

expertise, and recommending them to clients. We do not assume that a program that has operated successfully will necessarily be able to provide effective trainers. The providers' services should be voluntary (non-compensated), but the Exchange should allocate resources for necessary travel and per diem. Voluntary non-compensated services and cost-share contributions (in-kind and/or cash) may not include funds or expenses and time and effort paid for by Corporation funds under LSA or any other Corporation grant. We encourage peer assistance from one region to another when the required support is not available within a region.

3. Develop and implement a management system for defining and monitoring the roles and responsibilities of the lead organization and all regional and other partners within the Exchange. This must include clear definition of the principles and mechanisms for allocating funds to all partners as well as for submitting activity and financial status reports to the Corporation.

4. Convene a meeting of all Exchange partners immediately upon execution of the cooperative agreement to facilitate implementation of T/TA by developing shared understanding of all participants' responsibilities, resources, and identities and roles of contact personnel.

5. In collaboration with the LSA National Service-Learning Clearinghouse, develop and implement a plan for conducting periodic technical assistance resource and needs assessments of all categories of LSA grantees and the service-learning field, including assessing the availability of current resources to meet those needs. The Corporation strongly encourages the Exchange to undertake an initial needs and resources assessment immediately upon signing the cooperative agreement.

6. Work with the LSA National Service-Learning Clearinghouse to identify selected materials and resources, developed and used successfully by the Exchange in the course of providing T/TA, for the Clearinghouse to catalog and make available to the field (using on-line access whenever practical).

7. Develop T/TA resources to make service-learning programs accessible to individuals with disabilities.

8. Coordinate the activities of the Exchange with appropriate entities to avoid duplication of effort, including but not limited to other National Service T/TA providers funded by the Corporation.

9. Collaborate with the Corporation Office of Public Affairs to develop,

implement, and continuously improve an outreach and marketing plan to promote the services and resources of the Exchange.

10. Support related Federal initiatives, including the America Reads Challenge and Improving America's Schools Act, by developing relevant T/TA resources or making referrals to existing providers, whichever is more cost-effective.

11. Monitor and support the activities of LSA grantees' affinity groups.

12. Develop and implement the LSA kindergarten through higher education (hereinafter "K-H") publications plan in coordination with the LSA National Service-Learning Clearinghouse.

13. Facilitate the planning and implementation of two annual LSA program directors' meetings, one for school-based and community-based K-12 programs and the other for higher education programs, or possibly joint K-H grantees' meetings.

14. Carry out such other activities as the Corporation, normally represented by its Service-Learning Specialist in consultation with the Office of Learn and Serve America, determines to be appropriate.

C. Amount and Duration of Funding

The first year's award will total up to \$950,000. The cooperative agreement may be funded each year for up to three years total based on performance, need, and the availability of funds. Applications proposing notable cost-sharing (in kind and/or in cash) will receive more favorable consideration.

D. Eligibility

Public or private nonprofit organizations that have extensive experience with service-learning (school-based, campus-based, and/or community-based, including use of adult volunteers to foster service-learning) are eligible to apply.

E. Applications

The Corporation will enter into only one cooperative agreement in this area. Based on related previous competitions and the Corporation's estimate of the number of eligible applicants, the Corporation expects nine or less applications to be submitted.

Dated: June 18, 1998.

Kenneth L. Kloth,
General Counsel.

BILLING CODE 5000-04-M

DEPARTMENT OF DEFENSE

Department of the Army

Proposed Collection; Comment Request

AGENCY: Deputy Chief of Staff for Personnel (DAPE-ZXI-RM), Department of the Army, DOD.

ACTION: Notice.

SUMMARY: In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Department of the Army announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by August 24, 1998.

ADDRESSES: Written comments and recommendations on the proposed information collection should be sent to U.S. Army Corps of Engineers Directorate of Civil Works, ATTN: CEWRC-IWR-R (Stuart A. Davis). Consideration will be given to all comments received within 60 days of the date of publication of this notice.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the above address, or call Department of the Army Reports clearance officer at (703) 614-0454.

Title: Corps of Engineers Civil Works Questionnaires.

Needs and Uses: Information is needed to formulate and evaluate alternative water resources development plans in accordance with the Principles and Guidelines for Water Resources Implementation Studies, promulgated by the U.S. Water Resources Council; to determine the effectiveness and evaluate the impacts of Corps projects; and in the case of flood damage mitigation, to obtain information on flood damages incurred, with or without a flood damage reduction project. Surveys of the public are also essential to the Corps recreation research and management program.

Affected Public: Individual or households; Business or other for-profit; Not-for-profit institutions; Farms; State, Local or Tribal Government.

Annual Burden Hours: 10,817.

Number of Respondents: 112,400.

Responses Per Respondent: 112,400.

Average Burden Per Response: 3 minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION: The Corps of Engineers uses public surveys for collecting primary data for planning, program evaluation, and basic research to improve formulation and design of resource projects and the management of their operations.

Gregory D. Showalter,

Army Federal Register Liaison Officer.
