

Kentucky West states that the purpose of this filing is to comply with the Commission's Order No. 587-G issued on April 16, 1998 in Docket No. RM96-1-007 adopting new, revised and interpretation of the standards promulgated by the Gas Industry Standards Board (GISB). These standards require interstate natural gas pipelines to follow certain new and revised business practice procedures. The Commission directed pipelines to make a filing to change all references to GISB standards in their tariffs to Version 1.2 by August 1, 1998. This version number applies to all standards contained in GISB's Version 1.2 Standards Manuals, including standards that have not changed from the previous versions. In compliance, Kentucky West filed to adopt Version 1.2 in Section 38 of its General Terms and Conditions.

All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Take notice that on June 26, 1998, Midwestern Gas Transmission Company (Midwestern), P.O. Box 2511, Houston, Texas 77252-2511, filed in Docket No. CP98-639-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212) for authorization to operate an existing delivery point facility that was initially constructed under Section 311(a) of the Natural Gas Policy Act of 1978 (NGPA), under Midwestern's blanket certificate issued in Docket No. CP82-414-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

The proposal states that Midwestern has recently constructed a delivery point (Purdue Farm Delivery Point) under Section 311(a) of the NGPA for use in the transportation of natural gas under Subpart B of Part 284 of the Commission's regulations. Midwestern states that the proposed activity is not prohibited by its existing tariff and that it has sufficient capacity to accomplish the changes without detriment or disadvantage to other customers. There will not be an effect on Midwestern's peak day and annual deliveries and the total volumes deliveries will not exceed total volumes authorized prior to this request.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedures Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the

Commission's final order to a Federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.
