchery, Leadville, CO

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability of the Draft Environmental Assessment for determining the future role of the Leadville National Fish Hatchery, a

whirling disease and bacterial kidney disease positive facility.

SUMMARY: The U.S. Fish and Wildlife Service, Mountain-Prairie Region, has developed a draft environmental assessment on the future operation of the Leadville National Fish Hatchery in light of the discovery of whirling disease at the Hatchery in May, 1995. This notice advises the public that the Service proposes to continue fish production at the Leadville Hatchery and line all earthen rearing units in order to reduce tubifex worm populations which host whirling disease, and therefore control (reduce) whirling disease infection levels at the Hatchery. Lining earthen rearing units will also help prevent bacterial kidney disease epidemics.

This draft environmental assessment has been developed by Service biologists in coordination with the Colorado Division of Wildlife, private conservation organizations, and the general public. The assessment considers the biological, environmental, and socioeconomic effects of operating the Hatchery, stocking whirling disease-positive trout in Colorado, and lining earthen rearing units. The assessment evaluates nine alternative actions and potential impacts of those alternatives on the environment. Written comments or recommendations concerning the proposal are welcomed, and should be sent to the address below.

DATES: The draft assessment will be available to the public for review and comment on June 15, 1998. Written comments must be received no later than July 20, 1998, to be considered in developing a final environmental assessment.

ADDRESSES: Comments and requests for copies of the assessment should be addressed to Mr. John Hamill, Associate Manager (Colorado), U.S. Fish and Wildlife Service, Denver Federal Center, P.O. Box 25486, Denver, Colorado 80225.

SUPPLEMENTARY INFORMATION: The Leadville Hatchery currently produces 39,000 pounds of fish annually for Fryingpan-Arkansas Project waters mitigation per a Memorandum of Agreement with the Bureau of Reclamation: 13,000 pounds for the Grand Valley as per an agreement with Colorado Division of Wildlife to mitigate lost recreational fishing opportunities due to recovery activities on the Colorado River authorized under the Endangered Species Act; 30,000 pounds (cost reimbursable) for Military waters in Colorado Springs and Denver as per an agreement with the
