Appalachian Power Company (70-5503)

Appalachian Power Company ("Appalachian"), 40 Franklin Road, S.W., Roanoke, Virginia 24011, an electric utility subsidiary of American Electric Power Company, Inc., a registered holding company, has filed a post-effective amendment to its application-declaration under sections 9(a), 10 and 12(d) of the Act and rules 44 and 54 under the Act.

By order dated December 10, 1974 (HCAR No. 18703), the Commission

authorized Appalachian, among other things, to enter into an agreement of sale ("Agreement") with the Industrial Development Authority of Russell County, Virginia ("Authority") concerning the financing of pollution control facilities ("Facilities") at Appalachian's Glen Lyn and Clinch River plants. Under the Agreement, the Authority may issue and sell its pollution control revenue bonds ("Revenue Bonds") or pollution control refunding bonds ("Refunding Bonds" and, together with Revenue Bonds, "Bonds"), in one or more series, and deposit the proceeds with the trustee ("Trustee") under an indenture ("Indenture") entered into between the Authority and the Trustee. The Trustee applies the proceeds to the payment of the costs of construction of the Facilities or, in the case of proceeds from the sale of Refunding Bonds, to the payment of principal, premium (if any) and/or interest on Bonds to be refunded.

The same order also authorized Appalachian to convey an undivided interest in a portion of the Facilities to the Authority, and to reacquire that interest under an installment sales arrangement ("Sales Agreement") requiring Appalachian to pay as the purchase price semi-annual installments in an amount that, together with other funds held by the Trustee under the Indenture for that purpose, will enable the Authority to pay, when due, the interest and principal on the Bonds. To date, the Authority has issued and sold seven series of Bonds in an aggregate principal amount of \$101.74 million of which \$37.0 million presently are outstanding.

The Authority now intends to issue and sell its Series H Refunding Bonds in the aggregate principal amount of \$19.5 million, the proceeds of which will be used to provide for the principal and interest payments required for the refunding, at their stated maturity on November 1, 1998, of the Authority's 71/4% Series F Refunding Bonds. Appalachian expects that the Series H Refunding Bonds will be issued under and secured by the Indenture and a seventh supplemental indenture, will bear interest semi-annually at a rate of interest not exceeding 8% per year and will mature at a date not more than thirty years from the date of issuance. Appalachian proposes to enter into an amended Sales Agreement in connection with the Series H Refunding Bonds under essentially the same terms and conditions of the original Sales Agreement. Appalachian may provide some form of credit enhancement in connection with the issuance and sale of
