BILLING CODE 4410-31-M

DEPARTMENT OF LABOR

Employment Standards Administration

Wage and Hour Division; Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions
 of the Secretary of Labor are issued in
 accordance with applicable law and are
 based on the information obtained by
 the Department of Labor from its study
 of local wage conditions and data made
 available from other sources. They
 specify the basic hourly wage rates and
 fringe benefits which are determined to
 be prevailing for the described classes of
 laborers and mechanics employed on
 construction projects of a similar
 character and in the localities specified
 therein.

The determinations in these decisions
 of prevailing rates and fringe benefits
 have been made in accordance with 29
 CFR Part 1, by authority of the Secretary
 of Labor pursuant to the provisions of
 the Davis-Bacon Act of March 3, 1931,
 as amended (46 Stat. 1494, as amended,

40 U.S.C. 276a) and of other Federal
 statutes referred to in 29 CFR Part 1,
 Appendix, as well as such additional
 statutes as may from time to time be
 enacted containing provisions for the
 payment of wages determined to be
 prevailing by the Secretary of Labor in
 accordance with the Davis-Bacon Act.
 The prevailing rates and fringe benefits
 determined in these decisions shall, in
 accordance with the provisions of the
 foregoing statutes, constitute the
 minimum wages payable on Federal and
 federally assisted construction projects
 to laborers and mechanics of the
 specified classes engaged on contract
 work of the character and in the
 localities described therein.

Good cause is hereby found for not
 utilizing notice and public comment
 procedure thereon prior to the issuance
 of these determinations as prescribed in
 5 U.S.C. 553 and not providing for delay
 in the effective date as prescribed in that
 section, because the necessity to issue
 current construction industry wage
 determinations frequently and in large
 volume cause procedures to be
 impractical and contrary to the public
 interest.

General wage determination
 decisions, and modifications and
 supersedes decisions thereto, contain no
 expiration dates and are effective from
 their date of notice in the **Federal
 Register**, or on the date written notice
 is received by the agency, whichever is
 earlier. These decisions are to be used
 in accordance with the provisions of 29
 CFR Parts 1 and 5. Accordingly, the
 applicable decision, together with any
 modifications issued, must be made a
 part of every contract for performance of
 the described work within the
 geographic area indicated as required by
 an applicable Federal prevailing wage
 law and 29 CFR Part 5. The wage rates
 and fringe benefits, notice of which is
 published herein, and which are
 contained in the Government Printing
 Office (GPO) document entitled
 "General Wage Determinations Issued
 Under The Davis-Bacon Act and Related
 Acts," shall be the minimum paid by
 contractors and subcontractors to
 laborers and mechanics.

Any person, organization, or
 governmental agency having an interest
 in the rates determined as prevailing is
 encouraged to submit wage rate and
 fringe benefit information for
 consideration by the Department.
